**Celia en la revolución** Elena Fortún,Andrés Trapiello,2016-05-11 Acerca de la primera y única edición, hasta este momento, de Celia en la revolución dice Andrés Trapiello en su prólogo: «lo que sucedió con (este) libro fue misteriosísimo, un caso único. Apenas publicado, desapareció de las librerías y únicamente en el mercado de viejo ha ido apareciendo desde entonces, con cuentagotas, algún que otro ejemplar, siempre a precios fabulosos, de todo punto infrecuentes en un libro reciente, lo que habla de su carácter excepcional». Libro por tanto, buscado, rebuscado y perseguido por lectores y coleccionistas de la serie de Celia pero que también, por su calidad, su calidez, su emoción y su justezza histórica y humana, libro que puede cautivar, que cautivará a cualquier lector exigente de literatura y no precisamente infantil. Novela sobre la guerra civil, escrita poco después del fin de la guerra, en 1943, no hay en ella lugar para la distorsión ni la idealización de lo vivido. Estas páginas no solo nos cuentan la vida difícil y llena de peripecias de una adolescente Celia en un Madrid sitiado, entre la supervivencia y la revolución, son también una suerte de crónica autobiográfica de la propia Elena Fortún.

Narrativas y poéticas del yo. Identidad y espiritualidad en los estudios hispánicos contemporáneos Mirta Fernández dos Santos,2024-03-22 Los artículos reunidos en este libro ofrecen una variada y notable aportación en torno a los conceptos de “identidad” y “espiritualidad”, aplicados fundamentalmente a las literaturas hispánicas contemporáneas. El punto de intersección de ambos conceptos lo constituyen las “escrituras del yo”, como forma de representación literaria de la realidad desde una perspectiva personal. Las reflexiones vertidas en los ensayos que conforman el presente volumen dan fe de la vitalidad que actualmente experimenta en el contexto hispánico la modalidad literaria autorreferencial, a partir de la cual las narrativas y poéticas emergen desde los territorios íntimos del escritor, donde se difuminan las fronteras entre lo público y lo privado y se tambalean los cimientos de los espacios clausurados. Por otra parte, en tiempos tan convulsos como estos que estamos viviendo, consideramos que convocar a debate un término dialécticamente tan complejo como el de “identidad literaria” justificaba, asimismo, la orientación de la indagación académica hacia las variadas formas de expresión autoficcional de la espiritualidad y de la búsqueda del sentido de la existencia. Por consiguiente, los textos incluidos en este

libro son el resultado de la fusión de ambos ejes temáticos vertebradores.

Oculto sendero Elena Fortún, 2016-10 Oculto sendero, novela inédita y testamento literario de Elena Fortún (1885-1952), por fin sale a la luz. Fortún escribe esta autobiografía novelada durante su exilio en Argentina y la firma con el seudónimo de Rosa María Castaños. La protagonista es María Luisa Arroyo, pintora y antes niña que quería vestirse de marinero, alter-ego de la autora. El camino de su vida es el sendero hacia el entendimiento de su homosexualidad, camino que avanza parejo al conocimiento y realización del potencial artístico e intelectual de la protagonista. Tras una infancia narrada al más puro estilo Fortún, María Luisa Arroyo irá dejando atrás, como la creadora de la inolvidable Celia, los dictados de la feminidad convencional para adentrarse en una modernidad inevitable y también desgarradora. Ambientada en la España anterior a 1936, Oculto sendero ofrece un retrato único y necesario de la intimidad y la lucha de una mujer excepcional.

*Pioneras, escritoras y creadoras del siglo XX* Eva María Moreno Lago, 2019-12-02 Esta publicación pretende visibilizar tanto el mundo femenino de las escritoras que no salieron de las restricciones patriarcales como los discursos y prácticas feministas de todas aquellas que lucharon por sus derechos y la emancipación. El objetivo es recuperar y analizar las obras de diversas artistas que comparten un mismo siglo, pero países y continentes diferentes. Los artículos de los especialistas e investigadores de diferentes literaturas de este periodo que se encuentran en este volumen reconstruyen nuestro pasado y recuperan una parte olvidada de nuestra memoria histórica para poder alcanzar un presente y un futuro igualitario, en el que las autoras-intelectuales-artistas ocupen el lugar que les corresponde, formando parte del auténtico legado de nuestra cultura.

