Is there a word meaning "my child's spouse's parents"? Oct 18, 2013 · If I am introducing someone to my daughter's husband's parents can I say "Hi, I'd like to you meet my ____". In-laws would not work here because they are my child's in-laws not my own. Is there a word for this relationship? single word requests - English Language & Usage Stack Exchange Feb 15, 2017 · Is there an idiom available, that is exactly opposite to "Cake walk" or "Child's play"? I am looking for something exactly synonymous with "Very difficult" or "strenuous". Example Sentence: This **What do the parents of married children call each other? As in, ...** Oct 24, 2015 · I am looking for an expression or term that would describe the relationship between the two mothers of their married children. **possessives - Is it "childs" or "child's" - English Language** May 21, 2020 · All of your child's homework is complete. I don't know whether this is childs or not, I am referring to a single child in this sentence by the way. Not multiple. Or am I making this sentence wrong anyway and there is a better way, because it sounds wierd. In computing, what is the plural of 'child' in terms of inheritance? Jun 6, 2017 · The concept of parent and child belongs to the Unified Modeling Language, which uses genetic relations to model class inheritance. Where the UML specification refers to plural classes with inheritance, it does so with the terms parents and children. See the UML Specification, Section 2.5.2.23 for such an example. Childs would be completely ... *What do you call a child for whom you act as a guardian / ...* Sep 19, 2016 · What is the term for this, if there is such a term? But, surprisingly, there is no word (that I know of) for the parents of your child's partner. Or... **Can "childs" ever be the plural of "child", in standard English?** Feb 21, 2016 · No, "childs" was never a plural of child. See Etymonline's entry for child: The difficulty with the plural began in Old English, where the nominative plural was at first cild, identical with the singular, then c.975 a plural form cildru (genitive cildra) arose, probably for clarity's sake, only to be re-pluraled late 12c. as children, which is thus a double plural. Middle English plural ... Filling out forms that ask for "relationship with" Oct 4, 2012 · Forgive me for being perhaps nitpicky here, but my guess is that those forms you fill for your son really mean "relationship to child" not "relationship with child". Your relationship to the child would refer to how you were related to him/her, e.g. guardian, father, mother, uncle, etc, while your relationship with the child would indicate

how well you get along. This distinction is ... **"Postfix" or "suffix"?** - **English Language & Usage Stack Exchange** Postfix is clearly used as the opposite of prefix. (post-after and pre-before) All my life I have been using suffix- when learning morphology in high-school or string algorithms at the University.
