The Quote Verifier Ralph Keyes, 2007-04-01 Our language is full of hundreds of quotations that are often cited but seldom confirmed. Ralph Keyes's *The Quote Verifier* considers not only classic misquotes such as Nice guys finish last, and Play it again, Sam, but more surprising ones such as Ain't I a woman? and Golf is a good walk spoiled, as well as the origins of popular sayings such as The opera ain't over till the fat lady sings, No one washes a rented car, and Make my day. Keyes's in-depth research routinely confounds widespread assumptions about who said what, where, and when. Organized in easy-to-access dictionary form, *The Quote Verifier* also contains special sections highlighting commonly misquoted people and genres, such as Yogi Berra and Oscar Wilde, famous last words, and misremembered movie lines. An invaluable resource for not just those with a professional need to quote accurately, but anyone at all who is interested in the roots of words and phrases, *The Quote Verifier* is not only a fascinating piece of literary sleuthing, but also a great read.

**Nasty, Brutish, and Short** Scott Hershovitz, 2022-05-03 An NPR Best Book of 2022 \* One of Christian Science Monitor's 10 best books of May "This amazing new book . . . takes us on a journey through classic and contemporary philosophy powered by questions like 'What do we have the right to do? When is it okay to do this or that?' They explore punishment and authority and sex and gender and race and the nature of truth and knowledge and the existence of God and the meaning of life and Scott just does an incredible job." —Ryan Holiday, *The Daily Stoic* Some of the best philosophers in the world gather in surprising places—preschools and playgrounds. They debate questions about metaphysics and morality, even though they've never heard those words and can't tie their shoes. They're kids. And as University of Michigan professor of philosophy and law Scott Hershovitz shows, they can help grown-ups solve some of life's greatest mysteries. Hershovitz has two young sons, Rex and Hank. From the time they could talk, he noticed that they raised philosophical questions and tried to answer them. They re-created ancient arguments and advanced entirely new ones. That's not unusual, Hershovitz says. Every kid is a philosopher. Powered by questions like: Does Hank have the right to drink soda? Is it ever okay to swear? and, Does the number six exist? the Hershovitzes take us on a fun romp through classic and contemporary philosophy. If we join kids on philosophical adventures, Hershovitz argues, we can become sharper thinkers and recapture their wonder at the world.

*Where Justice and Mercy Meet* Vicki Schieber, Trudy D. Conway, David Matzko McCarthy, 2013-02-01 *Where Justice and Mercy Meet: Catholic Opposition to the Death Penalty* comprehensively explores the Catholic stance against capital punishment in new and important ways. The broad perspective of this book has been shaped in conversation with the Catholic Mobilizing Network to End the Use of the Death Penalty, as well as through the witness of family members of murder victims and the spiritual advisors of condemned inmates. The book offers the reader new insight into the debates about capital punishment; provides revealing, and sometimes surprising, information about methods of execution; and explores national and international trends and movements related to the death penalty. It also addresses how the death penalty has been intertwined with racism, the high percentage of the mentally disabled on death row, and how the death penalty disproportionately affects the poor. The foundation for the church's position on the death penalty is illuminated by discussion of the life and death of Jesus, Scripture, the Mass, the Catechism of the Catholic Church, and the teachings of Pope John Paul II. Written for concerned Catholics and other interested readers, the book contains contemporary stories and examples, as well as discussion questions to engage groups in exploring complex issues.

