I Can Do It Louise Hay, 2004-01-01 The New York Times best-selling author of *You Can Heal Your Life* You can do it. You can change your life for the better—and the best part is that you already have the tools within you to do so! In this concise yet information-packed book—which you can download the audio from the included link and listen to or read at your leisure—bestselling author Louise L. Hay shows you that you can do it—that is, change and improve virtually every aspect of your life—by understanding and using affirmations correctly. Louise explains that every thought you think and every word you speak is an affirmation. Even your self-talk, your internal dialogue, is a stream of affirmations. You're affirming and creating your life experiences with every word and thought. Your beliefs are merely habitual thinking patterns that you learned as a child, and many of them work very well for you. But other beliefs may be limiting your ability to create the very things you say you want. You need to pay attention to your thoughts so that you can begin to eliminate the ones creating experiences that you don't want. As Louise discusses topics such as health, forgiveness, prosperity, creativity, relationships, job success, and self-esteem, you'll see that affirmations are solutions that will replace whatever problem you might have in a particular area. By the end of this book, you'll be able to say I can do it with confidence, knowing that you're on your way to the wonderful, joy-filled life you deserve.

Little Things Make a Big Difference Laurin Sydney, 2002-02-01 Was it Napoleon who first said, Good things come in small packages, or someone in the jewelry industry? Whoever coined that phrase had the wisdom to realize that little things can make a big difference. For the past 10 years, as the entertainment anchor for CNN, Laurin Sydney has been privy to the private lives of Hollywood royalty, where a wish is their command. Past the tall palms and long driveways of dreams . . . lives a world filled with so much success and privilege, where you would assume that anyone would be happy. But happiness is not about that house on the hill—it's about constructing a home in your heart. . . . This book is filled with joyful jolts and enlightening exercises for your home, your relationships, your kids, your workplace, and you. For example, you can make small, simple gestures that may not help to establish world peace but that can bring peace and joy to your world. . . . One little chocolate kiss, added to the lunchbox of a frightened first grader. . . . A package of dried chicken soup slipped inside a get-well card for your sniffling sister. . . . A hanky with your perfume, strategically placed in your honey's business luggage. . . . Some apple tea for your daughter's teacher on her birthday . . . A sprig of dried lavender slipped into your pillowcase to ensure sweet dreams . . . We've already been taught not to sweat the small stuff, now let some small stuff make a big difference for you.

They're constantly being put into the position of making choices, and are steadily being barraged with news about the critical state of the world. How children handle these issues is a direct reflection of how they truly feel about themselves. The more a child loves and respects him- or herself, the easier it will be to make the right choice.
