**My Favorite Things** Aarthi V Karanam, "My favorite things in life don't cost any money. It's really clear that the most precious resource we all have is time." -Steve Jobs It is often said that the best things in life are free, I, for one, fully agree with the statement. To me, best does not imply the most beautiful or glamorous, or the most indulgent or heavenly, but it is those things which I held to be the most valuable and precious in my life. Most people would choose to write about their role model (usually their mother), or the sunset, or even the rain. Some would write about food, others about clothes.

*My Favorite Things* Richard Rodgers, Oscar Hammerstein II, 2001-05-22 Raindrops on roses and whiskers on kittens, Bright copper kettles and warm woolen mittens... My Favorite Things, Rodgers and Hammerstein's beloved song from *The Sound of Music*, has captured the hearts of children young and old for generations. Its magical images -- cream-colored ponies and girls in white dresses -- paired with its lilting rhyme, never fail to delight. Now acclaimed illustrator Renee Graef gives this classic song new meaning with heartwarming full-color illustrations Of a loving family and their life throughout the course of a year. Complete with the score of the song, *My Favorite Things* is both a wonderful book for families to share and a gorgeous keepsake to cherish.

**John Coltrane** Lewis Porter, 1999 John Coltrane was a key figure in jazz, a pioneer in world music, and an intensely emotional force. This biography presents interviews with Coltrane, photos, genealogical documents, and musical analysis that offers a fresh view of Coltrane's genius. It explores the events of Coltrane's life and offers an insightful look into his musical practices.

**That'S How It Seems** Molly Stringer, 2016-05-31 This book is filled with stories about ordinary everyday life. One story is Does Butter Grow on Trees? It just seemed to me that most of our younger generation might just think that. I ended the story with being thankful that we are blessed with butter in the store without us having to do anything but pay for it, so maybe it does grow on trees! You just need to read that story, it will take you back to churns, cream, and milking cows. Some of the stories are funny. Some are sad; they brought tears to my eyes as I wrote them. A sad story shares the pain and sorrow that my good friend endured as she lost her young daughter to cancer. It moves from just surviving to being comforted; this is a must read. I get most of my funny stories from life with my sweet Bill. Just this week, I remember him getting up early. I asked why, and he said he couldn't sleep. He continued to be quiet and seemed sad. I asked why, and he replied that the

hairdresser cut his hair too short. And if that wasn't bad enough, he did not know how we were going to get our riding lawn mower loaded to take it to the shop all really big stuff. Well, did I ever have some words of wisdom for him. That will one day be a story. His hair will grow, and we did get the mower loaded! And there are people right around us that really have problems! This book will not be boring. It moves from sad to glad; it moves from heartbreak to hope. I will take you on trips of understanding and bring you back smarter than when you left. It's a good book full of truth that will reflect God's love right into your very soul!

**Beach in November** Alexis Larsh, 2024-07-22 In a world where the Supernatural exists, you'd think bullies and homophobes would be the least of my problems. But when you lived in the quiet, beachside town of Ryterville, South Carolina, anything was possible. Everything there was routine, picturesque, and simple. Made to fit the mold seventy years ago and never changed. So, naturally, when a new family who didn't fit the mold moved in, it didn't take long for everyone to know. I met Sebastian Hwang after getting embarrassingly beaten up by my bully, Rachel. He asked if I was okay and ended up being in two of my classes. He sat with me at lunch the first day he arrived, and things went on from there. If only I knew how involved our lives would get. How entangled and destined our fates were. I played classical piano, and he was a ballet dancer. My high school put on an annual talent competition where you combine two or more of the performing arts, and I asked him to perform with me. Tchaikovsky's Swan Lake. In the dizzying whirlwind of romance, secrets, a talent competition, and the Supernatural; there was no way to predict what would happen next. Let's just hope it wasn't death. (It was almost death). .

**Aging Well** May L. Wykle, Wykle, Sarah H. Gueldner, 2010-09-17 *Aging Well: Gerontological Education for Nurses and Other Health Professionals* brings a fresh outlook to gerontological education and promotes the experience of aging as a positive circumstance, and elders as a treasure of society. Discussion centers on the application of research findings to encourage elders to rise above and beyond disability, to help them retain their identity of personhood, and integrate into society in general and their immediate community in particular. Contributors include individuals from the academic gerontological community and clinicians as well as experts from related fields such as social policy and community planning. This comprehensive text contains vital information necessary to caring for elders, including topics such as disease and disabilities associated with aging, to illuminate underlying philosophical tenants and social issues. Each chapter provides a summary of the key points with suggestions on how to apply them on a daily basis.

*1,000 Recordings to Hear Before You Die* Tom Moon, 2008-08-28 A guide to music provides recommendations on one thousand recordings that represent the best in such genres as classical, jazz, rock, pop, blues, country, folk, musicals, hip-hop, and opera, with listening notes, commentary, and anecdotes about performers.

The Spirit's Knock Clayton Forrester, 2005-12 The Spirit's Knock presents stories from Clayton Forrester's life as he awakens to embrace the call to become a shaman. His journey takes him from Ohio to Texas, Switzerland, and Central Mexico. It is a story of possibilities, of death and rebirth, and of the evolution of consciousness. Through a series of life-changing experiences, including challenges growing up, a major health crisis leading to a near-death encounter, divorce, lucid dreams, out-of-the-body experiences, and visions, Clayton Forrester enters the shamanic world. From these experiences he comes to understand the power of inner silence and the heart to engage the capacities for perception waiting to awaken within himself. His experiences also show him that every single human being who is willing to accept the challenge to evolve might also develop these hidden capacities for perception. In accepting the call to become a shaman, Clayton Forrester develops an intimate relationship with the earth. Through this relationship he learns important lessons about his own journey and about humanity's journey to survive and evolve as a species. Along the way, he discovers a companion that will never leave his side.

