**Ghosthunters** John B Kachuba, 2007-07-13 In *Ghosthunters*, John Kachuba explores some of America's great haunts while he introduces us to the people who actually go searching for ghosts. His writing takes the reader on a haunted journey—it's like riding shotgun with him while he creeps through haunted asylums, abandoned farmhouses, and historic battlefields, and speaks with some of the biggest names in this field of study. If something goes bump in the night, have no fear—John Kachuba won't be far behind. —Jeff Belanger, founder of Ghostvillage.com and author of *The World's Most Haunted Places* Why do ghosts fascinate so many people? To answer that question, writer and paranormal researcher John Kachuba aka “The Ghosthunter” investigates haunted locations throughout the country and interviews scores of people who have had paranormal encounters. The author discovers a growing interest in ghosts today, which has spurred an American pop culture phenomenon based on the supernatural. Combining his case reports of actual hauntings, discussions with leading figures in the paranormal world, and stories about related subjects—buying ghosts on eBay, buying and selling haunted houses, ghost tourism—*Ghosthunters* presents an intriguing and witty look at America's paranormal world. Set off down the trail of the paranormal and read about: A ghost hunt in a Connecticut coffee shop with lay religious demonologist David Considine. Spending the night with the ghost of Miss Lily at St. Augustine, Florida's historic St. Francis Inn. Spiritualist minister Rev. Rose Vanden Eynden's abilities to talk with the dead. The search for the headless inmate on a ghost hunt at West Virginia's Moundsville State Penitentiary.

**America's Haunted Universities** Matthew L. Swayne, 2012-10-08 Every campus has its ghosts. These are their stories. From haunted libraries to doomed dorms, journalist Matthew L. Swayne has scoured the country for the creepiest ghost encounters at our bastions of higher education. This guide explores the strangest and most enduring stories, complete with first-hand accounts from ghost hunters and the tales behind the hauntings as they've been handed down through the generations. Meet long-dead college faculty who just can't get enough research time, coeds who met untimely ends, the carnivorous Penguin man, the ghostess with the mostess, and a supposed poltergeist named “Monkey Boy.” Turn off the lights and get ready for the chilling stories of the scariest places on the most popular American colleges.

**Growing Up Psychic** Chip Coffey, 2012-04-03 Internationally recognized psychic and star of A&E's hit show *Psychic Kids: Children of the Paranormal*, Chip Coffey shares his personal story of discovering his gift at a young age and offers

valuable advice for nurturing and embracing psychic ability. No one knows more about psychic kids than Chip Coffey, and no expert on psychic kids is better known throughout the world. These kids are widely misunderstood, misjudged, and misdiagnosed. In *Growing Up Psychic*, Chip Coffey offers indispensable information for anyone who interacts with these extraordinary youngsters—parents, educators, medical professionals, mental health clinicians, members of the clergy, paranormal investigators—and adults who faced the challenges of growing up psychic. In *Growing Up Psychic*, drawing on his firsthand experience and the true stories of kids he has worked with and helped, Chip Coffey shows you how to:

- Determine if a child is really psychic—as opposed to simply imaginative or seeking attention
- Identify the different kinds of psychic abilities kids (and adults) might have
- Gain control over when and how psychic information is received
- Safely connect with others in the psychic community
- Deal with skeptics and disbelievers

“Read Chip Coffey’s book to learn about an astonishing, inspiring, unexplained propensity of the human mind.” —from the foreword written by Dr. Raymond Moody, author of *Life After Life*

Nightmares with the Bible Steve A. Wiggins, 2020-11-16 Demons! *Nightmares with the Bible* views demons through two lenses: that of western religion and that of cinema. Sketching out the long fear of demons in western history, including the Bible, Steve A. Wiggins moves on to analyze how popular movies inform our beliefs about demonic forces. Beginning with the idea of possession, he explores the portrayal of demons from ancient Mesopotamia and the biblical world (including in select extra-biblical texts), and then examines the portrayal of demons in popular horror franchises *The Conjuring*, *The Amityville Horror*, and *Paranormal Activity*. In the final chapter, Wiggins looks at movies that followed *The Exorcist* and offers new perspectives for viewing possession and exorcism. Written in non-technical language, this book is intended for anyone interested in how demons are perceived and how popular culture informs those perceptions.

*The Demonologist: The Extraordinary Career of Ed and Lorraine Warren* Gerald Brittle, 2013-07-18 If you think ghosts are only responsible for hauntings, think again. *The Demonologist* reveals the grave religious process behind supernatural events and how it can happen to you. Used as a text in seminaries and classrooms, this is one book you can't put down. For over five decades Ed and Lorraine Warren have been considered America's foremost experts on demonology and exorcism. With over 3,000 investigations to their credit, they reveal what actually breaks the peace in haunted houses. Expertly written by Gerald Daniel Brittle, a nonfiction writer with advanced degrees in literature and psychology specializing in mystical theology. Don't miss the Warrens in the new movie *The Conjuring*.

