**What If ... I Truly Believed?** Ginna Callahan,2015-03-11 Ginna was given one hour to live. What follows is an extraordinary tale of courage the courage to live and the challenge to trust. Her one hour has now become almost fourteen years, more than a decade of battling a host of cancerous tumors, debilitating treatments, and several near-death experiences. Follow the journey that took her from her sick bed years ago to her unabashed belief today of the absolute certainty that God not only exists but loves us unconditionally. It is this certainty that has both enabled and challenged her to maintain her trust and faith in God when tested with pain and suffering. This is Ginna's love story to God, the creator who never abandoned her.

**Blooming into Consciousness** Lynn Hooper,2017-12-27 The final chapter in human life is recognising there is no end. You will keep transforming and remoulding and changing into various forms in multidimensional lives. You will not cease to be. Your exit of thought trails will lead you to another great adventure once the cloak of death has been revealed as a falsehood. Do not look back but forward into present understanding. You are the master who has come into physical existence to purvey the human form. You have become hidden under the illusion that the earth's destination is the final resting place. It is but an illusionary device to make you search for meaning and purpose in your existence to further know

yourself. Once you have mastered the physical, you shall inherit the earth. Look only to conscious evolution as a means to further adventures of the soul. It is a glorious playground in the universe, one that you have become adept at moving in if you did but know it. So to our final words, you are not of this world of human form but you are a part of it. Your soul has a great game plan that is far reaching and is calling you to wake up and join in the fun. Blooming into consciousness, the evolution of your soul is a magnificent, glorious adventure; I hope you will join us there. Namaste.

Brene Brown Some days arrive with questions so vast we feel like strangers on earth. Other times our joy makes us feel

entirely at home in ourselves. So where do we find inspiration for living a good life? Drawing on lifelines thrown down by poets, thinkers and dreamers, the sceptical and the faithful, Malcolm Doney and Martin Wroe suggest that how we live may be more important than what we believe. How do I make a good decision? Can I forgive him? Will this darkness pass? Do I say something or keep quiet? Less of an instruction manual and more of a sketchbook, these are lines for living rewarding days. 'Sacred text for the more earthy reader.' Bono 'Challenging, profound and generous...' **Going The Extra Mile** Judith Williamson, 2022-10-25 If I had to choose but one of the seventeen principles of success and rest my chances on that principle alone, I would, without hesitation, choose going the extra mile, because this is the principle through which one can make himself indispensable to others." This declaration alone should direct your attention to Judith Williamson's book *Going The Extra Mile: The Do It Now Principle*, designed to put you on the road to success. You will gain a detailed understanding as to why developing the habit of consistently going the extra mile (GEM) promises to deliver more than you have actually contributed. The ideas in this book will make a huge difference in your life: 1. As you contribute more than is expected, others take notice 2. You will stand apart from the "That's not my job" type of employee 3. You will gather higher levels of tangible and intangible compensation into your life 4. You will develop your skill set at an exponential speed and volume from your competition Former Napoleon Hill Foundation executive and expert, Judith Williamson, details how to put this principle to work in various arenas of your life, Learn: Why the "Do It Now" principle can make an instant difference in your results The three essential elements of GEM---Quality of service, quantity of service and positive mental attitude. *Patchwork Philosophy* Sylvia Charles, 2021-08-05 I have had the idea of this book for many years and have, at last, made a start on putting my thoughts down on paper. I did initially think I would give the book the title of "The Earth Mother's Diary" but on reflection thought that sounded rather "twee". My next visualised title was "Whoever said progress was a One-way Street?" but, once again, I wasn't convinced by the impact this would create even though it represented a lot of my opinions. Eventually due to the nature and content of my book I hit upon the notion of Patchwork Philosophy which seemed to fit the bill perfectly, so here it is. I would stress that if some of my ideas seem offensive to anyone, please don't take offence, they are purely my own thoughts, ideas and principles upon which I try and live by.

*As You Step Into Teaching* Joenel Dicen Coros, 2025-03-07 *As You Step into Teaching* showcases the importance of having the right perspectives--our way of looking at and understanding things as we take on the teaching role. The book broadens our understanding of our role as a teacher inside and outside the classroom and offers us insights on how we can achieve these perspectives. More so, it allows us to see the meaning of why we do what we do every day. Truly every teacher has a

different perspective from one another, but there are three things common to them: First, All teachers desire that their students would love learning. Second, All teachers want the best for their students. Third, All teachers have affected the lives of those they touched in one way or another. These are undebatable. The author has drawn motivation to write this book from his opportunity and experiences in starting over again after eleven years of teaching. Hence, this book is especially helpful for first-year teachers, aspiring teachers, leaders and administrators who support first-year teachers, and seasoned teachers who are looking for insights to support those who are currently immersed in the experience. It is the author's hope that these perspectives guide those who get hold of it in their journey up to the path of their calling.

*Choosing Hope* Kaitlin Roig-DeBellis, Robin Gaby Fisher, 2016-10-04 “[S]tirring . . . a bold, inspiring and ultimately hopeful book.” —Arianna Huffington, cofounder and editor-in-chief of The Huffington Post and author of the New York Times bestseller *Thrive* “A beautiful portrait of the power of hope and love in the healing of a person, a community, and a country.” —Gabrielle Giffords, former congresswoman and New York Times bestselling author Kaitlin Roig-DeBellis is the first-grade teacher at Sandy Hook Elementary School who saved her entire class of fifteen six- and seven-year-olds from the tragic events that took place on December 14, 2012, by piling them into a single-occupancy bathroom within her classroom, mere feet from the brutal and indiscriminate massacre taking place outside the door. Since then, despite the unimaginably painful experiences she endured, she has chosen to share her experience with others, in the hope that they, too, can find light in dark moments. *Choosing Hope* is a lot of things. A written witness to a tragedy that will never be forgotten. A gripping firsthand testament to the power of good over the power of destruction. An inspirational memoir by a brave young woman whose story is one of courage, heroism, faith, and resilience. And a celebration of all the people who make the choice to pass along their hope and positivity to young ones—parents, mentors, and especially teachers. There is no moving on, but there is always moving forward. And how we move forward is a choice. \*Books for a Better Life Award Finalist\*