L'épuisement du biographique? Vincent Broqua, Guillaume Marche, 2010-10-12 Pourquoi penser le biographique? N'est-il pas épuisé? Le siècle passé semble l'avoir vidé de son contenu et de sa substance et l'a réduit à un état d'affaiblissement presque complet dans le domaine des sciences sociales comme dans celui de la critique littéraire. L'enjeu de cet ouvrage est d'affirmer que le biographique déborde la biographie et de considérer le biographique comme une condition du retour de la biographie au moyen de son dépassement. Cet ouvrage rassemble des travaux abordant ...

The Girl in the Text Ann Smith, 2019-07-16 How are girls represented in written and graphic texts, and how do these representations inform our understanding of girlhood? In this volume, contributors examine the girl in the text in order to explore a range of perspectives on girlhood across borders and in relation to their positionality. In literary and transactional texts, girls are presented as heroes who empower themselves and others with lasting effect, as figures of liberating pedagogical practice and educational activism, and as catalysts for discussions of the relationship between desire and ethics. In these varied chapters, a new notion of transnationalism emerges, one rooted not only in the process through which borders between nation-states become more porous, but through which cultural and ethnic imperatives become permeable.

**Beyond The Back Room** Marian Womack,2011 This collection of essays examines current trends in scholarly research on Spanish author Carmen Martín Gaite (1925-2000). It concentrates on the least explored areas of Martín Gaite's oeuvre, such as her collage artwork, the relationship between image and text in her work, and her close relationship with themes such as genre writing, the fairy tale, and textual/physical notions of space, as well as her personal theories on orality and narration. As we pass the tenth anniversary of her death, Martín Gaite continues to be an increasing focus of study, as scholars start to identify and comprehend the breadth and scope of her work. The essays in the volume complement previous studies of Martín Gaite's major works from the 1960s and 1970s by focusing largely on her later novels, together with in-depth analysis of the manuscripts and artistic materials that have been made available since her death.

**International Companion Encyclopedia of Children's Literature** Peter Hunt,2004-08-02 Children's publishing is a huge international industry and there is ever-growing interest from researchers and students in the genre as cultural object of study and tool for education and socialization.

**Las chicas malas de la República** Rafael Torres,2025-06-04 Las chicas malas de la República fueron, en general, muy buenas, porque fueron muy libres, o cuando menos porque lo intentaron, pero cuando España devino en una inmensa prisión aquella época quedó congelada y olvidada. Este libro aspira a reencontrar biografías perdidas, a reconocer espacios de libertad que tardaron cuarenta años en ver la luz y a reconstruir la intimidad de quien contribuyó al saneamiento social, moral y cultural del país.

Rafael Torres narra con maestría y emoción una galería extraordinaria de mujeres feministas y no feministas, audaces y conservadoras, lesbianas y heterosexuales, sensatas y vehementes, ateas y religiosas, pobres y ricas, aviadoras y *misses*, desfallecidas e irreductibles, nudistas y amantes de la moda. Toda clase de mujeres que, eso sí, tuvieron en común su rebeldía.

*World Literature in Spanish* Maureen Ihrie, Salvador Oropesa, 2011-10-20 Containing roughly 850 entries about Spanish-language literature throughout the world, this expansive work provides coverage of the varied countries, ethnicities, time periods, literary movements, and genres of these writings. Providing a thorough introduction to Spanish-language literature worldwide and across time is a tall order. However, *World Literature in Spanish: An Encyclopedia* contains roughly 850 entries on both major and minor authors, themes, genres, and topics of Spanish literature from the Middle Ages to the present day, affording an amazingly comprehensive reference collection in a single work. This encyclopedia describes the growing diversity within national borders, the increasing interdependence among nations, and the myriad impacts of Spanish literature across the globe. All countries that produce literature in Spanish in Europe, Africa, the Americas, and Asia are represented, covering both canonical authors and emerging contemporary writers and trends. Underrepresented writings—such as texts by women writers, queer and Afro-Hispanic texts, children's literature, and works on relevant but less studied topics such as sports and nationalism—also appear. While writings throughout the centuries are covered, those of the 20th and 21st centuries receive special consideration.

