The Woman in White (illustrated) + The Moonstone + The Haunted Hotel: A Mystery of Modern Venice Wilkie Collins,2013-09-20 This carefully crafted ebook: “The Woman in White (illustrated) + The Moonstone + The Haunted Hotel: A Mystery of Modern Venice” contains 3 books in one volume and is formatted for your eReader with a functional and detailed table of contents. The Woman in White is an epistolary novel written by Wilkie Collins in 1859, serialized in 1859–1860, and first published in book form in 1860. It is considered to be among the first mystery novels and is widely regarded as one of the first in the genre of 'sensation novels'. The story is sometimes considered an early example of detective fiction with the hero, Walter Hartright, employing many of the sleuthing techniques of later private detectives. The Moonstone (1868) by Wilkie Collins is an epistolary novel, generally considered the first detective novel in the English language. The Moonstone is about the disappearance of a precious diamond called the Moonstone, and the novel is a collection of eyewitness accounts by different characters who know something about its disappearance. The idea was for the novel itself to be like a collection of evidence so that the readers could be put in the position of the detective. The Haunted Hotel: A Mystery of Modern Venice is a Wilkie Collins's ghost story was set in 1860 and published in book form with 'My Lady's Money'. The Haunted Hotel: a tale of a haunting - or the tale of a crime? The ghost of Lord Montberry seems to be haunting the Palace Hotel in Venice. Montberry's beautiful-yet-terrifying wife, the Countess Narona, and her erstwhile brother are the center of the terror that fills the Palace Hotel. Are their malefactions at the root of the haunting - or is there something darker, something much more unknowable at work? William Wilkie Collins (1824 - 1889) was an English novelist, playwright, and author of short stories. His best-known works are The Woman in White, The Moonstone, Armadale, and No Name. Collins developed a new way of writing suspenseful novels: instead of having a central narrator who tells the story, Collins composed his novels as a series of first-person narratives, so the point of view in the novels is always changing.

God's Hotel Victoria Sweet, 2012-04-26 Victoria Sweet's new book, *SLOW MEDICINE*, is on sale now! For readers of Paul Kalanithi's *When Breath Becomes Air*, a medical "page-turner" that traces one doctor's "remarkable journey to the essence of medicine" (The San Francisco Chronicle). San Francisco's Laguna Honda Hospital is the last almshouse in the country, a descendant of the Hôtel-Dieu (God's hotel) that cared for the sick in the Middle Ages. Ballet dancers and rock musicians, professors and thieves—"anyone who had fallen, or, often, leapt, onto hard times" and needed extended medical care—ended up here. So did Victoria Sweet, who came for two months and stayed for twenty years. Laguna Honda, relatively low-tech but human-paced, gave Sweet the opportunity to practice a kind of attentive medicine that has almost vanished. Gradually, the place transformed the way she understood her work. Alongside the modern view of the body as a machine to be fixed, her extraordinary patients evoked an older idea, of the body as a garden to be tended. *God's Hotel* tells their story and the story of the hospital itself, which, as efficiency experts, politicians, and architects descended, determined to turn it into a modern "health care facility," revealed its own surprising truths about the essence, cost, and value of caring for the body and the soul.

Lift As You Rise Bonang Mohale, 2018-10-29 Bonang Mohale is a highly respected South African businessman, who is known as much for his patriotism and his active role in seeking to advance his country's interests as for the leading role he has played in companies like Otis Elevators, Shell South Africa and South African Airways, among others. Developed over 30 years of business experience, his insights have motivated change in organisations and individuals alike. As CEO of Business Leadership South Africa, he frequently shares his insights through speeches and articles on the role of business in South Africa and the core tenets of leadership. *Lift As You Rise* is a compilation of some of his spoken and written words in which Mohale reveals the issues he is passionate about, among them transformation, people development, constructive collaboration and integrity, and how they came to define his career and his life. He looks into the ideas behind his words and offers fresh thoughts on the subjects they cover. This well-balanced compilation is enhanced by contributions from others he has mentored or met on his journey which underscore who Mohale the man is, a fearless and energetic leader whose compassion, humanity and eternal optimism promote hope and encourage action. There is value in this book for leaders in all walks of life, but it is Mohale's hope that young people specifically, those rising through the ranks, will find his insights and experience inspiring, for they are the country's future leaders.

