The Magic Lantern Jose Tomas de Cuellar,2000-11-16 José Tomas de Cuéllar (1830-1894) was a Mexican writer noted for his sharp sense of humor and gift for caricature. Having a Ball and Christmas Eve are two novellas written in the costumbrista style, made popular in the mid-nineteenth century by the periodical press in which these sketches of contemporary manners were first published. The stories are a sensitive reflection of the effects of modernization brought by an authoritarian regime dedicated to order and progress. Christmas Eve describes a volatile middle class in which people pursue pleasure and entertainment without regard to morality. Having a Ball depicts women and their dedication to fashion. It is through them that Cuellar examines a society susceptible to foreign values, the importation of which radically altered the face of Mexico and its traditional customs.

John Osborne John Heilpern,2009-03-04 John Osborne, the original Angry Young Man, shocked and transformed British theater in the 1950s with his play Look Back in Anger. This startling biography-the first to draw on the secret notebooks in which he recorded his anguish and depression-reveals the notorious rebel in all his heartrending complexity. Through a working-class childhood and five marriages, Osborne led a tumultuous life. An impossible father, he threw his teenage daughter out of the house and never spoke to her again. His last written words were I have sinned. Theater critic John Heilpern's detailed portrait, including interviews with Osborne's daughter, scores of friends and enemies, and his alleged

male lover, shows us a contradictory genius—an ogre with charm, a radical who hated change, and above all, a defiant individualist.

Fatherhood, Authority, and British Reading Culture, 1831-1907 Melissa Shields Jenkins,2016-04-15 During a period when the idea of fatherhood was in flux and individual fathers sought to regain a cohesive collective identity, debates related to a father's authority were negotiated and resolved through competing documents. Melissa Shields Jenkins analyzes the evolution of patriarchal authority in nineteenth-century culture, drawing from extra-literary and non-narrative source material as well as from novels. Arguing that Victorian novelists reinvent patriarchy by recourse to conduct books, biography, religious manuals, political speeches, and professional writing in the fields of history and science, Jenkins offers interdisciplinary case studies of Elizabeth Gaskell, George Meredith, William Makepeace Thackeray, George Eliot, Samuel Butler, and Thomas Hardy. Jenkins's book contributes to our understanding of the part played by fathers in the Victorian cultural imagination, and sheds new light on the structures underlying the Victorian novel.

Reimag(in)ing the Victorians in Contemporary Art Isobel Elstob,2023-11-20 From contemporary deployments of taxidermy, magic lanterns and microscopy to the visualization of forgotten lives, marginalized narratives and colonial histories, this book explores how the work of artists including Mat Collishaw, Yinka Shonibare, Tessa Farmer, Mark Dion, Dorothy Cross and Ingrid Pollard reimag(in)es the Victorians in the 'present'. Examining how recent paintings, sculptures, photographs, installations and films revisit and re-present nineteenth-century technologies, practices and events, the book's rich interdisciplinary approach applies literary, media and linguistic theories to its analysis of visual art, alongside in-depth discussions of the Victorian inventions, concepts and narratives that they invoke. The book's emphasis on how - and why - we represent the historical past makes its contribution particularly timely. And by drawing attention to the importance of historiography to the work of these artists, it also unravels the complicated history of History itself. This book will speak to diverse audiences including those interested in art history, visual culture, Victorian and neo-Victorian studies, as well as literature, histories of science and media, postcolonialism, museology, gender studies, postmodernism and the history of ideas.

Narrative Art and the Politics of Health Neil Brooks,Sarah Blanchette,2021-03-15 This intersectional collection considers how literature, film, and narrative, more broadly, take up the complexities of health, demonstrating the pivotal role of storytelling in health politics.