**Fearless Women in the Mexican Revolution and the Spanish Civil War** Tabea Alexa Linhard, 2005 Study of the role women played in the Mexican Revolution and the Spanish Civil War. Examines female figures such as the soldaderas of the Mexican Revolution and the milicianas of the Spanish Civil War and the intersection of gender, revolution, and culture in both the Mexican and the Spanish contexts--Provided by publisher.

**Celia in the Revolution** Elena Fortún, 2023 The first major English translation of the final book in the expansive and essential Celia series by Elena Fortún. Set during the Spanish Civil War (1936-39), *Celia in the Revolution* is the last in a series of young adult novels written by Encarnación Aragoneses, known by the pen name Elena Fortún, one of the most prolific and popular Spanish authors of the mid-twentieth century. In a series of more than twenty novels, Fortún's protagonist is Celia Gálvez de Montalbán, a precocious and rebellious girl from an affluent family who's not afraid to question authority and dream, and that often gets her into trouble. Readers watch her grow from age seven through adolescence to the threshold of womanhood at seventeen, which is her age in this dark, inspiring novel about the war that changed Spain. In this last narrative in the legendary series, Celia has an awakening that not even her lively imagination could have anticipated. The once carefree, innocent child prone to playful fantasies must suddenly confront a world that's utterly changed, finding herself amid a bloody conflict, la Guerra Civil. Celia, now a madrecita, a little mother to her two younger sisters since the death of their mother, is forced into a life of hardship, a world of hunger, witness to violence, executions, bombing raids, and death. With Celia's sorrows come her courageous and profound compassion, consoling and caring for virtually every war victim that crosses her path, no matter their political inclinations, and no matter all that Celia must

contend with herself. Celia, despite all her travails, manages to survive with determination, defiance, and dignity. Written immediately after the war, *Celia in the Revolution* was not published during Elena Fortún's lifetime, until after the death of the dictator, Francisco Franco, due to censorship. This first major English translation by eminent scholar and Hispanist Michael Ugarte captures the narrative and nuances of Celia's voice and others in this character-rich novel, and fellow eminent scholar and Hispanist Nuria Capdevila-Arguélles's preface brings powerful insights into this remarkable work by Elena Fortún that transcends young adult literature.

**Madrid** Luke Stegemann, 2024-08-13 The miraculous story of Madrid--how a village became a great world city For centuries Madrid was an insignificant settlement on the central Iberian plateau. Under its Muslim rulers the town was fortified and enlarged, but even after the Reconquista it remained secondary to nearby Toledo. But Madrid's fortunes dramatically shifted in the sixteenth century, becoming the centre of a vast global empire. Luke Stegemann tells the surprising story of Madrid's flourishing, and its outsize influence across the world. From Cervantes and Quevedo to Velázquez and Goya, Spain's capital has been home to some of Europe's most influential artists and thinkers. It formed a vital link between Europe and the Americas and became a cauldron of political dissent--not least during the Spanish Civil War, when the city was on the frontline in the fight against fascism. Stegemann places Madrid and its people in global context, showing how the city--fast overtaking Barcelona as a centre of international finance and cultural tourism--has become a melting pot at the heart of Europe and the wider Hispanic world.

**Transcultural Spaces and Identities in Iberian Studies** Mark Gant, Susana Rocha Relvas, 2020-10-19 This volume brings together innovative research across the diverse field of Iberian Studies, including insights from economics, society, politics, literature, cinema and other art forms, either in a revisionist perspective or incorporating new data. Reflecting recent developments in the field, the subject matter extends beyond the boundaries of Spain and Portugal, as it also includes transnational and transatlantic interconnections with Europe, Africa and the Americas and its scope ranges from the nineteenth century to the effects of the Catalan independence crisis and Brexit. The 18 chapters here are authored by established academics and early career researchers from the UK, Italy, France, Germany, Spain, Portugal, Argentina, Brazil, Japan and the USA. The book will appeal to students, researchers and all who have a particular interest in deepening their understanding of the countries of the Iberian Peninsula.
