New to the LSP classroom? A selection of monographs on successful practices Martina Vránová, 2023-05-23 As Languages for Specific Purposes have always been defined as student-oriented, the rationale behind this volume is to use the rather neglected niche of the other necessary agent of language instruction and thus focus on the LSP practitioner. This turn towards the instructor has been motivated by the fact that a great number of LSP practitioners enter their jobs without previous expertise. They lack LSP education, or they may not even have a background in applied linguistics. This motivation has proven valid as many of the volume's contributors have faced this particular situation in their professional lives. For insights into the LSP field and guidelines on the best practices, they must rely on their colleagues who offer to share their experience through workshops, conferences, or papers, which is what this volume provides. The primary goal of this volume is to present considerations of what challenges LSP practitioners face and should be prepared for in their jobs and to provide practice-tested methodological guidelines on such demanding teaching techniques as blended and flipped learning or tandem learning. All papers have been written by LSP practitioners and researchers in higher education. Thus, this volume provides both guidance and self-reflection. In other words, it is written by experienced LSP practitioners for aspiring LSP practitioners about how they see themselves and what effort they make to meet the challenges of their jobs. As proof that LSP practice is a global challenge, papers have been collected from many European countries, the USA, Uruguay. Even though most papers

are naturally concerned with English, being the lingua franca of today, the collection also features guidelines for teaching Spanish, French and Dutch for specific purposes. Moreover, the target disciplines these languages are taught for encompass business, engineering, sociology or medicine, thus supporting the assumption of the universal character of problems LSP practitioners deal with.

The Practise Of Teaching English , Panduan Praktis Terampil Mengajar Bahasa Inggris Dengan Kreatif Di Sekolah Slamet Riyanto, 2023-07-14 Meskipun hampir semua guru bahasa Inggris di SMP, SMA/MA dan SMK telah mengikuti sejumlah pelatihan In-Service dan On-Service dalam mengajar bahasa Inggris di sekolah yang diselenggarakan oleh Kementerian Pendidikan dan Kebudayaan, namun masih banyak guru yang masih perlu strategi, teknik dan taktik mengajar bahasa Inggris di kelas sesuai dengan kondisi siswa dan sekolah masing-masing. Buku *The Practice of Teaching English* ini dimaksudkan terutama bagi guru bahasa Inggris di SMP, SMA dan SMK dengan kelas besar dan sumber daya yang terbatas. Praktik Mengajar Bahasa Inggris, sebagai tersirat dalam judulnya, didasarkan pada teori-teori tentang Pengajaran Bahasa Inggris (PBI) dan pengalaman pribadi saya dalam mengajar di SMA. Buku ini berisi enam bab, setiap bab fokus pada teknik yang berbeda untuk mengajar bahasa Inggris dan menyediakan berbagai kegiatan yang sangat praktis untuk diterapkan di dalam kelas. Bab Satu berbicara tentang latar belakang dan pengajaran bahasa Inggris di Indonesia. Dalam Bab Dua, kami menyajikan kepada Anda Praktik Mengajar Bahasa Inggris. Bab Tiga konsentrasi pada Perencanaan Pelajaran. Sementara itu, Bab Empat mengenai Pengelolaan Kelas. Menggunakan Visual Aids dalam Pengajaran Bahasa Inggris dapat ditemukan di Bab Lima. Akhirnya, dalam Bab Enam, kita fokus pada Menggunakan Komputer dalam Belajar dan Mengajar Bahasa. Fitur atau ciri-ciri yang paling penting dari buku ini adalah sebagai berikut: - Buku ini praktis untuk mengajar bahasa Inggris. Buku ini hanya berkaitan dengan teknik-teknik untuk mengajar bahasa Inggris di SMP, SMA dan SMK. - Buku ini tidak mencakup semua teknik mengajar yang tidak biasanya digunakan di SMP, SMA dan SMK. - Buku ini dapat digunakan oleh guru-guru Bahasa Inggris yang sudah berpengalaman dan maupun yang belum berpengalaman sebagai bacaan tambahan. - Buku ini dapat digunakan oleh mereka yang tertarik atau sibuk dengan mengajar bahasa Inggris di sekolah atau tempat pelatihan lainnya.

Teaching English in a European and Global Perspective Marko Modiano, 2020-09-10 This book provides the reader with a basis upon which to develop teaching and learning methodologies for the multicultural classroom. It is a valuable tool for language teachers who want to implement educational practices that best serve the needs of learners eager to acquire proficiency in languages of wider communication such as English. Focusing on cross-cultural communicative competency, and with chapters on the historical spread of English, the pros and cons of utilizing American and British norms, and new alternative methods and practices, this book provides English instructors with the foundation they will need to meet the challenges of teaching a lingua franca in the age of globalization. Novel conceptualizations of language are presented which

bring pluralism and multiculturalism center stage. The volume serves to show how teachers and teacher trainees can best assist learners in their pursuit of oral communication skills in the world's most utilitarian language.

