*Discovered Noah's Ark , Hardcover* Ron Wyatt<sup>1</sup>, Mary Nell Wyatt Lee, 2014-06-11 Archaeological discovery of Noah's Ark by Ron Wyatt in Northern Turkey.

The Ark Discoveries Richard Carl Bright, 2021-12-06 The Bible and Hebrew texts tell us: The Bible tells us in Genesis 8:4 that the ark rested “upon the mountains of Ararat.” Hebrew text tells us the ark came to rest on the mountains of “rrt.” There are no vowels in original Hebrew text, so “rrt” translated to Urartu and later to Ararat. Research tells us the area extended from southeastern Turkey across the present border into Iran and north to include most of present day Armenia to the southwest corner of Georgia then southwest to about the present city of Malatya and back southeast and south of Lake Van and southeast Turkey. It covered much of the eastern 1/3 of the present day Turkey. Mount Ararat is within that general area. Additional research that includes the time when Genesis is understood to have been written by Moses (1400-1450 BC) indicates that the Urartu Kingdom may have included the area into what is now Northern Iraq and to Historic Assyria. Additional research using Wikipedia tell us Assyrian sources from early 1300 BC have the Urartu Kingdom in the vast mountainous regions southwest of the Black Sea and Southwest of the Caspian Sea. Mount Ararat is within that general area. If the “mountains of Ararat,” or Urartu has included such a large area or areas over the centuries, then since there has been no verifiable discovery that has been proven to be a large structure of a great age, It can be understood why some researchers are of the opinion that Mount Ararat may not have been in the area of Urartu at the time of the writing of the book of Genesis, or the ark did not land on Mount Ararat, but on another mountain within the vast area. Some other mountains suggested by those who have varied opinions are mentioned in chapter 17. There is also the belief by some that

Mount Ararat is a post-flood mountain. This rationale is pursued despite the many reports (more than 40) of an ark sighting on Mount Ararat. A question here given regarding the landing place of the ark may be: Was Mount Ararat in the Urartu Kingdom at the time Genesis was written? (You have read this book; you know my position on the position of Mount Ararat when the ark landed and when Genesis was written). It certainly was in the Urartu Kingdom in the 9th century BC which later succeeded to the Armenians in the 6th century BC, but was Mount Ararat included in the "mountains of Ararat" (Gen. 8:4) when the book of Genesis was written? Moses is understood to have written the book of Genesis. Henrietta C. Mears (chapter 9, foot note 13) says the book of Genesis closes about 300 years before Moses was born. Moses could have only received the information to write the book by a direct revelation from God, or by historical records. If historical records were involved, where did the records come from? She writes: "No doubt it was written long before by Abraham, Noah, or Enoch, who knows?" Dr. Henry Morris agrees (also chapter 9, footnote 14) and adds that oral traditions handed down over the centuries may have been involved here too. God shared the records with Moses in whatever manner he chose to do so. The Word of God is truth. As far as Mt. Ararat being a post-flood mountain as some seem to believe, Dr. John Morris, Dr. Tim LaHaye and other scientists tell us the mountain was pre-flood and grew to its greatest height with all the geological activity that took place during the flood (Chapter 9). Turkish geologist Dr. Bayraktutan has located what are believed to be "basement rocks" that give proof that Mount Ararat was pre-flood ("Who We Are" section). A question may be: What area did the Urartu Kingdom occupy long before Moses arrived on the scene? Wherever the area was I am of the belief that Mount Ararat was included in that area that would be known as the "mountains of Ararat" at the time the ark landed on it. I have personally talked with at least 6 people who have seen, or have personal knowledge of the ark on Ararat. They are the Reverend Vince Will who saw it from an aircraft in WWII, Ed Davis who during WWII was taken to see the ark by Kurds from his base in neighboring Iran, two 2 Kurdish shepherds who told me they saw part of a large structure, Dudley Thomas who held a top secret security clearance and saw satellite photographs and classified information in the "Science and technology Highlights" classified journal when in the navy, and Saim Sahin who was taken to the ark and was able to touch it. Their stories are in chapters 5 and 17, as well as in "Who We Are" and the "Sketches and Photo Sections." A complete study of the Urartu Kingdom can be seen here: [https://www.noahsarksearch.com/Urartu\\_Ararat\\_Boundaries.pdf](https://www.noahsarksearch.com/Urartu_Ararat_Boundaries.pdf)

The book and its content will question the foundation of the theory of Evolution and will raise confidence in the Bible as a historically reliable document, which once again has proven its credibility. It's time for the truth to be revealed. *Discovered- Noah's Ark* Ronald E. Wyatt, 2014-06-11 Noah's Ark has been found! Turkish scientists and authorities at the highest level of government met in 1986 and reviewed the extensive research done by American explorers, headed by Ron Wyatt of Madison, Tennessee. They agreed it was an ancient, manmade ship and could be nothing other than Noah's Ark. In 1987 they officially dedicated Noah's Ark as a national treasure and began work on a Visitor's Center overlooking the site. Since 1988, when the center was completed, visitors from all over the world have come to view the amazing discovery. This book gives a brief, concise description of Ron Wyatt's research. It explains the analysis of the specimens which show this site to contain sophisticated manmade metal alloys. It shows the electronic scans which reveal the pattern of a massive ship. And much more evidence which clearly points to the identification of this site as containing the remains of Noah's Ark.

