

The House Behind The Cedars Summary

Charles Waddell Chesnutt

The House Behind the Cedars Charles Waddell Chesnutt, 2016-08-10 The House Behind the Cedars is the first novel by American author Charles W. Chesnutt. It was published in 1900 by Houghton, Mifflin and Company. The story occurs in the southern American states of North and South Carolina a few years following the American Civil War. Rena Walden, a young woman of mixed white and black ancestry, leaves home to join her brother, who has migrated to a new city, where he lives as a white man. Following her brother's lead, Rena begins living as a white woman. The secret of her identity leads to conflict when she falls in love with a white aristocrat who learns the truth of her heredity. The ensuing drama emphasizes themes of interracial relations and depicted the intricacies of racial identity in the American south. Chesnutt's autobiography informed the novel's themes. Being of predominantly European ancestry, Chesnutt was light skinned enough to pass as a white man, although he openly identified with his African-American roots. Additionally, his portrayal of interracial romantic relations in The House Behind the Cedars was controversial. Although the novel was critically well received, its controversy contributed to poor financial performance. Plot summary--The novel opens a few years after the Civil War with John Warwick, from Clarence, South Carolina, leaving a hotel in Patesville, North Carolina. He walks around the town in which he used to live, and tries to visit Judge Archibald Straight, but he is not in his office. Warwick's attention is captured by a striking young woman, who he does not recognize as Rena, and follows her to the house behind the cedars. Warwick cautiously approaches the house, worried about being seen, and is invited in by Molly Walden. He says that he has a message for Walden from her son, but she then realizes that Warwick is her son who she has not seen in years. Warwick joyfully reunites with his mother and his sister Rena, and tells them what his life has been like since leaving home. He reveals that he has become a successful lawyer, and that he was married, but his wife died and left him with a baby boy. Warwick asks Rena if she would come live with him and help take care of his son Albert. Molly is reluctant to send off her only daughter and Rena does not want to leave her mother alone, but John ultimately convinces his mother that Rena will have a better life with him. The next morning, Warwick visits Judge Straight, his mentor for whom he used to work as an office-boy under the name John Walden. Straight warns him not to stay in town for too long or else people may start to question his presence. He then contemplates that it would have been better for John to move further away from home than South Carolina even though the laws were with him. Rena says goodbye to her mother and Frank Fowler, one of their workmen who is a close friend of the family and is

deeply in love with Rena..... Upon their arrival to Clarence, John and Rena attend a tournament where men dressed as knights participate in a jousting competition. The Warwicks are seated among the most prominent white guests when Rena drops her handkerchief into the ring and one of the knights catches it and uses it as a token of good luck. The knight, George Tryon, wins the tournament and names Rena his queen of love and beauty. As the winner, Tyron invites Rena to accompany him to the annual tournament ball..... Charles Waddell Chesnutt (June 20, 1858 - November 15, 1932) was an African-American author, essayist, political activist and lawyer, best known for his novels and short stories exploring complex issues of racial and social identity in the post-Civil War South. Many families of free people of color were formed in the colonial and early Federal period; some attained education and property; in addition there were many mixed-race slaves, who as freedmen after the war were part of the complex society of the South.

The House Behind the Cedars Charles W. Chestnutt,2020-11-17 *The House Behind the Cedars* (1900) is African-American writer Charles Chesnutt's debut novel. Inspired by his own experience as a Black man capable of passing for white—which Chesnutt consciously chose not to do—as well as by Walter Scott's *Ivanhoe*, *The House Behind the Cedars* explores themes of identity, race, and class in the post-Civil War South. Controversial for its portrayal of interracial romance, Chesnutt's novel was critically acclaimed in its day, but failed financially. It was adapted into a 1927 silent film by pioneering Black director Oscar Micheaux. After years of living in the city, John Warwick visits his hometown to see his mother and sister. Hearing of his success as a lawyer and father, Rena, his sister, is intrigued with city life and decides to join him when he returns. With a black mother and white father, the two are able to pass for white, which allows them—Rena soon discovers—a certain amount of social mobility in the South. It being only a few years after the Civil War, there is of course some risk to this, but the opportunity is too enticing to pass up. Rena soon meets George, a wealthy white man and business partner of her brother, and the two fall in love. When she is called home to care for her sick mother, and as George begins to grow suspicious, it becomes more and more difficult to keep her secret—and her family—safe. With a beautifully designed cover and professionally typeset manuscript, this edition of Charles Chesnutt's *The House Behind the Cedars* is a classic of African American literature reimagined for modern readers.