American Hotel David Freeland, 2021-05-14 Completed in 1931, New York's Waldorf-Astoria towers over Park Avenue as an international landmark and a masterpiece of Art Deco architecture. A symbol of elegance and luxury, the hotel has hosted countless movie stars, business tycoons, and world leaders over the past ninety years. *American Hotel* takes us behind the glittering image to reveal the full extent of the Waldorf's contribution toward shaping twentieth-century life and culture. Historian David Freeland examines the Waldorf from the opening of its first location in 1893 through its rise to a place of

influence on the local, national, and international stage. Along the way, he explores how the hotel's mission to provide hospitality to a diverse range of guests was put to the test by events such as Prohibition, the anticommunist Red Scare, and civil rights struggles. Alongside famous guests like Frank Sinatra, Martin Luther King, Richard Nixon, and Eleanor Roosevelt, readers will meet the lesser-known men and women who made the Waldorf a leader in the hotel industry and a key setting for international events. American Hotel chronicles how institutions such as the Waldorf-Astoria played an essential role in New York's growth as a world capital.

Criminality Exposed Colombo Hilton Hotel Construction Perversely `Covered-Up' Nihal Sri Ameresekere, 2011-11-18 In this voluminous Book in a series by the Author on corruption, fraud and economic crime, with indepth analysis, transcending forensic accounting, he brilliantly reveals, with incisive diametrics, irrefutable evidence of criminality, in the construction of Colombo Hilton Hotel by Mitsui & Taisei, Japan, with Architects, Kanko Kikaku Sekkeisha Yozo Shibata & Associates successful civil prosecution by Author led to Japanese writing-off US \$ 207 Mn. He establishes beyond reasonable doubt, that original Architectural Plans had been suppressed / destroyed by a staged fire, with amended Architectural Plans surreptitiously substituted being cannibalized Sheets, with incongruous elevations, whereby such Plans could not be

approved. Meticulously probing into elevations on Floor Sheets and Cross-Sectional Sheets, which crucial aspect had been overlooked by professional architectural investigations, he proves the shortfall of floors, with the elevations on tampered Sheets bearing tell tale evidence of being identical, with elevations in the cross-sections of the Project Plan, upon which Hilton International formulated Profitability Forecasts, to obtain State Guarantees from Sri Lanka Government, to finance this construction, which was a major fraud perpetrated on the people, rendering such guarantees null and void. Shockingly revealed are perverse endeavours, including by Auditors, KPMG Ford, Rhodes, Thornton & Co., to cover-up this massive fraud, involving upper echelons, with socio-political / international ramifications. Appallingly, criminal investigations were significantly abandoned, on advice of Attorney General. Securities Exchange Commission colluded to cover-up, whilst Chartered Accountants Institute endeavoured to whitewash miscreants. This is a revealingly absorbing Book of real experiences of the Author, in exposing and combating, a despicable fraud on the people, which to him was a crime against humanity, and would be invaluable to investigators and prosecutors of commercial frauds and crimes, and civil society urging equal enforcement of the rule of law.

Political Scandal John B. Thompson,2013-04-25 Political scandals have become a pervasive feature of many societies today. From Profumo to the cash-for-questions scandal, from Watergate to the Clinton-Lewinsky affair, scandals have come to play a central role in politics and in the shaping of public debate. What are the characteristics of political scandals and why have they come to assume such prominence today? What are the social and political consequences of the preoccupation with political scandal in the public domain? In this major new book Thompson develops a systematic and wide-ranging analysis of the phenomenon of political scandal. He shows that the rise of political scandal is linked to the changes brought about by the development of communication media, which have transformed the nature of visibility and altered the relations between public and private life. He analyses the characteristics of scandals as mediated events and he explains why mediated scandals in the political field have become increasingly prevalent in recent years. Distinguishing between three basic types of political scandal, Thompson reconstructs the development of sex scandals, financial scandals and what he calls 'power scandals' in Britain and the United States, showing how scandals unfold and how they form part of distinctive political cultures of scandal. In the final chapter, Thompson develops an original theoretical account of political scandal and its

consequences which highlights the connections between scandal, reputation and trust. This book is a path-breaking analysis of a troubling phenomenon which has become a central feature of public life in our societies today. It will be of great interest to students of sociology, politics, and media and cultural studies. It will also appeal to a wider readership interested in social and political issues.

