Speeches of Henry Lord Brougham, Upon Questions Relating to Public Rights, Duties, and Interests Henry Brougham  
Baron Brougham and Vaux, 1841

Let the Bastards Come David W. Cameron, 2024-04-03 Anzac Day 2024 represents the 73rd anniversary of the critical battle of Kapyong (23 to 25 April 1951) This book for the first time tells the full story of the Australian, Canadian, New Zealand and American units involved. Fewer than 1,000 Australian and Canadian infantrymen, supported by New Zealand artillery and 15 American Sherman tanks fought off an entire Chinese Division of over 12,000 men and contributed significantly to defeating the great Chinese August offensive. The battle of Kapyong was fought during a heavy downpour in mountainous terrain, with Chinese units infiltrating the Australian lines which extended for seven kilometres. Given the small number of men involved and the long defensive line, several strong points were quickly established. The Australians almost alone, but with support from New Zealand gunners and some American tanks, for the first 24 hours held back the Chinese and were at times surrounded by large numbers of Chinese who launched ongoing human wave attacks against their isolated positions — but the line held with Australians leading bayonet counter charges against the Chinese. Within 24 hours, Canadian troops were committed to the battle and for 12 hours also faced significant attempts by the Chinese to surround their position – they too held their ground. The battle of Kapyong was truly a decisive battle of the Korean War, and for their heroic actions during the battle of Kapyong, the Australian and Canadian infantrymen and American tankers were awarded a rare US Presidential Unit citation.

**Black, White and Grey** Franz Krüger, 2004 In South Africa, the debate about journalism ethics has taken particular turns in contemporary times. Issues of transformation and race have sparked heated debates in the profession. This book grew out of these discussions. **Narrative in English Conversation** Christoph Rühlemann, 2014-01-09 Storytelling is a fundamental mode of everyday

interaction. This book is based upon the Narrative Corpus (NC), a specialized corpus of naturally occurring narratives, and provides new paths for its study. Christoph Rühlemann uses the NC's narrative-specific annotation and XPath and XQuery, query languages that allow the retrieval of complex data structures, to facilitate large-scale quantitative investigations into how narrators and recipients collaborate in storytelling. Empirical analyses are validated using R, a programming language and environment for statistical computing and graphics. Using this unique data and methodological base, Rühlemann reveals new insights, including the discovery of turntaking patterns specific to narrative, the first investigation of textual colligation in spoken data, the unearthing of how speech reports, as discourse units, form striking patterns at utterance level, and the identification of the story climax as the sequential context in which recipient dialogue is preferentially positioned.

Grey Game Theory and Its Applications in Economic Decision-Making Zhigeng Fang, Sifeng Liu, Hongxing Shi, Yi Lin, 2016-04-19 To make the best decisions, you need the best information. However, because most issues in game theory are grey, nearly all recent research has been carried out using a simplified method that considers grey systems as white ones. This often results in a forecasting function that is far from satisfactory when applied to many real situations. Grey Game Theory

Going Grey Scott Davidson, 2016-04-15 Developed countries throughout the world are experiencing population ageing and the new challenges that arise from this change in the national demographic. The phenomenon of an ageing population has necessitated policy reform regarding the role of the state in providing income in retirement and the whole wider social meaning of later life. The politics of ageing have become a key issue for young and old voters alike as well as those who seek to represent them. Politicians carefully consider strategies for developing relationships with older voters in the context of both policy decisions and campaigns as issues that directly affect an ageing population often prove crucial in local and national election campaigns. 'Going Grey' provides insight into how ageing and the increased proportion of older voters is being framed by the media. It investigates emerging discourses on the topic founded on economic pessimism and predictions of inter-generational conflict. By bringing together political communication and media discourses and placing them within the wider context of an ageist society this unique contribution demands us to re-think how the media portray and frame later life and examines the strategic electoral dilemmas facing political parties today. It provides an original and timely resource for scholars, students and general readers interested in understanding more about the mediation of, and the strategic campaign responses to, rapidly ageing populations.

**Crisis of the Wasteful Nation** Ian Tyrrell, 2015-01-19 This study examines rising alarm over waste of natural resources, and its use by Theodore Roosevelt and his administration to further objectives of conservation and an American form of empire. These objectives encompassed both preservationist and utilitarian approaches, centred on efficiency, but interpreting efficiency in social and political rather than economic terms. These policies revealed an emerging idea of

environmental 'habitability' that presaged modern interest in sustainability.

