The Adorned John Tristan, 2013-08-12 My name is Etan, and I am Adorned. A living piece of art, I exist to please the divine rulers of Kered. With nowhere to turn after my father died, I tried my luck in the capital city. Little did I know how quickly I would be robbed, beaten and forced to sell myself into servitude. But I was lucky enough to gain the attention of Roberd Tallisk, an irascible but intriguing tattoo artist who offered to mark me with enchanted ink for the enjoyment of the nobles. I was given a chance to better my station in life, and I could not refuse. But the divine rulers want not only the art but the body that bears it. In their company I can rise above the dregs of society and experience a life most only dream of, at the cost of suffering their every desire as a pawn in games of lavish intrigue. Their attention is flattering, but I find I'd rather have Tallisk's. Caught between factions, I learn that a revolution is brewing, one that could ruin Kered—and Roberd and myself along with it... 101,000 words

Naughty Girls and Gay Male Romance/Porn: Slash Fiction, Boys' Love Manga, and Other Works by Female "Cross-Voyeurs" in the U.S. Academic Discourses Carola Katharina Bauer, 2013-05-17 Despite the fact that there actually exists a large number of pornographic and romantic texts about male homosexuality consumed and produced by American women since the 1970s, the abnormality of those female cross-voyeurs is constantly underlined in U.S. popular and academic culture. As the astonished, public reactions in the face of a largely female (heterosexual) audience of *Brokeback Mountain* (2005) and *Queer as Folk* (2000-2005) have shown, a woman's erotic/romantic interest in male homosexuality is definitely not as accepted as its male counterpart (men consuming lesbian porn). In the academic publications on female cross-voyeurs, the application of double standards with regard to male/female cross-voyeurism is even more obvious. As Karen Hellekson and Kristina Busse note in their *Introduction to Fan Fiction and Fan Communities in the Internet* (2006), slash fiction - fan fiction about male homosexual relationships mainly produced and consumed by women - has stood in the center of fan fiction studies so far, despite being merely a subgenre of it. The reason for this seems to be an urge to explain the underlying motivations for the fascination of women with m/m romance or pornography within the academic discourse - a trend which differs completely from the extremely under-theorized complex of men interested in lesbians. It is this obvious influence of conventional gender stereotypes on the perception of these phenomena that provokes me to examine the way in which the works of female cross-voyeurism and their consumers/producers are conceptualized in the U.S. scholarly accounts. In many

ways, this thesis explores unknown territories and respectively tries to take a closer look at academic problems that have not been adequately addressed yet.

Everything and Less Mark McGurl, 2021-10-19 National Book Critics Circle Award Finalist Best Book of Fall (*Esquire*) and a Most Anticipated Book of 2021 (*Lit Hub*) What Has Happened to Fiction in the Age of Platform Capitalism? Since it was

first launched in 1994, Amazon has changed the world of literature. The “Everything Store” has not just transformed how we buy books; it has affected what we buy, and even what we read. In *Everything and Less*, acclaimed critic Mark McGurl explores this new world where writing is no longer categorized as high or lowbrow, literature or popular fiction. Charting a course spanning from Henry James to E. L. James, McGurl shows that contemporary writing has less to do with writing per se than with the manner of its distribution. This consumerist logic—if you like this, you might also like ...—has reorganized the fiction universe so that literary prize-winners sit alongside fantasy, romance, fan fiction, and the infinite list of hybrid genres and self-published works. This is an innovation to be cautiously celebrated. Amazon’s platform is not just a retail juggernaut but an aesthetic experiment driven by an unseen algorithm rivaling in the depths of its effects any major cultural shift in history. Here all fiction is genre fiction, and the niches range from the categories of crime and science fiction to the more refined interests of Adult Baby Diaper Lover erotica. *Everything and Less* is a hilarious and insightful map of both the commanding heights and sordid depths of fiction, past and present, that opens up an arresting conversation about why it is we read and write fiction in the first place.

For a man to love a man is a serious crime in Victorian England. But when Mason meets Frost, his heart thunders and his blood catches fire. The Intersection of Animation, Video Games, and Music Lisa Scoggin, Dana Plank, 2023-04-26 In both video games and animated films, worlds are constructed through a combination of animation, which defines what players see on the screen, and music and sound, which provide essential cues to action, emotion, and narrative. This book offers a rich exploration of the intersections between animation, video games, and music and sound, bringing together a range of multidisciplinary lenses. In 14 chapters, the contributors consider similarities and differences in how music and sound structure video games and animation, as well as the animation within video games, and explore core topics of nostalgia, adaptation, gender, and sexuality. Offering fresh insights into the aesthetic interplay of animation, video games, and sound, this volume provides a gateway into new areas of study that will be of interest to scholars and students across musicology, animation studies, game studies, and media studies more broadly.