Les mots clés de l'entreprise et ses activités - Anglais Annie Delhome,

Socio-Political Realities Hilton Hotel Fiasco & Ad Hominem Legislation Expropriation Law Nihal Sri Ameresekere, 2012-07-03 'Socio-political realities' at the highest levels in society are lucidly revealed by the Author documenting real life experiences, in interacting with Presidents, Prime Ministers and Ministers, demonstrating their subservience to international pressures by influential powerful countries, and their shameless shielding of fraudulent/corrupt Ministers/Officers. Author discloses non-enforcement of the rule of law, even by Attorney Generals, against those affluent and powerful, even though the rule of law is the cornerstone of democracy. There is shocking revelation, of how Japanese Government, through Diplomats, pressurized to settle and cover-up a colossal fraud, blatantly perpetrated on a country and impoverished people, to prevent criminal prosecution thereof; even inducively offering to negotiate with a terrorist organization, to resolve the issue of armed terrorism, ironically created by social injustice, including economic terrorism. Constitutional Minister, President's Counsel, charged for fraud utters blatant falsehoods. Justice Minister and Foreign Minister, President's Counsel, both scholarly alumni of Oxford University, camouflages to whitewash fraud, taking duplicitous stances. This Book is in two Sections, one dealing with 'Political and Diplomatic Hypocrisy', and the other on an 'Ad Hominem Legislation - Expropriation Law', enacted in violation of UN Universal Declaration of Human Rights, and ultra-vires the Constitution. How the country's highest judiciary deals with challenges to the perverse legislative process is revealing, with shocking disclosure of the Chief Justice's husband being given plum political office, with a scandalous controversy exploding in the public domain; just as the Author applies for a review of the pre-enactment Determination by Chief Justice for such Statute, as having been made per-incuriam and ultra-vires the Constitution, adducing additional grounds of perceived bias, upon which Their Lords of Appeal exercising inherent jurisdiction, in similar circumstances, rescinded a previous Judgment of the House of Lords in extradition proceedings re - Chilean President Pinochet.

Responsible Management Kemi Ogunyemi, 2013-01-15 Does a manager in today's world need to know anything about freedom? Or about intrinsic goods? Or even about educating emotions? "Absolutely," says author Kemi Ogunyemi. Kemi wrote this book to serve as a valuable tool to complement courses on ethics, responsibility, leadership, human behavior in organizations, customer service, and sustainability—most of which tend to ignore their human nature dimensions. Inside, you'll be provided an indepth understanding of human nature and its uniqueness and complexity, which can greatly enhance your managerial skills for achieving business success in today's world. You will be empowered to better manage yourself,

others, and the environment. This book also provides a foundation for developing ethical sensitivity and corporate social responsibility. There is a clear and present danger that managers may tend to focus primarily on financial success in different key dimensions—operational quality, financial strategy, workforce motivation, cost-cutting strategies, etc.—and perhaps discover too late the neglect of an even more vital dimension of all human endeavor. Future leaders and shapers of sustainable organizations and societies cannot afford to have such a knowledge gap.

Uphill Against Water Peter Carrels, 1999-01-01 In *Uphill against Water*, Peter Carrels examines the history of Missouri River water development projects in general and describes the struggle over one of the largest of those projects, South Dakota's Oahe irrigation project, in detail. Opposition to the Oahe project was intense and well organized. After four years of bitter competition, an energetic and resourceful grassroots group, United Family Farmers, wrested control of the Oahe conservancy district board, a government agency that had been an ardent supporter of the irrigation project. That political triumph led to the only victory in the West by a grassroots group over the Bureau of Reclamation and the irrigation and business establishment.
