Socialism: The Walking Dead Rafael Polo,2020-10-08 Socialism: the Walking Dead By: Rafael Polo Socialism: the Walking Dead examines the history and failures of an ideology that though it may go by different names, it still carries the same danger and risk to society and the American middle class no matter what it's called.

*American Sayings - Famous Phrases, Slogans and Aphorisms* Henry F. Woods,2013-01-30 America has a rich history of creating unique sayings and phrases, here are collected some of the finest. Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

**The Politics of Race, Gender and Sexuality in The Walking Dead** Elizabeth Erwin,Dawn Keetley,2018-08-22 From the beginning, both Robert Kirkman's comics and AMC's series of The Walking Dead have brought controversy in their presentations of race, gender and sexuality. Critics and fans have contended that the show's identity politics have veered toward the decidedly conservative, offering up traditional understandings of masculinity, femininity, heterosexuality, racial hierarchy and white supremacy. This collection of new essays explores the complicated nature of relationships among the story's survivors. In the end, characters demonstrate often-surprising shifts that consistently comment on identity politics. Whether agreeing or disagreeing with critics, these essays offer a rich view of how gender, race, class and sexuality intersect in complex new ways in the TV series and comics.

**Words on Words** David Crystal, Hilary Crystal, 2000-10-15 From Homer (winged words) to Robert Burns (Beware a tongue that's smoothly hung) to Rudyard Kipling (Words are, of course, the most powerful drug used by mankind), writers from all over the world have put pen to paper on the inexhaustible topic of language. Yet surprisingly, their writings on the subject have never been gathered in a single volume. In *Words on Words*, David and Hilary Crystal have collected nearly 5,000 quotations about language and all its intriguing aspects: speaking, reading, writing, translation, verbosity, usage, slang, and more. As the stock-in-trade of so many professions— orators, media personalities, writers, and countless others—language's appeal as a subject is extraordinarily relevant and wide-ranging. The quotations are grouped thematically under 65 different headings, from *The Nature of Language* through *the Language of Politics* to *Quoting and Misquoting*. This arrangement enables the reader to explore a topic through a variety of lenses, ancient and modern, domestic and foreign, scientific and casual, ironic and playful. Three thorough indexes—to authors, sources, and key words—provide different entry points into the collection. A valuable resource for professional writers and scholars, *Words on Words* is for anyone who loves language and all things linguistic.
