The Seduction of Gloria Salvador Pancorbo, 2010-04-08 This is a fictional story of a fiery international romance between two extraordinary women, Gloria Fernández, a pediatrician from Cuba, and Rosanna Maggiore, an Italian university professor. The story, which takes place in Havana and Rome, is complicated by a chance encounter between one of the women and Roger Larsen, a widower from Minnesota searching for a new life in Rome. The novel takes a look at life in Cuba, at the historic relationship between the United States and Cuba, as well as at the role of the Catholic Church seen through the eyes of a communist and a Lutheran. More significantly, the book examines the decisions facing those individuals who are forced to consider political exile.

Sexual Personae Camille Paglia, 1990-09-10 From ancient Egypt through the nineteenth century, *Sexual Personae* explores the provocative connections between art and pagan ritual; between Emily Dickinson and the Marquis de Sade; between Lord Byron and Elvis Presley. It ultimately challenges the cultural assumptions of both conservatives and traditional liberals. 47 photographs.

The Lost Roads Adventure Club R. M. Ryan, 2017-04-10 In a collection of poems that moves from meditations on emotions to struggles with a cancer diagnosis, from the comfortable world of sun and sand to the jarring dark corners of the so, R. M. Ryan offers us insights into the experience of living. The Lost Road Adventures Club recalls the ephemera of times and places gone by: a rosary pulled from an old coffee can in a small, shabby church; the clicks of a record player needle at the end of a 45; dusty chalk coating the hands of a teenage boy laden down with textbooks. Though grounded in precise observation of the world as it is, Ryan's poetry also offers the reader a boundless capacity for imagined adventure: "Why shouldn't this road / outside of Verona, Wisconsin / be called Epic Lane?" he asks. "Poems start / from everywhere." Sometimes lighthearted and sometimes disheartening, his poems travel across the years as they help us reach a new understanding of what it means to be human.

With over 200 colour illustrations and a wealth of formal and contextual analysis,

Love among the Castelli Romani: A Midlife Crisis for Two Scott Crider, Trang Crider, 2024-08-30 Not far south of Rome are the Castelli Romani, seventeen small hill-towns of beautiful, undiscovered charm in Lazio, hill-towns which have everything Rome does, but on a smaller, more humane scale. *Love Among the Castelli Romani: A Midlife Crisis for Two* recounts the authors' two-year adventure in the area. Revealing the nature, mythology, history, culture, food, and people of four of the hill-towns—Albano, Castel Gandolfo, Frascati, and Nemi—they introduce the reader to the towns and the distinctly Italian life there, during the escapades of their midlife rediscovery of their love and the joy of the simple life. Reading Rome through the Castelli Romani, and the Castelli Romani through Rome, the book is part travel memoir, part anthology of Latin and English literature, part biography of a marriage, part lyric meditation on midlife, all while our authors learn Italian, explore two crater lakes, eat and drink local food and wine, make friends, survive Covid, and unlock the unknown pleasures of an Italy just outside the known pleasures of Rome itself. The first English language treatment of the area in over one hundred years, *Love Among the Castelli Romani* is a Grand Tour of an area Roman emperors, medieval churchmen, renaissance aristocrats, and modern fortunates have all called home as they have escaped the heat and busyness of Rome in search of a cooler, greener, quieter side of Italian life. The book is for the real or armchair traveler ready for a new experience of Italy.

For Better For Worse Jane Beck, 2012-06-01 For better, for worse. Four words that slip so easily off the tongue, but Liz, like most brides, never gave the 'worse' a second thought. Like most women of her generation, she'd bought the whole 'happy ever after' scenario, but it didn't turn out quite as she'd expected. Now she's wondering if all brides are doomed to disappointment, or if she is in some way unique... Liz's husband Paul runs a hotel and there are frequent calls on his time from both his staff and customers. His business partner Antonia is constantly interfering in their lives and her jealousy of Liz is apparent to everyone but Paul. When Liz finds out that Paul's oldest friend Bruno is staying in Rome, she suggests they take a much-needed break to visit. Secretly, she hopes that the holiday will help to recapture the first, carefree days of their marriage. Leaving their daughter Emma and son Marcus with their au pair, Liz and Paul have a wonderful four-day trip through France and Italy, but shortly after their arrival in Rome, they are plunged into a nightmare and Liz begins to experience a 'worse' that she'd never believed possible. In the weeks ahead she discovers the happiness she seeks is an elusive emotion and has a long, tortuous road to travel to find it. But the journey is not without its excitement. When a new path opens, in the most sudden and unexpected way, Liz begins to look forward again. *For Better For Worse* is a work of fiction that will appeal particularly to women. Jane is inspired by writers who portray real people; Joanna Trollope is a

favourite. "I hope the book will resonate with any women who have loved and lost," she says.

