**Nikah Halala** Ziya Us Salam, 2020-07-18 Muslim society in India remains in a state of denial when it comes to nikah halala. The Quran allows divorce twice. After that the spouses either live together happily or divorce gracefully. Nowhere does it allow marriage with a pre-arranged date of divorce to a new man only to go back to the former husband. Nikah Halala: Sleeping with a Stranger is a probing exercise that exposes the cycle of instant triple talaq followed by a fake marriage, which too ends with another instant triple talaq that allows the woman to marry the former husband. While the holy book does not mention instant triple talaq, this tradition is unique to the Indian subcontinent that claims to bring squabbling couples together but ends up making a mockery of the faith and punishes women for the crimes of men. The first ever book to talk of the subject, Nikah Halala presents the sordid reality of mock marriages against the background of Quranic injunction on the subject and exposes the departure in practice from the teachings of the holy book that gives

divorced women complete freedom to follow their path.

**Faithful Education** Ali Riaz, 2008-09-03 In the wake of the terrorist attacks on September 11, 2001, discussions on ties between Islamic religious education institutions, namely madrassahs, and transnational terrorist groups have featured prominently in the Western media. In the frenzied coverage of events, however, vital questions have been overlooked: What do we know about the madrassahs? Should Western policymakers be alarmed by the recent increase in the number of these institutions in Muslim countries? Is there any connection between them and the global jihad? Ali Riaz responds to these questions through an in-depth examination of the madrassahs in Pakistan, Bangladesh, and India. In Faithful Education, he examines these institutions and their roles in relation to current international politics.

**Science of Propagation**, 2010 The new book, SCIENCE OF PROPAGATION (DAWA'H), is about Dawa'h methodology: Science of Propagation (العلم في الدعاة) is a new dimension of thought process which has not been mentioned in the Islamic literature. However, Allah (SWT) has introduced the matter of Dawa'h in a scientific way in the verse 125 of Nahal where the philosophical terms Wisdom, Sermonizing and Argument are connected in a logical fashion. Therefore, in the present book the wisdom triangle, wisdom process triangle, Dawa'h methodology, structure and decision making process of a Dawa'h organization, perspectives of sermon, science of argument, and few topics of argument that usually a Daa'ee faces during Islamic Dawa'h works are explained. To explain the subject matters, 20 (twenty) figures and 5 (five) tables have been introduced.
