Convenience Store Woman Sayaka Murata, 2018-06-12 Shortlisted for the Best Translated Book Award Longlisted for the Believer Book Award Longlisted for the Warwick Prize for Women in Translation A Los Angeles Times Bestseller The English-language debut of an exciting young voice in international fiction, selling 660,000 copies in Japan alone, *Convenience Store Woman* is a bewitching portrayal of contemporary Japan through the eyes of a single woman who fits into the rigidity of its work culture only too well. The English-language debut of one of Japan's most talented contemporary writers, selling over 650,000 copies there, *Convenience Store Woman* is the heartwarming and surprising story of thirty-six-year-old Tokyo resident Keiko Furukura. Keiko has never fit in, neither in her family, nor in school, but when at the age of eighteen she begins working at the Hiiromachi branch of "Smile Mart," she finds peace and purpose in her life. In the store, unlike anywhere else, she understands the rules of social interaction—many are laid out line by line in the store's manual—and she does her best to copy the dress, mannerisms, and speech of her colleagues, playing the part of a "normal" person excellently, more or less. Managers come and go, but Keiko stays at the store for eighteen years. It's almost hard to tell where the store ends and she begins. Keiko is very happy, but the people close to her, from her family to her coworkers, increasingly pressure her to find a husband, and to start a proper career, prompting her to take desperate action... A brilliant depiction of an unusual psyche and a world hidden from view, *Convenience Store Woman* is an ironic and sharp-eyed look at contemporary work culture and the pressures to conform, as well as a charming and completely fresh portrait of an unforgettable heroine.

The Palgrave Handbook of Reproductive Justice and Literature Beth Widmaier Capo, Laura Lazzari, 2022-09-10 This handbook offers a collection of scholarly essays that analyze questions of reproductive justice throughout its cultural representation in global literature and film. It offers analysis of specific texts carefully situated in their evolving historical, economic, and cultural contexts. Reproductive justice is taken beyond the American setting in which the theory and movement began; chapters apply concepts to international realities and literatures from different countries and cultures by covering diverse genres of cultural production, including film, television, YouTube documentaries, drama, short story, novel, memoir, and self-help literature. Each chapter analyzes texts from within the framework of reproductive justice in an interdisciplinary way, including English, Japanese, Italian, Spanish, and German language, literature and culture,

comparative literature, film, South Asian fiction, Canadian theatre, writing, gender studies, Deaf studies, disability studies, global health and medical humanities, and sociology. Academics, graduate students and advanced undergraduate students in Literature, Gender, Sexuality and Women's Studies, Cultural Studies, Motherhood Studies, Comparative Literature, History, Sociology, the Medical Humanities, Reproductive Justice, and Human Rights are the main audience of the volume.

Freeman's: Conclusions John Freeman, 2023-10-10 Featuring new work from Rebecca Makkai, Aleksandar Hemon, Rachel Khong, Louise Erdrich, and more, the tenth and final installment of the boundary-pushing literary journal *Freeman's*, which explores all the ways of coming to an end. Over the course of ten years, *Freeman's* has introduced the English-speaking world to countless writers of international import and acclaim, from Olga Tokarczuk to Valeria Luiselli, while also spotlighting brilliant writers working in English, from Tommy Orange to Tess Gunty. Now, in its last issue, this unique literary project ponders all the ways of reaching a fitting conclusion. For Sayaka Murata, keeping up with the comings and goings of fashion and its changing emotional landscapes can mean being left behind, while in her poem "Amenorrhea," Julia Alvarez experiences the end of a line as menstruation ceases. Yet sometimes an end is merely a beginning, as Barry Lopez meditates while walking through the snowy Oregonian landscapes. While Chinelo Okparanta's story "Fatu" confronts the end of a relationship under the specter of new life, other writers look towards aging as an opportunity for rebirth, such as Honorée Fanonne Jeffers, who takes on the role of being her own elder, comforting herself in the ways that her grandmother used to. Finally, in his comic story "Everyone at Dinner Has a Max von Sydow Story," Dave Eggers suggests that sometimes stories don't have neat or clean endings—that sometimes the middle is enough. With new writing from Sandra Cisneros, Colum McCann, Omar El Akkad, and Mieko Kawakami, *Freeman's: Conclusions* is a testament to the startling power of literature to conclude in a state of beauty, fear, and promise.

Freeman's: Change John Freeman, 2021-10-12 This volume of the acclaimed literary journal explores the hope and pain of an ever-changing present with new work by Lauren Groff, Ocean Vuong, and more. The Covid-19 pandemic forced many of us to reimagine our homes, work, and relationships. And yet, in this period of intense isolation, we faced dilemmas which are nearly universal. How to love, to care for aging parents, to fight for justice. This vast range of experiences is captured by our greatest storytellers, essayists, and poets, in this issue of *Freeman's: Change*. In Joshua Bennett's essay, a Coltrane playlist sets the stage for early morning dances with his newborn son as they watch the sun come up. In Lina Mounzer's "The Gamble," a father's incessant hope for a better life festers and sinks the whole family after they leave Lebanon during the Civil War. In Kamel Daoud's heartbreaking tale, a widow's attempt to retreat into the unchanging past edits her son right from her reality. And in "Final Days," Sayaka Murata imagines a future without aging, where people must choose how and when they want to die. With new writing from Julia Alvarez, Sandra Cisneros, Zahia Rahmani, Yoko Ogawa, Yasmine El Rashidi, Lina Meruane, and Aleksandar Hemon, and featuring work from never-before-published writers like Elizabeth Ayre, *Freeman's: Change* opens a window into the many-sided ways we adapt.