TEACHING SPEAKING (ENGLISH) THROUGH YAHOO MESSENGER Saidna Zulfiqar bin tahir, 2013-04-15 Many teachers have made efforts to make their class interesting by using various methods, techniques, instruments and materials in order to stimulate the students to learn English. In oral English class for example, the students are served with conductive learning activity so they can speak English as well as possible. The first thing a teacher should do is to create the best condition for learning as an instrument to see the learning take place. The teacher is responsible to create a situation that provides opportunities and stimulate the students to communicate English orally. So that, it can develop the students' self-confidence to be brave in speaking that can improve their speaking skill. This book elaborate how YM can be used as a tool or medium to improve students' speaking skill are the program is easy to use and familiar for the students, they already registered at Yahoo email, and they can practice their language skill to chat orally with native or non native speakers of English over the world through all YM facilities.

Teaching English Nancy Grimm, Michael Meyer, Laurenz Volkmann, 2015-09-16 Teaching English covers all of the major issues and current trends in language learning and teaching, such as the trends toward empiricism, constructivism, differentiation, learner- and output-orientation, intercultural learning, and the use of multimedia. This book bridges the gap between the suggestions of theoretical approaches to foreign language teaching and the practical needs of both the educators (regardless of the institutions they are teaching and the experiences they have gathered) as well as the students. It will help readers profit from the materials and reflected practices for use in their own classrooms. And lastly, the book offers optimal preparation for exams in university courses and in teacher-training seminars.

Pragmatic Competence and Relevance Elly Ifantidou, 2014-06-12 This book probes into under-researched issues in L2 pragmatics. Firstly, pragmatic competence, pragmatic awareness and metapragmatic awareness are re-defined and clearly distinguished on theoretical grounds. Secondly, pragmatic competence and its manifestations are evaluated on empirical grounds by distinct criteria and validated testing measures. More importantly, genuine pragmatic inference is elicited in contexts of online interpretation where figurative speech plays a central role. Genre-specific discourse which occurs in editorials and news reports serves as a natural testbed for examining the role of advanced mind-reading abilities in developing pragmatic competence. Sperber and Wilson's relevance theory accommodates the findings of empirical assessment and yields new insights in the cognitive procedures activated during interpretation. The comprehensive theoretical and methodological treatment of pragmatic competence makes this book of interest to researchers and students in pragmatics, L2 theory and applications, genre studies, and to those concerned with the cognitive underpinnings of communication in L2.

Language and Esl Methodology Irwin Goldstein, 2020-09-23 It is unfortunate but true that many misconceptions exist regarding teaching English to non-English speakers. Just as one who can read is not by that criterion alone capable of teaching reading, knowing a particular language does not ensure that one can effectively teach it. It is an error to assume that "common sense" can guide one in this regard. True "common sense" is simply not as common as many may believe. What may appear a sensible thing to do in teaching ESL, may in fact (as one who reads the book will see) prove counter-productive and in turn detrimental to the learning process. This book focuses on subject matter which includes the question of what language actually is (it's components, skills, and traits), the mystery of the origin of language, the history of the English language, an in-dept view of the Audio-Lingual (ALM) teaching method (its philosophy, approaches and one time long standing popularity) as well as its decline as a foundation course, ESL testing (with an emphasis on measuring one's oral ability and progress) along with a complete aural-oral testing instrument, culture as a significant factor in language learning, and a question and answer section for clarifying items of interest of those involved in the field of ESL. The book is designed to be of value to ESL teachers and administrators, students preparing to teach ESL, volunteers in need of learning more about the field and individuals who may simply be interested in the history of the language (especially English) and/or ESL methodology. The book's information is expected to increase the knowledge of readers as well as to help some strengthen and others develop a solid foundation upon which to rely in whatever approach they choose to teach ESL.

Podcasting and Education Carola Boehm,Tim Canfer,Camilo Salazar,2025-07-31 Podcasting and Education: Concepts, Communities and Case Studies provides both theoretical frameworks and real-life examples to support readers in the use of podcasting as a medium in education. This edited collection brings together the collective experience of educators from around the world who use podcasting in their pedagogical toolset, providing a rich, diverse collection of practical insights for educating through podcasting. Readers will be able to gain a deeper understanding of the diversity of opportunities for embedding audio into the classroom, learn from practitioners and educators who have been using podcasting in education for years, and gather ideas from inspirational case studies that represent models which can be adapted, adopted, or amended to suit a variety of contexts. This book will be of interest to both educators and podcasters with an interest in facilitating learning journeys in day-to-day settings, educational classrooms, and academia, as well as instructors of all kinds, including those teaching audio, media production, and journalism.