Modern Enchantments Simon During,2009-06-30 "A history of "secular," or non-supernatural, or entertainment magic as an important but neglected constituent of modern culture" (Nicholas Daly). Magic, Simon During suggests, has helped shape

modern culture. Devoted to this deceptively simple proposition, During's superlative work, written over the course of a decade, gets at the aesthetic questions at the very heart of the study of culture. How can the most ordinary arts—and by “magic,” During means not the supernatural, but the special effects and conjurings of magic shows—affect people? *Modern Enchantments* takes us deeply into the history and workings of modern secular magic, from the legerdemain of Isaac Fawkes in 1720, to the return of real magic in nineteenth-century spiritualism, to the role of magic in the emergence of the cinema. Through the course of this history, During shows how magic performances have drawn together heterogeneous audiences, contributed to the molding of cultural hierarchies, and extended cultural technologies and media at key moments, sometimes introducing spectators into rationality and helping to disseminate skepticism and publicize scientific innovation. In a more revealing argument still, *Modern Enchantments* shows that magic entertainments have increased the sway of fictions in our culture and helped define modern society's image of itself. Praise for *Modern Enchantment* “During documents the extent to which magic and magical thinking have pervaded, and continue to pervade, secular life . . . the author examines 19th- and 20th-century theatrical magic and “commercial conjuring” with great sensitivity to the social and cultural context in the Western world. Equally fascinating is the analysis of magic and early film.” —R. Sugarman, *Choice* “A richly informed, warmly argued addition to the growing number of books in which writers worry at the pervasive blurring of distinctions between act and appearance, organic consciousness and artificial intelligence, imagination and empirical experience, illusion and thought, reality TV and real life, dreams and money.” —Marina Warner, *Financial Times* “During moves confidently across three centuries of magic (and covers aspects of a few more besides). The sheer wealth of historical detail he provides is impressive, but no less impressive is the subtlety of his argumentation, and the suggestiveness of his claims . . . This extremely significant piece of work will appeal to literary critics, historians, and not least, devotees of magic.” —Nicholas Daly, author of *Modernism, Romance, and the Fin de Siècle: Popular Fiction and British Culture, 1880-1914*

A Voice in the Wilderness Reid Neilson, Scott Marianno, 2018-06-01 In April 1888, Andrew Jenson, Danish immigrant and convert to the Mormon faith, received an unexpected invitation from church leaders to speak at their general conference. Jenson was an outsider to this conference tradition, a layman whose only standing before the main body of Latter-day Saints came from a contracted position with the Church Historian's Office. Forty-two years later, in April 1930, Jenson offered his twenty-eighth and final general conference sermon. He had become the voice of institutional record keeping in his over forty-year career as an Assistant Church Historian. His sermons demonstrated the growth and expansion of the Mormon general conference tradition in the twentieth century, as they placed the Latter-day Saint story front and center for church members to learn from and celebrate. In addition, Jenson urged conference goers to keep better personal and institutional records and

believed he was often the solitary advocate for church record keeping and historical preservation. A Voice in the Wilderness presents all twenty-eight of Andrew Jenson's general conference sermons, with introductions and annotations that set them within their historical and religious contexts. His speeches capture a unique period in Mormon history, one of institutional change, accommodation, and growth. This study of Jenson's sermons uncovers the richness and diversity that thrives just beneath the surface of official ecclesiastical discourse.

Restless Pilgrim Reid L. Neilson, Scott D. Marianno, 2022-03-29 Andrew Jenson undertook a lifelong quest to render the LDS historical record complete and comprehensive. As Assistant Church Historian of The Church of Jesus Christ of Latter-day Saints, Jenson tirelessly carried out his office's archival mission and advocated for fixed recordkeeping to become a duty for Latter-day Saints. Reid L. Neilson and Scott D. Marianno offer a new in-depth study of Jenson's long life and career. Their account follows Jenson from his arrival as a Danish immigrant to 1860s Utah through trips around the world to secure documents from far-flung missions, and on to his public life as a newspaper columnist and interpreter of LDS history. Throughout, Jenson emerges as a figure dedicated to the belief that recorded history united past and present Latter-day Saints in heaven and on earth--and for all eternity. Engaging and informed, *Restless Pilgrim* is a groundbreaking study of an important figure in Latter-day Saint intellectual life during a transformative era in Church history.