**Evidence of the Crucifixion** Samuel Cravotta, 2018-08-03 Do we as Christians know the probable locations of the Crucifixion? My personal experience leading to Skull Hill known as Golgotha outlines the events which have led me to become involved with efforts to save Golgotha. Many years ago I experienced a dream about the Crucifixion. I saw the bodies of Jesus and the two thieves as they were being carried away from the cross. A band of angels sang a mournful dirge: Oh Jerusalem, Jerusalem, who stonest the Prophets, Jerusalem, who crucified My Son. I saw the carpenter remove the nails, one of which he handed to me. I woke up seeing the blood of Jesus on my hands. I cried like a baby with the realization that He died for me. After having this vision, I had a deep desire to visit Israel. During my first trip to Jerusalem, I made three visits to Golgotha. I was concerned with the condition of this site. It was choked with the sounds, smells, and appearance of the Jerusalem bus station. On the east side there was new construction of a mosque with two minarets. My heart burned with a desire to do something to restore this Christian holy site. Subsequent trips led me to meet with representatives of major branches of Israeli government. One of many of our goals is the repair and or replacement of the Stone Face which was destroyed during a recent storm. I believe that we must concentrate our efforts on worldwide education to reverse the desecration of this holy site. The Golgotha Foundation is continuing our efforts to open the eyes of the world to see the place of our Savior's death. We will be blessed and our faith increased when we look upon the place where Jesus the Christ, Yeshua ha Machiach, was crucified.

**Searching for the Ark of the Covenant** Randall Price, 2005 Filled with exclusive interviews and intriguing photographs, this insider's exploration reveals why the quest for the Ark is one of the greatest archaeological, historical, religious, and political pursuits of all time.

Quest for Discovery Richard Carl Bright, 2001 This incredible book details the dramatic climbs, political intrigue, and sheer danger involved in a quest for the greatest archaeological treasure of all time. Never-before-seen photographs, expedition accounts, and persuasive evidences point to a massive, man made abject hidden on remote Mt. Ararat.

**God's Treasure** Dr. Pocahontas Schuck, 2025-01-07 God's Treasure Ark of the Covenant is loaded with a huge amount of information that is generally unknown to the public. How is it possible? In an age of knowledge explosions, how could a large majority of the public not know that Ron Wyatt, amateur archaeologist, actually discovered the Ark of the Covenant hidden for more than 2,000 years in a cave in Jerusalem directly under the cross site. It appears to me that this amazing archaeological discovery has remained obscure due largely to the fact that it was not supported by the professional archaeologists with Ph.D. behind their name. In order to explain and validate the existence of the Ark of the Covenant I chose to search the Scriptures highlighting the plan of God to create the Ark by telling Moses the exact 'blueprint' for its construction by Bezalel and Aholiab. Scriptures were added that followed the Ark throughout the wilderness wanderings, and the role of the Ark in parting the Jericho to allow the Israelites to pass through on dry ground. The history of the Ark is included until the Glory of the Lord departs as explained in Ezekiel. There is information about the whereabouts of the Ark as the Israelites are in bondage in Babylon. There is information that seems to explain how the Ark came to be safely transported to the cave to be hidden for safekeeping until God chooses to expose this information to the world. Not only did Ron Wyatt, amateur archaeologist, discover the Ark of the Covenant, God also revealed to him a hundred Biblical sites including wheels of the chariots from the drowned Egyptians on the bottom of the Red Sea; the site of Sodom and Gomorrah, Noah's Ark in Turkey and many more. Mr. Wyatt began the discovery of the Ark in January, 1979. He was successful in locating the Ark hidden in a cave in Jerusalem on January 6, 1982 just three years later.

**Blood and Glory** J. Morlock,2019-12-21 This book discusses The Ark of the Covenant closely associated with the Holy Bible; its history, role, and use, its construction. It also discusses excavational history leading up to what could be the answer to the question concerning its current location. It further talks about the astonishing adventures of Ron Wyatt, his discovery of the Ark in 1982, and The Blood of Christ that ended up sprinkled onto the Mercy Seat of the Ark of The Covenant.

**The Great Contest II: Enmity Between the Seed-lines** Zen Garcia,2017-04-06 The second book of The Great Contest Trilogy, in this manuscript I explain in great elaboration how the knowledge that Cain was the first born son of the nachash, the feathered serpent, and devil of Genesis 3 is, in my opinion, the key to deciphering many riddles throughout the Holy Scriptures which are connected to this revelation. I prove that this knowledge was once commonplace, but is now mostly forgotten, lost, and hidden; having been destroyed by the Illuminati so as to hide their direct links to being the dragon's progeny and servants. Those led by the Holy Spirit, recognize it as the main focus of Yahushua's teachings on the parables of the sower, seed, kingdom, net, and especially the tares of the field in Matthew 13. All these parables and much are covered in great depth within the chapters of this book.

Amazing scientific evidence that our biggest mountain ranges are barely 4,000+ years old. Was the Ice Age triggered by HEAT???