Trompe l'Oeil: A Novel Nancy Reisman, 2015-05-12 Set against a backdrop of Rome, Renaissance artworks, and images of Mary Magdalene, Trompe l'Oeil portrays the ripple effects of a family tragedy and the ways in which its members perceive and misperceive themselves and each other. During a vacation in Rome, the Murphy family experiences a life-altering tragedy. In the immediate aftermath, James, Nora, and their children find solace in their Massachusetts coast home, but as the years pass the weight of the loss disintegrates the increasingly fragile marriage and leaves its mark on each family member. Trompe l'Oeil seamlessly alternates among several characters' points of view, capturing the details of their daily lives as well as their longing for connection and fear of abandonment. Through the turbulence of marriage, the challenges of

parenthood, job upheavals, and calamities large and small, Trompe l'Oeil examines family legacies, the ways those legacies persist, and the ways they might be transcended. Nancy Reisman is a master of psychological acuity, creating characters who are wholly unique and yet express our own longings and anxieties. Trompe l'Oeil haunts not only with its story but also with the beauty of its insight into hopes, desires, and fears.

Philosophical Skepticism as the Subject of Art David Carrier, 2022-12-01 The artwork of Maria Bussmann, a trained academic German philosopher and a significant visual artist, provides an ideal test case for a philosophical study of visual art. Bussmann has internalized the relationship between art and philosophy. In this exploration of the history of German aesthetics through Bussmann's work, David Carrier places the philosophical tradition in the context of contemporary visual culture. Each chapter focuses on the arguments of a major philosopher whose concerns Bussmann has dealt with as an artist: Kant, Hegel, Merleau-Ponty, Wittgenstein and Arendt. Offering comparative accounts of artists and philosophers whose work is of especial relevance, Carrier shows how Bussmann responds visually to writings of philosophers in art that has an elusive but essential relationship to theorizing. Tackling the question of whether philosophical subjects can be presented visually, Carrier offers a fresh perspective on the German idealist position through the visual art of 21st-century artist steeped in the tradition and continually challenging it through her work.

Wings David H. Brandin, 2015-05-15 David Brandin loves tales that end with an unusual twist. In his collection of thirty-eight flash fiction stories, he cleverly intertwines satire with political incorrectness to deliver one-of-a-kind political, historical, science fiction, and fantasy tales that each come to a surprising conclusion. Divided into four sections, Brandin's stories begin by exploring political scheming as a president struggles with a church sermon on the seven deadly sins; a poorly qualified candidate defends his nomination to an ambassadorship; and asylum is claimed under unusual circumstances. As Brandin continues into historical and fantasy tales, eclectic characters are brought to the forefront as a statistics professor attempts to beat the odds on airplane bombs; an attempt is made to reengineer the wings of chickens; Chicago politicians struggle with a plan to reduce gang warfare; and a robot wonders whether sex is possible. In his final section, Brandin chronicles the life story of a small boy cursed by Lord Shiva. Wings is a collection of unique short stories that delivers satire, humor, and surprise endings as a group of wide-ranging personalities try to overcome life's most challenging obstacles.

Preposterous Virgil Juan Christian Pellicer, 2022-06-02 This study in reception develops close readings of English literature as means of interrogating Virgil's texts. Through four case studies, bookended by wide-ranging introductory and concluding chapters, this book shows how interpreting the Eclogues, Georgics and Aeneid through modern responses can serve to focus on aspects of Virgil that would otherwise be differently perceived or else escape notice altogether. Juan Christian Pellicer probes our perceptions of the three Virgilian genres (pastoral, georgic, and epic) and analyzes the ways in which modern reconfigurations of these genres can inform our readings of Virgil's works, as well as help us realize how our own ideas about Virgil reflect the literary receptions through which we approach his texts. This book offers a practical demonstration of classical reception and its value as a critical procedure. By testing the value of modern responses to Virgil as means by which to read his texts, Pellicer critically examines a central tenet of reception studies of classical authors, namely that our understanding of their work can benefit from the receptions through which we perceive them. The reader will find Virgil's texts reconfigured in challenging new ways and will find new appreciations of the classical traditions that inform key texts in the English canon.