**Conversations with Ed and Lorraine Warren** T. Sealyham, 2012 Demonologists Ed and Lorraine Warren, the original ghost hunters, sit down with fellow demonologist Tony Spera to discuss their most famous cases. Ed Warren began his ghost-hunting career at a young age because he lived in a real haunted house and witnessed paranormal activities firsthand. Clairvoyant and light medium Lorraine Warren discovered her psychic abilities such as reading aura, hearing spirits,

detecting evil presences and/or preternatural entities with more and more exposure to the supernatural world. Lorraine appears on A&E's Paranormal State TV series. The one thing Lorraine has learned, there are no atheists in a true haunted house. The Amityville Horror, a true story, is the Warrens' most famous haunting investigation. The house at 112 Ocean Avenue in Amityville, Long Island, New York, is the subject of international newspaper articles, thousands of websites, over a dozen books and at least ten films. The alleged diabolic possession of Ronald Defeo, Jr. and the Amityville murders by an evil presence is an ongoing debate. Were there ghosts, spirits and other invading psychic entities in the house? George and Kathy Lutz claimed they fled the house from an invading entity or entities. Was it a hoax? What happened to the Amityville Horror house? The Warrens tell all. Allen and Carmen Snedeker experienced the real horror of living in a possessed house in Southington, Connecticut, when they unknowingly moved into a haunted funeral home infested with paranormal activity. Only an exorcism sanctioned by the Catholic Church brought peace to the house. The Snedekers' story was made into a horror movie titled The Haunting in Connecticut and summoned more media attention the second time around than the first. Ed referred to the Jack and Janet Smurl family as the chosen ones. The chosen is a person or persons God chose to prove to the world he is more powerful than any demon or devil. A book and TV movie titled The Haunted was made about this case. Ed describes methods used to provoke the spirits in the house and how they responded. Lorraine and Ed were in a friend's home when Ed noticed a Werewolf in London movie on television. This werewolf film was featured on the TV show Sightings and real London police officers were talking about being attacked by a real werewolf with real werewolf characteristics including hands, eyes and teeth. The Warrens knew about the werewolf myth, folklore and werewolf syndrome. They knew the many names associated with the werewolf mythology such as lycanthropy, lycanthrope and lycan. Ed explains how Lorraine got him involved in this case, why Bill Ramsey turned into a werewolf and what happened during Bill's exorcism. The Brookfield Demon murder trial is the first known court case in the United States alleging innocence due to demonic possession. The Warrens alleged David Glatzel, a boy at the time, was possessed by many devils. When Arne Cheyenne Johnson challenged the devil to possess him the devil took him up on his offer. Ed Warren shares why he thinks the courts were wrong not to allow the devil in Connecticut made me do it defense. Taking psychic photographs comes naturally to some people but others need a little guidance. Lorraine and Ed discuss the art of psychic photography and how to get psychic images with any camera. Ed shares a story about a psychic photo of a couple whose love survived beyond the grave. The conversations with the Ed and Lorraine are not limited to famous cases. They share stories about the mysterious places they have visited such as Borley Rectory, Cross Keys Hotel and Pub, Stonehenge, Whitby Abbey, the Fairy Glenn, haunted castles, the grave of Merlin the Wizard, Loch Ness, Transylvania and St. Joseph's Oratory. They also share stories of miraculous miracles and discuss human vampires and sorcerers.

*Ethel Wilson* David Stouck, 2011-11-01 When Ethel Wilson published her first novel, *Hetty Dorval*, in 1947, she was nearly sixty years old. With her following books, she established herself as British Columbia's most distinguished fiction writer and one of Canada's best loved and most studied authors. Although she enjoyed and even encouraged her reputation as an unambitious latecomer who wrote for her own pleasure, she was, as David Stouck reveals in this book, a person who took her writing very seriously. Drawing on the Wilson papers held at the University of British Columbia, Stouck provides an important survey of Wilson's talents while at the same time offering the fullest biography of the author to date. Especially interesting is Wilson's previously unpublished correspondence with her editor John Gray and with fellow writers such as Mazo de la Roche, Earle Birney, Dorothy Livesay, and Margaret Laurence. Nine short stories are included in this volume, eight of which are previously unpublished and one which is reprinted for the first time in a collection of Wilson's work.

**Citizenship and Democratic Doubt** Bob Pepperman Taylor, 2004 Much of the world today views America as an imperialist nation bent on global military, economic, and cultural domination. At home few share this negative view. Bob Pepperman Taylor, however, argues that US moral self-righteousness may potentially imperil democratic ideals and threaten democracy.

