RUNNIN' NO MORE G.T. DÍPÈ, 2025-02-14 Love shouldn't be a crime, but for twenty-three-year-old Teniade Adeowo, it is. After fleeing Nigeria to escape both the law and his trauma, he arrives in England determined to leave everything behind. But when his path collides with Stefan Wickström's at Heathrow, Ade learns that sometimes the things you run from have a way of chasing you down. Stefan is no stranger to running. Leaving Sweden, he's convinced constant motion is the only way to stay ahead of his past. But Ade's quiet intensity stops him in his tracks—and suddenly, Stefan's ghosts feel closer than

ever. In a world where love feels like a risk they can't afford, Ade and Stefan must decide if their fragile bond will be the force that heals them or the weight that finally breaks them.

Falling Jim Rabbit,2023-04-14 Falling started off as nothing but a naïve test for some new markers and eventually blossomed into what would become a whole series of abstract sketchbooks. In somewhat of a journal format, this covers the topics of love, world-view, self-discovery, substance, the thought process itself, among an array of other ideas and concepts you could relate to and connect within the work. Falling is intended to provoke deep thought, original ideas in one's own head, to mean many things at the same time, to be left open for interpretation, and to be a hug for those who may be struggling in their journey. Encouraging not necessarily to do the same, but rather to support in the endeavors and retrospective development of the reader.

American Girls Nancy Jo Sales,2017-01-24 A New York Times Bestseller Award-winning Vanity Fair writer Nancy Jo Sales crisscrossed the country talking to more than two hundred girls between the ages of thirteen and nineteen about their experiences online and off. They are coming of age online in a hypersexualized culture that has normalized extreme behavior, from pornography to the casual exchange of nude photographs; a culture rife with a virulent new strain of sexism; a culture in which teenagers are spending so much time on technology and social media that they are not developing basic communication skills. The dominant force in the lives of girls coming of age in America today is social media: Instagram, Whisper, Vine, Youtube, Kik, Ask.fm, Tinder. Provocative, explosive, and urgent, American Girls will ignite much-needed conversation about how we can help our daughters and sons negotiate the new social and sexual norms that govern their lives.

Fuccboi Sean Thor Conroe, 2022-01-25 "Terse and intense and new...I loved it." —Tommy Orange, author of *There There* "Fuccboi is its generation's coming of age novel...Utterly of its moment, of this moment." —Jay McInerney, *Wall Street Journal* A fearless and savagely funny examination of masculinity under late capitalism from an electrifying new voice. Set in Philly one year into Trump's presidency, Sean Thor Conroe's audacious, freewheeling debut follows our eponymous fuccboi, Sean, as he attempts to live meaningfully in a world that doesn't seem to need him. Reconciling past, failed selves—cross-country walker, SoundCloud rapper, weed farmer—he now finds himself back in his college city, trying to write, doing stimulant-fueled bike deliveries to eat. Unable to accept that his ex has dropped him, yet still engaged in all the same fuckery—being coy and spineless, dodging decisions, maintaining a rotation of baes—that led to her leaving in the first place. But now Sean has begun to wonder, how sustainable is this mode? How much fuckery is too much fuckery? Written in a riotous, utterly original idiom, and slyly undercutting both the hypocrisy of our era and that of Sean himself, *Fuccboi* is an unvarnished, playful, and searching examination of what it means to be a man. "Got under my skin in the way the best writing can." —Sheila Heti "Sean Conroe isn't one of the writers there's a hundred of. He writes what's his own, his own way." —Nico Walker, author of *Cherry*

Part exercise manual and part workbook, *Movement for Every Body* celebrates this approach and champions an inclusive movement practice for anyone who doesn't fit the typical fitness mold and doesn't wish to— who refuses burdensome narratives that tell them they're broken and need to be fixed, cured, or mended to be whole. provides the instruction and validation needed to redefine our approaches, goals, and pleasures around exercise and ability.

Red Sun Setting Carolyn C Y'Blood, 2012-04-15 Many regard this work as the definitive account of a controversial conflict of the war in the Pacific, the June 1944 battle known as the Great Marianas Turkey Shoot. Drawing on ten years of research and told from the viewpoint of the fliers and sailors who were on the firing line, William T. Y'Blood leads the reader through every stage of the battle, from the dogfights to the persistent attacks on the Japanese carriers to the frantic efforts of the returning fliers to land on friendly carriers. He takes the battle from the initial planning through the invasion of the Marianas and the recriminations that followed, describing Admiral Spruance's decision to allow U.S. forces to remain on the defensive and giving blow-by-blow details of the action. This intensive study of what many believe to be a major turning point in the Pacific War has remained an important reference since it was first published in 1981.

The Sherpa Guide Brenda Corbett, Judith Colemon, 2006 In this book, the authors take on the role of the Sherpa: enabling, advising and assisting. The executive, like climbers on Everest, must endure the hardships, put forth the effort, be subject to the risks involved in reaching their goals. Ultimately, they must reach the summit through their own skill and will. On Everest, there is no quick and easy way to reach the summit. You'd think a straightforward approach would be a helicopter to the top. Great idea, but the air at high altitude is too thin for a helicopter to sustain flight. During the arduous climb, a Sherpa does not make decisions. The Sherpa makes recommendations, and the Sherpa gives tips, tricks, and techniques to make the climb easier but does NOT climb for the client. The client has to make the decisions once the Sherpa has offered all the alternatives. In coaching, you need a process, and you must respect the process. No shortcuts, and no detours. Limit the playing field to professional issues, and then to allow the client to do the climbing on their way to the summit. Every situation is unique, but without a map for the process, a defined system, there's no way you'll be able to locate and reach your client's goals.
