My Feet Are Off the Ground Jeffery Lorenzo Williams, 2021-06-25 This story is about Friendship, Forgiveness, Redemption, Adversity and Tough Love. His feet are off the ground, but he never misses a step. Thirteen year old Jeffery Lorenzo Williams looked forward to this day. It was June 25, the last day of the school year. He never knew this date would be etched in his mind forever. It was the last time he would ever walk. Three kids, Jeff, his brother and his friend playing alone in an apartment. Staring at the barrel of a 22 caliber gun, the bullet fires and his life changed forever. By all accounts he should have been dead. But that's not how the story ends...My Feet Are Off The Ground chronicles his journey. A road paved with pain, despair, uncertainty and rejection leading to acceptance, autonomy, forgiveness's and awakening. The courage to continue, and the boldness to defy the odds. The refusal to sit still and the faith to take big bold steps. He took his last step, not his last breath. Whoever said the sky's the limit, has never met Jeffery Lorenzo Williams. He is a force to be reckoned with. His unyielding determination propels him to succeed. Motivational speaker, expert in diversity and inclusion, disability rights advocate, community organizer, Real Estate Broker doing multi-million dollars' worth of deals, legal analyst, model, J Lorenzo Sneaker and Apparel designer, and author living life on his own terms. Mindful Parenting Kristen Race,2014-01-07 A mindful approach to parenting that helps children (and their parents) feel happier, healthier, calmer, and less stressed in our frenetic era Rooted in the science of the brain, and integrating cognitive neuroscience and child development, Mindful Parenting is a unique program that speaks directly to today's busy families who make up what Dr. Race calls Generation Stress. Research has shown that mindfulness practices stimulate the prefrontal cortex of the brain. Regular stimulation of this part of the brain helps us feel happier, healthier, calmer, less anxious, less stressed, and makes it easier for us to concentrate and think clearly—the very behavior we are hoping our children will display. Dr. Race provides: An explanation of the way the brain works and why parents and kids today are more stressed, anxious, and angry than ever before Practical solutions to the problem: Things parents can do to change brain patterns and create a more relaxed and happier home Brain Coolers: Quick tips that can be used in the moment to help families relax, recharge, and create happiness (such as The Three Breath Hug) Mindful Parenting understands the realities of raising a family in our fast paced and often-frenetic world and provides hundreds of easy-to-implement solutions, both for parents and their children, to help them manage stress, create peace, and live happier lives. This book is a must-read for all parents of our generation.” --Sara Blakely, founder of Spanx

After Joy Ohagwu,2015-10-01 A Christian Inspirational Fiction She had a stunning voice. But he plotted her downfall-and the loss of her faith. When she falls before thousands, will shame win? Sixty thousand people watched as Candace Rodriguez literally fell off the stage while performing the national anthem, wrecking more than her self-esteem. Is her music career over? Now, weighing 350 pounds and jilted by her fiancé after the shame of her public fall, can she find another chance at true love? Will her new Christian faith anchor her future hopes? Former highbrow stock trader, JB Patrickson has had enough of life making mockery of his best laid-out future plans. His father insisted he'd never make it more than selling chicken stock in Kentucky. Proving him wrong, JB succeeded at the NY Stock Exchange, becoming one of the best US traders...until the market crashed in 2008. Seven years later and mired in debt, he can't shake the urge that God is leading him down a different path. The path of accepting his grandmother's request to come help manage her farm, couple hundred miles away, despite his little to nothing knowledge about farming. Has he fallen low enough to toil with his hands to eke out a single meal? What future could God plan for him on a farm? Twenty years after returning to the US from a fulfilling medical mission in Asia, Dr. and Dr. Mrs. Cantwell gratefully send off two sons to college, purchase a flourishing twenty-acre farm, and prepare to settle into their empty nest stage. But what will they do if God leads one more life into their path, one needing

stitches of the soul not of the body? Can they answer His call to service, or will overlooked pain from the past threaten the fragile peace they'd so desperately coaxed into existence to survive together? Find out how these lives intersect at the Day Spring Farms, and watch what God can do to turn brokenness and shattered dreams into masterpieces. The Ancients Shand Stringham, 2016-03-24 Six months ago, Colonel Barton Stauffer retired from activity duty to spend more time with his family. Now he has been reactivated and assigned to lead a team of time travelers in a top-secret research facility buried deep beneath Carlisle Barracks to survey the ancient prehistoric past stretching into antediluvian times, a period for which there are no written records. Our understanding of this time period is based entirely on conjecture, flavored by legend, mythology, oral history, and misunderstood archaeological activity and Stauffer's team is out to find hard facts. The history of humanity is inextricably intertwined with our religious experience and tradition. What lies hidden or lost in the prehistoric past shrouds the truth about man's ancient origins, but extensive cities built of intricately carved monolithic stones prove the existence of early and extraordinarily advanced technologies. As Stauffer leads his team in search of proof of the great flood and of the legendary Hall of Records, hostile forces attempt to obliterate all evidence of humankind's ancient past, and only Stauffer and his team can stop them. The Ancients is the third book in the Barton Stauffer time travel trilogy, which began with Gettysburg Revisited and History Quest. In this third volume, Stauffer leads an elite team of time travelers and antiquarians who are tasked with protecting humanity's ancient historical record and keeping the repository of antediluvian artifacts of humanity's mysterious past safe from those who wish to destroy them, bringing to a dramatic conclusion the saga of mankind's exploration of the past using temporal technology.