*I'm Looking Through You* Jennifer Finney Boylan, 2008-01-15 From the famous gender rights activist and bestselling author of *She's Not There* comes another buoyant, unforgettable memoir—about growing up in a haunted house...and making peace with the ghosts that dwell in our hearts. For Jennifer Boylan, creaking stairs, fleeting images in the mirror, and the remote whisper of human voices were everyday events in the Pennsylvania house in which she grew up in the 1970s. But these weren't the only specters beneath the roof of the mansion known as the "Coffin House." Jenny herself—born James—lived in a haunted body, and both her mysterious, diffident father and her wild, unpredictable sister would soon become ghosts to Jenny as well. *I'm Looking Through You* is an engagingly candid investigation of what it means to be "haunted." Looking back on the spirits who invaded her family home, Boylan launches a full investigation with the help of a group of earnest, if questionable, ghostbusters. Boylan also examines the ways we find connections between the people we once were and the people we become. With wit and eloquence, Boylan shows us how love, forgiveness, and humor help us find peace—with our ghosts, with our loved ones, and with the uncanny boundaries, real and imagined, between men and women.

**Stories and Lessons from the World's Leading Opera, Orchestra Librarians, and Music Archivists, Volume 1**

*Machine Models of Music* Stephan M. Schwanauer, David A. Levitt, 1993 Machine Models of Music brings together representative models and current research to illustrate the rich impact that artificial intelligence has had on the understanding and composition of traditional music and to demonstrate the ways in which music can push the boundaries of

traditional AI research. Machine Models of Music brings together representative models ranging from Mozart's Musical Dice Game to a classic article by Marvin Minsky and current research to illustrate the rich impact that artificial intelligence has had on the understanding and composition of traditional music and to demonstrate the ways in which music can push the boundaries of traditional AI research. Major sections of the book take up pioneering research in generate-and-test composition (Lejaren Hiller, Barry Brooks, Jr., Stanley Gill); composition parsing (Allen Forte, Herbert Simon, Terry Winograd); heuristic composition (John Rothgeb, James Moorer, Steven Smoliar); generative grammars (Otto Laske, Gary Rader, Johan Sundberg, Fred Lerdahl); alternative theories (Marvin Minsky, James Meehan); composition tools (Charles Ames, Kemal Ebcioglu, David Cope, C. Fry); and new directions (David Levitt, Christopher Longuet-Higgins, Jamshed Bharucha, Stephan Schwanauer). Stephan Schwanauer is President of Mediasoft Corporation. David Levitt is the founder of HIP Software and head of audio products at VPL Research.

**Resurrection City** Peter Heltzel, 2012-11-23 In Resurrection City Peter Heltzel paints a prophetic picture of an evangelical Christianity that eschews a majority mentality and instead fights against racism, inequality, and injustice, embracing the concerns of the poor and marginalized, just as Jesus did. Placing society's needs front and center, Heltzel calls for radical change and collective activism modeled on God's love and justice. In particular, Heltzel explores the social forms that love and justice can take as religious communities join together to build beloved cities. He proclaims the importance of improvising for justice -- likening the church's prophetic ministry to jazz music -- and develops a biblical theology of shalom justice. His vision draws inspiration from the black freedom struggle and the lives of Sojourner Truth, Howard Thurman, and Martin Luther King Jr. Pulsing with hope and beauty, Resurrection City compels evangelical Christians to begin a global movement for love and justice that truly embodies the kingdom of God.

**Jazz Journeys to Japan** William Minor, 2004 One author's personal odyssey through the jazz scene in Japan

**Listen to Jazz!** Melissa Ursula Dawn Goldsmith, 2025-06-12 Listen to Jazz!: Exploring a Musical Genre explores jazz as both an American musical genre and a global creative exchange, with a focus on 50 must-hear musicians, composers, bands,

groups, albums, and songs. Rather than focusing on jazz as a solely American genre with a limited set of established jazz greats, *Listen to Jazz!* explores the diversity of jazz's sounds, compositions, recordings, and styles. A background chapter concisely surveys the genre's sounds, concepts, performance practices, and interactions with the sound recording industry and technological advances in recording. The A-to-Z Must-Hear Music entries include recent jazz musicians from around the world, jazz musicians and recordings that have been marginalized or overlooked, as well as musicians, songs, and albums that have been recognized already for contributing to the defining aspects of specific jazz styles. Chapters on the impact of jazz on popular culture and its legacy, as well as a bibliography, enhance the historical and analytical content found in many jazz resources. This book stands out for its inclusive and comparative listening-centered approach, often pairing or grouping musicians and recordings in its entries. Music concepts such as improvisation, syncopation, tone color, musical structure, harmonic and rhythmic patterns, and music production techniques are introduced and explained thoroughly, making the book accessible to high school and undergraduate students without any previous musical background while still being of interest to jazz aficionados and scholars.

**Listen** Michel Faber, 2023-11-28 I'm not here to change your mind about Dusty Springfield or Shostakovich or Tupac Shakur or synthpop. I'm here to change your mind about your mind. There are countless books on music with much analysis given to musicians, bands, eras and/or genres. But rarely does a book delve into what's going on inside us when we listen. Michel Faber explores two big questions: how do we listen to music and why do we listen to music? To answer these questions, he considers a range of factors, which includes age, illness, the notion of cool, commerce, the dichotomy between good and bad taste and much more. From the award-winning author of *The Crimson Petal and the White* and *Under the Skin*, this idiosyncratic and philosophical book reflects Michel Faber's lifelong obsession with music of all kinds. *Listen* will change your relationship with the heard world.