DESIGNING CLASSROOM MANAGEMENT THEORY & PRACTICE YUDI HARI RAYANTO,NURUS SOBAKH, Designing a perfect classroom on learning cannot be taken place abruptly. It needs of course some preparations which support it. The preparations themselves do not only come from the ability of Teachers on learning internally but also administrative preparation, such as syllabus and lesson plan. The indicator which learning can be stated can run smoothly is when the teachers and students do not find some difficulties at all on learning, but surely it is impossible. There must be many aspects which make the learning cannot run well. Lacking of motivation on learning, disruptive students and some other things will arise. This book is designed for overcoming all aspects which will occur in the classroom and also provides some steps on making the learning becomes easier to be implemented by teachers. Therefore, the writer believes that this book will give some beneficial impacts for the candidate of teachers whereas they are still learning in university, for teachers who want to deepen their upgrading knowledge and also for all observers or researchers who want to analyze the theory of learning and its phase. This book cannot be accomplished well because of limited time of the writer and his tight activity. However, his first deepest gratitude goes to ALLAH S.W.T who has always blessed him with the ability on having a strong power and health in accomplishing this textbook. A fabulous and an extra appreciation are shared to his beloved wife, daughters, and son who always support, motivate and encourage him in completing this textbook. Some constructive, valuable critics and comments are really welcome on making this textbook be better.

ENGLISH WRITING DEVELOPMENT LIXIA WEI, 2018-02-13 English Writing Development: 4MAT Learning Style and Thinking Visualization Strategies is designed as an introductory course in English writing for students, teachers and all those who consider writing is important and fun. It is based on the author's own experience of teaching English writing to undergraduates who major in English, and training students to participate in provincial and national English writing contests. Instead of showing the skeleton of writing to readers directly, the author integrates the 4MAT Process Approach that she has developed on the basis of the 4MAT learning style and the Process Approach into the design of the book, aiming to increase learners' motivation by answering why they should learn, what they should learn, how they should apply what they have learnt and what if the situation changes in each chapter. With corpora, news and students' work as resources to collect sample sentences, paragraphs and essays, the author elaborates eight main aspects which are writing process, writing a paragraph, writing an essay, methods of paragraph development, types of clause, types of sentence, rhetorical devices, paraphrase and summary. English Writing Development: 4MAT Learning Style and Thinking Visualization Strategies is not only the ideal English writing textbook for students at different levels but also functions equally well as a self-tutoring textbook. The simple reader-friendly explanations coupled with interesting and meaningful examples, figures, tables and the checklists are of great help for the learners to make progress on their own. Armed with the strategies elaborated in the book, learners most probably will find that WRITING IS FUN!

Using Language Learning Materials Claudia Fernández, Adon Berwick, 2022-07-15 This volume centres on the domain in materials research that is the least investigated: how language teachers and learners use materials. Issues such as how the use of materials by teachers and learners inform materials writers, whether and how teachers' perspectives influence how they perceive and enact materials, and what are the factors that contribute to teachers' use of both traditional and innovative textbooks are discussed here. The volume also addresses some of the theoretical frameworks that inform materials use, and will advance the readers' understanding of this promising area of materials research. It will appeal to postgraduate students, teachers, materials developers, and researchers.

The Intersection of Library Learning and Second-Language Learning Karen Bordonaro, 2013-12-01 Language learning and library learning in a university setting are closely related endeavors that intersect at various times and locations, and with various teachers and learners. This book is an examination of how these intersections are experienced by language learners. Its aim is to explore the two types of learning to help sustain and develop the learning in both areas. The Intersection of Library Learning and Second-Language Learning: Theory and Practice is aimed at practitioners, both librarians and language instructors, and describes everyday scenarios which will resonate with academic librarians and language instructors. It presents practical experiences and accompanies them with a consideration of the literature of both librarianship and language education. It reviews and evaluates professional practices employed by working librarians and language instructors in their dealings with international students. Considerations of the intersections between language learning and library learning are placed within a theoretical framework of learner autonomy. This framework offers librarians and language instructors methods and practices that enable students to take control of their learning in the areas of both language learning and library learning. A concluding chapter offers ways to connect the framework of learner autonomy to settings outside that of a university context.