Faith: Its Value and Power Within the Unseen Dimension Nino Boezio, 2023-11-20 "Without faith it is impossible to please God, for he who comes to God must believe that He is, and He is a rewarder of those who diligently seek Him." These powerful words from Hebrews 11:6 set the stage for a meaningful, inspiring, and life-changing exploration of faith and the faith-filled life. Grounded in scripture, Faith: Its Value and Power within the Unseen Dimension delves deep into the Bible to uncover the role of faith in the life, and ultimate salvation, of humanity. With a background of involvement in the Worldwide Church of God, author Nino Boezio takes readers on a journey of discovery, where they investigate the role of faith in overcoming difficulties, prayer, God's promises, healing and miracles, human potential, and the relationship God desires to have with His creation. As a parent loves and trains a child, so too does God provide us with opportunities to build our faith and draw closer to Him. Readers will be challenged to reflect on their own belief in God the Father and His Son, Jesus Christ, to satisfy the purpose for which humans were created, to receive help and encouragement in times of adversity, and to fulfill our ultimate destiny of becoming part of the God family. An honest and well-researched offering, Faith: Its Value and Power within the Unseen Dimension will appeal to readers from all—or no—faith traditions. A powerful resource for group and individual study, this encounter with biblical faith promises to be life-changing.

*'And I quote...'* Elizabeth Knowles, 2018-09-19 Quotations are an essential part of the fabric of the language. In *And I quote*, Elizabeth Knowles draws on her experience editing the Oxford Dictionary of Quotations and employs a wide repertoire of examples, ranging from the classical canon to contemporary popular culture, to illuminate just how and why we quote. Her investigation focuses on how we find, choose, and use quotations in 21st century English, but it also leads her back in time to follow the journeys taken by individual quotes, as their meaning changes subtly - and sometimes not so subtly - over the decades and in many cases the centuries. In following the often-surprising stories of individual quotations, we gain an understanding of how they establish themselves, and to what degree they can develop a life independent of their original coinage. Everyone has their own quotations 'vocabulary', and each reader of the book will think of further items that they would use and wish to explore, but the journeys mapped here illuminate the many fascinating ways in which quotations have embedded themselves in the language, from the earliest dictionaries of quotations to the online world we experience today.

Merchant of Words Terry Fred Horowitz, 2014-02-21 During World War II, Robert St. John of NBC, broadcast from London opposite CBS's Edward R. Murrow. Afterward, St. John would become a noted writer and commentator on world affairs, as well as a prominent and vocal supporter of the state of Israel. In *Merchant of Words: The Life of Robert St. John*, Terry Fred Horowitz not only documents St. John's accomplishments and adventures but takes readers behind the scenes with St. John, who, for over three quarters of a century, served as a firsthand witness to history as it was being made in Europe, Africa, and the Middle East. From his auspicious beginnings when lying about his age in order to join the U.S. Navy during World War I to his final days as a well-established author and "righteous gentile," St. John was both a participant and critical observer of American and world history. He became the youngest newspaper editor-publisher in the United States, breaking a story on prostitution in Cicero, Illinois, that resulted in his beating by Al Capone's mob. When World War II began he became a war correspondent for the Associated Press, later escaping from the Nazis when they invaded Yugoslavia, he was wounded by a Messerschmitt's strafing. He subsequently wrote *From the Land of Silent People*, the first full account of the fall of Yugoslavia and Greece during the war. Shortly afterward, he was hired by NBC as a radio broadcaster, covering the Blitz in London and D-Day and becoming the first commentator to announce the end of the war in Japan. During the McCarthy era, he was "pinklisted" and his passport was confiscated for a year, stranding him in Switzerland. During its War of Independence he started his lifelong love affair with Israel, becoming the only foreign correspondent to cover, in person, all of its wars, including the Israel-Lebanon War of 1982, during which he was known as the "dean of correspondents." In addition to working as a regular contributor for the World Book Encyclopedia, St. John eventually wrote twenty-three books, many of them about Israel and the Middle East. These included well-received biographies of David Ben-Gurion (Builder of Israel), Eliezer Ben-Yehudah (Tongue of the Prophets), Abba Eban (Eban), and Gamal Abdul Nasser (The Boss: The Story of Gamel Abdal Nasser). *Merchant of Words* is a must-read for anyone interested in the history of journalism and the adventures of recognized war correspondent. For historians and history buffs it offers unique details from a journalist's perspective on World War II, the Cold War, the Red Scare, Vietnam and the history of Israel and the Middle East.