Freeman's: The Future of New Writing John Freeman, 2017-10-10 A diverse anthology of poetry, fiction and essays

from the most exciting writers around the world in this “fresh, provocative, engrossing” literary journal (BBC.com). The literary anthology Freeman’s, created by writer, critic, and former Granta editor John Freeman, has quickly gained an international following with wide acclaim. It has been called “bold [and] searching” by the Minneapolis Star-Tribune and “impressively diverse” by O Magazine. This issue introduces a list of more than twenty-five poets, essayists, novelists, and short story writers from around the world who are shaping contemporary literature and will continue to impact it in years to come. Drawing on recommendations from book editors, critics, translators, and authors from across the globe, Freeman’s: The Future of New Writing includes pieces from writers aged twenty-five to seventy, from almost twenty countries and writing in almost as many languages. This will be a new kind of list, and an aesthetic manifesto for our times. Against a climate of nationalism and siloed thinking, this special issue celebrates a global view of where writing is going next. “The oldest is 70. The youngest, 26. In between, the best list of this kind I have ever seen.”—Marlon James

Hope for the Oppressor Patrick Oden, 2019-07-26 The liberating work of God calls the oppressed out of oppression and the oppressor out of oppressing. The challenge in seeking a thorough liberation of oppressors is to help them understand their need for freedom and how to seek this freedom in their own contexts. Patrick Oden provides a holistic biblical, historical, and theological analysis that diagnoses the underlying motivations and inclinations that lead to oppression. Part one addresses the context of oppression, in which most participants in oppression do not actively seek to harm others but are caught up in systems that tend toward the diminishment of others. Part two examines the biblical and early Christian response to oppression, discovering a thread that avoids condemning participation in society generally while also cautioning the people of God about being co-opted by society. Part three discusses how oppressors can withdraw from oppression, through a constructive analysis of four contemporary theologians—Wolfhart Pannenberg, Jürgen Moltmann, Sarah Coakley, and Jean Vanier—each of whom contributes to a widening vision of liberated and liberating life in which the once-oppressed and former oppressor can find peace together in community.

Cloneliness Michael O'Sullivan, 2019-09-19 Recent posthuman philosophies, human-computer interface studies, and technology-inspired biopolitical discourses and practices are reinventing and reimaging loneliness in different communities. *Cloneliness: The Reproduction of Loneliness* takes a cross-cultural approach to loneliness by examining 20th-century artistic expressions and examinations of loneliness in the context of more recent global expressions grounded in social networks, virtual reality, the biopolitical commons, academic credentialization and such practices as Hikikomori. Newer forms of loneliness, pushed by the algorithms of biopolitical capitalism, result in what this book calls cloneliness. Michael O'Sullivan plots the transformation in loneliness in literature and philosophy in readings that take us from Henry James and such classic works as Frank O'Connor's *The Lonely Voice* and Richard Yates's *Eleven Kinds of Loneliness* to more recent expressions in such writers as David Foster Wallace, Yiyun Li, and Sayaka Murata. Michael O'Sullivan argues that

cloneliness as an institutional practice of reproduction in society nurtures, normalizes, and reproduces loneliness in order to create subjects who are more willing to accept ideologies of competition, “extreme individualism,” and the stresses of being interconnected loners.

Human Resource Management and Ethics at Work Lisa Grover,2025-05-01 Human Resource Management and Ethics at Work dives deep into understanding ethical human resources practice, including professional codes of conduct and what it means to be an ethical human resources professional. Each chapter explores the philosophical underpinnings of the ethical challenges faced by contemporary human resources professionals. It draws upon narratives from fiction and film to bring these scenarios to life. Each chapter utilises theories and concepts from philosophy to equip current and aspiring human resources professionals to think about ethical issues. There are no right answers here, but by provoking debate and discussion, human resources professionals can make better choices. Through understanding and practice, we become ethical human resources professionals. The book is structured around the three ethical perspectives. First, the perspective of the individual human resources professional, focusing on good character and the traits of an ethical human resources professional. Second, the relationship between the individual human resources professional, the organisation and its employees, and human resources professional bodies. The human resources professional aims to have a positive impact on working lives but has to navigate a complex network of relationships and responsibilities. Third, the narrative moves to the macro level, identifying the social responsibilities of the human resources professional beyond their own organisation. A section of the book is dedicated to each of these pillars, exploring what they mean for the practising HR professional. Concepts and theories from philosophy are applied to understand this meaning. These tools can then be applied to novel situations that HR professionals go on to encounter in the workplace. Teaching activities are included throughout the book. This is an ideal resource for those undertaking an undergraduate or postgraduate course in human resource management, practising human resources professionals who worry about the right thing to do, or anyone interested in people management ethics.

Demie Kurz proposes a reversal of policies which penalize the single-parent family by failing to provide mothers and children with adequate resources.

Surviving Sexual Violence Thema Bryant-Davis,2011-10-16 Victims of sexual assault experience their trauma in different ways, and often one path to recovery and healing is right for one person, but not right for another. While there are some general mental health effects of sexual violence, this book outlines and describes the impact of particular types of sexual violation. Whether the survivor has experienced childhood sexual abuse, sexual assault during adulthood, marital rape, sexual harassment, sex trafficking, or sexual violence within the military, they will find aspects of her experience in these pages. Once survivors understand the ways in which they have been affected, they are introduced to various pathways to surviving sexual violence and moving forward. The chapters provide case examples and specific activities which give a fuller description of the ways survivors can make use of the particular approaches, which include mind-body practices, counseling, group therapies, self-defense training, and others. Anyone who has been a victim of sexual violence, or knows and cares about someone who has, will find relief in these pages, which offer practical approaches to finding balance and healing.