*Gender Equity: Challenges and Opportunities* Vasundhara Mahajan, Anandita Chowdhury, Urvashi Kaushal, Namrta Jariwala, Sharon A. Bong, 2022-04-19 This book comprises the proceedings of the TEQIP III Sponsored 2nd International Conference on "Gender Equity: Challenges and Opportunities" (2nd ICOGECAO 2020 -Virtual Mode), held at Sardar Vallabhbhai National Institute of Technology, Surat, Gujarat, India, from 25 to 27 November 2020. ICOGECAO provided a platform for researchers from multiple countries to present their views about the challenges associated with gender equity. Gender equity is one of the seventeen Sustainable Development Goals (SDG 5) set up by the United Nations in 2015, to promote and empower all genders equally. The proceedings strongly support the ideas of gender neutrality and blow out the mind-set of limiting gender studies to only women rights. They offer a collection of articles that break the stereotypes and myths often wrongly associated with gender. The ideas in the presented papers highlight gender-based discriminations, ask important questions and share facts that encompass beyond the so-called boundary lines. The authors contributed on various topics including but not limited to violence, crime, discrimination, and abuse against women and LGBTQ+ community. The basic motive of the presented book is to incorporate ideas and contribute to the sensitization and education about the important yet often neglected issues of gender equality. Thus, this book proves to be an essential resource for educators and researchers working in the field of gender studies. The work presents challenges caused due to COVID-19, social media, popular culture and work-life balance and explores empowerment through law, skills, technology and media. Some interesting case studies highlighted gender discrimination in science, sports and law. A variety of papers on literary texts

were examined from a gender lens. The proceeding is divided into five subsections: 1. law, 2. literature, 3. management, 4. sociology and 5. social studies. The proceeding provides a wider perceptive and visuals about the scenarios which needs attention. The ideas presented will be helpful for achieving the sustainable development goal of gender equity to a greater extent.

*Black Freethinkers* Christopher Cameron,2019-09-15 *Black Freethinkers* argues that, contrary to historical and popular depictions of African Americans as naturally religious, freethought has been central to black political and intellectual life from the nineteenth century to the present. Freethought encompasses many different schools of thought, including atheism, agnosticism, and nontraditional orientations such as deism and paganism. Christopher Cameron suggests an alternative origin of nonbelief and religious skepticism in America, namely the brutality of the institution of slavery. He also traces the growth of atheism and agnosticism among African Americans in two major political and intellectual movements of the 1920s: the New Negro Renaissance and the growth of black socialism and communism. In a final chapter, he explores the critical importance of freethought among participants in the civil rights and Black Power movements of the 1960s and 1970s. Examining a wealth of sources, including slave narratives, travel accounts, novels, poetry, memoirs, newspapers, and archival sources such as church records, sermons, and letters, the study follows the lives and contributions of well-known figures, including Frederick Douglass, Zora Neale Hurston, James Baldwin, and Alice Walker, as well as lesser-known thinkers such as Louise Thompson Patterson, Sarah Webster Fabio, and David Cincore.

*The Cambridge Companion to Theatre and Science* Kirsten E. Shepherd-Barr,2020-12-03 Theatre has engaged with science since its beginnings in Ancient Greece. The intersection of the two disciplines has been the focus of increasing interest to scholars and students. *The Cambridge Companion to Theatre and Science* gives readers a sense of this dynamic field, using detailed analyses of plays and performances covering a wide range of areas including climate change and the environment, technology, animal studies, disease and contagion, mental health, and performance and cognition. Identifying historical tendencies that have dominated theatre's relationship with science, the volume traces many periods of theatre history across a wide geographical range. It follows a simple and clear structure of pairs and triads of chapters that cluster around a given theme so that readers get a clear sense of the current debates and perspectives.

**Corporate Imaginations** Mari Dumett,2017-08-22 The first extended study of the renowned artists' collective Fluxus, *Corporate Imaginations* examines the group as it emerged on three continents from 1962 to 1978 in its complexities, contradictions, and historical specificity. The collective's founder, George Maciunas, organized Fluxus like a multinational

corporation, simulating corporate organization and commodity flows, yet it is equally significant that he imagined critical art practice in this way at that time. For all its avant-garde criticality, Fluxus also ambivalently shared aspects of the rising corporate culture of the day. In this book, Mari Dumett addresses the “business” of Fluxus and explores the larger discursive issues of organization, mediatization, routinization, automation, commoditization, and systematization that Fluxus artists both manipulated and exposed. A study of six central figures in the group—George Brecht, Alison Knowles, George Maciunas, Nam June Paik, Mieko Shiomi, and Robert Watts—reveals how they developed historically specific strategies of mimicking the capitalist system. These artists appropriated tools, occupied spaces, revealed operations, and, ultimately, “performed the system” itself via aesthetics of organization, communication, events, branding, routine, and global mapping. Through “corporate imaginations,” Fluxus artists proposed “strategies for living” as conscious creative subjects within a totalizing and increasingly global system, demonstrating how these strategies must be repeated in an ongoing negotiation of new relations of power and control between subject and system.
