**Modern Japanese Grammar Workbook** Naomi McGloin, M. Endo Hudson, Fumiko Nazikian, Tomomi Kakegawa, 2014-05-09 The Modern Japanese Grammar Workbook is an innovative book of exercises and language tasks for all learners of Japanese. The book is divided into two parts: Section A provides exercises based on essential grammatical structures Section B practises everyday functions (e.g. making introductions, apologizing, expressing needs). All sentences are written both in Romanization and in the Japanese script and a comprehensive answer key at the back enables the learner to check on their progress. Key features of the book include: Exercises graded on a 3-point scale according to their level of difficulty Cross-referencing to the related Modern Japanese Grammar Topical exercises drawn from realistic scenarios to help learners develop their vocabulary and practical communication skills Opportunities to practise both written and spoken Japanese. Modern Japanese Grammar Workbook is an ideal practice tool for learners of Japanese at all levels. No prior knowledge of grammatical terminology is assumed and it can be used both independently and alongside the Modern Japanese Grammar (ISBN 978-0-415-57201-9), which is also published by Routledge.

Japanese Grammar: A Workbook for Self-Study Masahiro Tanimori, 2021-04-27 If you've mastered the basics of Japanese grammar and are ready to move to the next level, this book is for you! Each of the 12 chapters is devoted to one widely-used sentence structure and its variations. Chapters are broken down into the following easy-to-follow components: Clear presentation of model sentences Breakdown and explanation of the grammar of key sentence patterns Controlled practice exercises, such as filling in the blanks and imitating model sentences Free practice exercises, using the target sentence structure to create your own sentences Reading comprehension practice, of narrative text and dialogues, for consolidation Online audio files recorded by a native speaker are available for all key Japanese dialogues, and all texts are written in Japanese characters with romanized Japanese and English translation--making the book accessible even for students who have not yet mastered Japanese script. The book is illustrated throughout with drawings that reinforce the meaning of the written text. Japanese Grammar: A Workbook for Self-Study is ideal for anyone studying for the JLPT N3 test, or the AP Japanese Language and Culture test. It is perfect for post-beginners who want to move quickly to the next level, and for intermediate students who want to review and perfect their grammar skills.