Secret Histories David Wyatt, 2010-11-01 *Secret Histories* claims that the history of the nation is hidden—in plain sight—within the pages of twentieth-century American literature. David Wyatt argues that the nation's fiction and nonfiction expose a secret history that cuts beneath the straight histories of our official accounts. And it does so by revealing personal stories of love, work, family, war, and interracial romance as they were lived out across the decades of the twentieth century. Wyatt reads authors both familiar and neglected, examining double consciousness in the post-Civil War era through works by Charles W. Chesnutt, W. E. B. Du Bois, and Booker T. Washington. He reveals aspects of the Depression in the fiction of F. Scott Fitzgerald, Anzia Yeziarska, and John Steinbeck. Period by period, Wyatt's nuanced readings recover the felt sense of life as it was lived, opening surprising dimensions of the critical issues of a given time. The rise of the women's movement, for example, is revived in new appraisals of works by Eudora Welty, Ann Petry, and Mary McCarthy. Running through the examination of individual works and times is Wyatt's argument about reading itself. Reading is not a passive activity but an empathetic act of cocreation, what Faulkner calls overpassing to love. Empathetic reading recognizes and relives the emotional, cultural, and political dimensions of an individual and collective past. And discovering a usable American past, as Wyatt shows, enables us to confront the urgencies of our present moment.

The House Behind the Cedars (1900) *Novel*, by Charles W. Chesnutt Charles Waddell Chesnutt, 2016-04-02 An early masterwork among American literary treatments of miscegenation, Chesnutt's story is of two young African Americans who decide to pass for white in order to claim their share of the American dream. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators. Charles Waddell Chesnutt (1858-1932)-African-American educator, lawyer, and activist-was the most prominent black prose author of his day. In both his fiction and his essays, he addressed the thorny issues of the color line and racism in an outspoken way. Despite the critical acclaim resulting from several works of fiction and non-fiction published between 1898 and 1905, he was unable to make a living as an author. He kept writing, however, and several works which were not published during his lifetime have been rediscovered (and published) in recent years. He was awarded the Springarn Medal for distinguished literary achievement by the NAACP in 1928. The library at Fayetteville State University, in North Carolina, is named after him. *The Wife of His Youth* (1899) was Chesnutt's second collection of short stories, drawing upon his mixed race heritage. These deal largely with race relations,

the far-reaching effects of Jim Crow laws, and color prejudice among African Americans toward darker-skinned blacks. Eric J. Sundquist wrote: Chesnutt's color-line stories, like his conjure tales, are at their best haunting, psychologically and philosophically astute studies of the nation's betrayal of the promise of racial equality and its descent into a brutal world of segregation. He made the family a means of delineating America's racial crisis, during slavery and afterward. I have added three of Chesnutt's essays on the color line in an Appendix to this collection.

Movie Censorship and American Culture Francis G. Couvares, 2006 From the earliest days of public outrage over indecent nickelodeon shows, Americans have worried about the power of the movies. The eleven essays in this book examine nearly a century of struggle over cinematic representations of sex, crime, violence, religion, race, and ethnicity, revealing that the effort to regulate the screen has reflected deep social and cultural schisms. In addition to the editor, contributors include Daniel Czitrom, Marybeth Hamilton, Garth Jowett, Charles Lyons, Richard Maltby, Charles Musser, Alison M. Parker, Charlene Regester, Ruth Vasey, and Stephen Vaughn. Together they make it clear that censoring the movies is more than just a reflex against indecency, however defined. Whether censorship protects the vulnerable or suppresses the creative, it is part of a broader culture war that breaks out recurrently as Americans try to come to terms with the market, the state, and the plural society in which they live.

The House Behind the Cedars Charles Waddell Chesnutt, 2016-09-07 The House Behind the Cedars, which many consider Charles Chesnutt's finest novel, tells of John and Lena Walden, mulatto siblings who pass for white in the postbellum American South. The drama that unfolds as they travel between black and white worlds constitutes a riveting portrait of the shifting and intractable nature of race in American life. This edition revitalizes a much-neglected masterpiece by one of our most important African-American writers. As Werner Sollors writes, William Dean Howells did not overstate his case when he compared Chesnutt's works with those by Turgenev, Maupassant, and James . . . and [Chesnutt] has become one of the most important 'crossover' authors from the African-American tradition.
