The Sleeping Beauty in the Woods Charles Perrault, 2021-01-08 There were formerly a King and a Queen, who were so sorry that they had no children, so sorry that it cannot be expressed. They went to all the waters in the world; vows, pilgrimages, all ways were tried and all to no purpose. At last, however, the Queen proved with child, and was brought to bed of a daughter. There was a very fine christening; and the Princess had for her godmothers all the Fairies they could find in the whole kingdom (they found seven), that every one of them might give her a gift, as was the custom of Fairies in those days, and that by this means the Princess might have all the perfections imaginable. After the ceremonies of the christening were over, all the company returned to the King's palace, where was prepared a great feast for the Fairies. There was placed before every one of them a magnificent cover with a case of massive gold, wherein were a spoon, knife and fork, all of pure gold set with diamonds and rubies. But as they were all sitting down at table, they saw come into the hall a very old Fairy whom they had not invited, because it was above fifty years since she had been out of a certain tower, and she was believed to be either dead or enchanted. Perrault was an influential figure in the 17th-century French literary scene, and was the leader of the Modern faction during the Quarrel of the Ancients and the Moderns.

A Year in the Woods Colin Elford, 2010-03-04 Colin Elford's *A Year in the Woods* is an enthralling journey into the heart of the English countryside - with a preamble by Craig Taylor. Colin Elford spends his days alone - alone but for the deer, the squirrels, the rabbits, the birds, and the many other creatures inhabiting the woods. From the crisp cold of January, through the promise of spring and the heat of summer, and then into damp autumn and the chill winds of winter, we accompany the forest-ranger as he goes about his work - stalking in the early morning darkness, putting an injured fallow buck out of its misery, watching stoats kill a hare, observing owls, and simply being a part of the outdoors. Colin Elford immerses himself in the richly diverse and unique landscapes of Britain, existing in rhythm with natural environments. For fans of Robert Macfarlane's *Landmarks*, Helen Macdonald's *H is for Hawk* or James Rebanks' *A Shepherd's Life*, Colin's rare and uplifting journey will unveil the true nature and beauty of Britain's countryside. 'This is nature for real . . . Elford describes woodland wonders in short paragraphs of luminous intensity' *Daily Mail* 'A poetic insight in the world of hidden Nature' *Countryman* 'Stalking sharpens the senses and there is an almost hallucinatory clarity to Elford's writing' *Observer* 'Refreshingly unsentimental. Contains some wonderful descriptions and sentences which are so profound they demand a second reading'

Sunday Express Colin Elford is a forest ranger on the Dorset/Wiltshire border. Craig Taylor is the author of *Return to Akenfield* and *One Million Tiny Plays About Britain* and the editor of the magazine *Five Dials*.

The Staircase in the Woods Chuck Wendig, 2025-04-29 A group of friends investigates the mystery of a strange staircase in the woods in this mesmerizing horror novel from the New York Times bestselling author of *The Book of Accidents*. “Chuck Wendig weaves his magic once more, turning a lonely staircase in the woods into a searing, propulsive, dread-filled exploration of the horrors of knowing and being known.”—Kiersten White, author of *Hide and Lucy Undying* Five high school friends are bonded by an oath to protect one another no matter what. Then, on a camping trip in the middle of the forest, they find something extraordinary: a mysterious staircase to nowhere. One friend walks up—and never comes back down. Then the staircase disappears. Twenty years later, the staircase has reappeared. Now the group returns to find the lost boy—and what lies beyond the staircase in the woods. . . .

The Folks in the Woods Mark G. Boyer, 2025-03-18 *The Folks in the Woods* focuses on Mary Ann Ackerson, 1904–91, in an isolated French village located in southeast Missouri. When she was seven years old, her parents—Daly and Sarah Ackeson—died of typhoid fever on successive days in 1911. Because Missouri was not yet a state, there were no adoption procedures for Mary Ann and her two brothers and one sister. The author’s maternal great-grandfather and great-grandmother, Zeno and Sarah Osia, took Mary Ann to live with them. She grew up with their son—Joseph, who died at the age of seventeen two years later—and their daughter, Margaret—the author’s maternal grandmother—who was a few years older than Mary Ann. Mary Ann became a feminist before feminism was invented. At her time in history, she entered a man’s world and adopted it instead of maintaining the customs of a woman’s world. This is her story and the stories of other folks who lived near her in the woods.

The Wood that Built London C. J. Schöler, 2021-10-07 'Meticulously researched yet accessible' Geographical Standing in the busy streets of South London today, it is hard to imagine that much of this suburban townscape was once a vast wood, stretching unbroken for almost seven miles from Croydon to the Thames at Deptford. In *The Wood That Built London*, C.J. Schöler takes us on a journey through time, telling tales of invaders and trade guilds, map makers and soldiers, royals and working class people. From the 8th century to current conservation efforts, Schöler offers a fresh perspective on London's history, with tales of murder, Anglo-Saxon treasure, fires, pandemics, the blitz and more along the way. This compelling narrative history charts the fortunes of the North Wood from the earliest times: its ecology, ownership, management, and its gradual encroachment by the expanding metropolis.

What Lives in the Woods Lindsay Currie, 2021-09-14 For fans of Small Spaces and the Goosebumps series by R.L. Stine comes a chilling ghost story about a girl living in the decrepit and creepy mansion, who discovers something in the woods is after her, from the New York Times bestselling author of Scritch Scratch and The Mystery of Locked Rooms. All Ginny Anderson wants from her summer is to sleep in, attend a mystery writing workshop, and spend time with her best friend. But when Ginny's father—a respected restoration expert in Chicago—surprises the family with a month-long trip to Michigan, everything changes. They aren't staying in a hotel like most families would. No, they're staying in a mansion. A twenty-six room, century-old building surrounded by dense forest. Woodmoor Manor. But unfortunately, the mansion has more problems than a little peeling wallpaper. Locals claim the surrounding woods are inhabited by mutated creatures with glowing eyes. And some say campers routinely disappear in the woods, never to be seen again. As terrifying as it sounds, Ginny can't shake the feeling that there's something darker . . . another story she hasn't been told. When the creaky floors and shadowy corners of the mansion seem to take on a life of their own, Ginny uncovers the wildest mystery of all: There's more than one legend roaming Saugatuck, Michigan, and they definitely aren't after campers. It's after her. This is a teeth-chattering, eyes bulging, shuddering-and-shaking, chills-at-the-back-of-your-neck ghost story. I loved it!—R.L. Stine, author of the Goosebumps series on Scritch Scratch Pick up *What Lives in the Woods* if you are looking for: A book for middle school students, 5th grade to 9th grade A story with a strong female protagonist that explores bravery, friendship, and family Mystery books for kids 9-12 Chilling ghost stories and ghost books for kids (perfect for Halloween!)

A Home from the Woods Michael Antoniak, 2002-09-22 If you've ever dreamt of building your own log cabin, or wondered if or how it could be done, you'll find the answers and inspiration here. Half personal narrative, half how-to, *A Home From The Woods* details the methods used for four different log cabin projects: Uncovering and Restoring A Standing Cabin; A Hand-hewn Cabin; Building with Rounded Logs; and Taking Down and Recreating An Original Log Cabin. That straightforward advice is countered with a first person narrative as the author relates his young family's experiences and misadventures completing these projects. With little finances and less know-how, but plenty of determination and a little creativity, they proved again and again that if you long for that idyllic cabin of earth and wood, it can be achieved. And, even if you'll never set first foot in the forest you'll be entertained reading what some people will put themselves through for "the simple life" in the country.