The Grey Album Kevin Young, 2012-03-13 \*Finalist for the 2012 National Book Critics Circle Award for Criticism\* \*A Publishers Weekly Top 10 Literary Criticism and Essays Pick for Spring 2012\* The Grey Album, the first work of prose by the brilliant poet Kevin Young, winner of the Graywolf Press Nonfiction Prize Taking its title from Danger Mouse's pioneering mashup of Jay-Z's The Black Album and the Beatles' The White Album, Kevin Young's encyclopedic book combines essay, cultural criticism, and lyrical choruses to illustrate the African American tradition of lying—storytelling, telling tales, fibbing, improvising, jazzing. What emerges is a persuasive argument for the many ways that African American culture is American culture, and for the centrality of art—and artfulness—to our daily life. Moving from gospel to soul, funk to freestyle, Young sifts through the shadows, the bootleg, the remix, the grey areas of our history, literature, and music.

*Restoration and Revolution in Britain* Gary S. De Krey, 2017-09-16 Charles II was restored to the rule of England, Scotland and Ireland in 1660, less than twelve years after the execution of his father, Charles I, and the ensuing republican experiment in government. Popular at first, the Restoration nevertheless failed to provide lasting settlement in any of the British kingdoms. *Restoration and Revolution in Britain* examines the political history of these kingdoms, from the Interregnum through Britain's eighteenth-century rise to power. Written especially for students approaching the Restoration for the first time, this essential introduction: - Assesses the reasons for the failure of settlement in the reigns of Charles and of his brother, James II - Integrates the histories of Charles's different realms - Examines the many connections between politics and Protestant religious disagreements - Provides helpful historical context for understanding a range of contemporary authors such as Bunyan, Locke and Milton - Concludes with an examination of the Glorious Revolution of 1688-89 and explains why settlement was finally achieved through revolution rather than through restoration

**In Search of Human Dignity** Karin Sporre, 2015 Our human dignity can be taken from us in unjust relationships, which makes resistance and a search for dignity necessary. This search can take place in different ways – in this book through academic studies in theology, ethics and education. Human dignity relates to human rights, which are also explored here; moreover, perspectives from gender and postcolonial theory inform the studies. The reflection on human dignity ends in a discussion of education, making the book a resource in addressing contemporary value issues in education. This collection of lectures, articles and papers covers a certain time period. In the texts particular themes recur, which contributes to continuity and coherence. The focus of more recently written chapters takes the discussion in new directions. Karin Sporre, with a PhD in Ethics from Lund University, Sweden, is Professor in Education focusing on values, gender and diversity at

Umeå University, Sweden. Since 2001 she has been actively engaged in co-operation with South African colleagues. This has inspired comparison between South Africa and Sweden, exemplified in some of the chapters in her book *In Search of Human Dignity*.

**Medicine Across Borders: Exploration of Grey Zones** Susanne Lundin, Rui Liu, Elmi Muller, Anja Smith, 2023-11-15  
Medicine Across Borders provides an interdisciplinary space to discuss the issue of substandard and falsified medical products. Scholars from social and medical sciences collaboratively contribute insight to improving safe medicine access. The circulation of medicines and medical products on the informal market is well-known. Stakeholders, including governmental agencies and biotechnic enterprises, invest much effort in designing and implementing macrolevel interventions to limit the spread of such products. Nevertheless, there is a lack of knowledge and understanding of how informal markets function in everyday medicine access and use. This applies to professionals within and beyond academia, state governments, as well as the general public. This book takes an international perspective, examining the issue of substandard and falsified medical products cross nationally. Falsified and poor-quality medicines are prevalent in low- and middle-income countries, but this book also includes research from high-income countries arguing that they too have vulnerabilities, and emphasising the need for vigilance even in well-resourced and well-regulated regimes. *Medicine Across Borders: Exploration of Grey Zones* provides an interdisciplinary space for a depth and diversity of material that spotlights some contemporary themes hindering access to essential medicines and driving the penetration of substandard and falsified medical products. The authors are drawn from a range of academic disciplines across the social and medical sciences presenting findings from data collected using an eclectic mix of methods and analysis. Surveys, ethnography, narrative case studies, statistical, and thematic analysis are all deployed.

**Dancing With The Devil** Kathleen Dryden,2025-02-21 Dancing With The Devil is about the evil strategies Satan uses to capture the soul of a Christian and how his destructiveness infiltrates the government of a Christian nation. When we let this enemy inside the temple of the Lord, (our heart and mind) and into our government entities we will begin to live a life of deep sorrow and regret. However, regardless of his strategies he cannot enter those places where he doesn't belong unless we give him access through the choices we make that reject Christ's statutes. To dance with the devil is to ignore scriptural wisdom, willingly trading biblical truth for personal lust and power while still claiming to be a Christian, attending church, and influencing others, especially tender hearts and innocent minds. It is to flirt with an evil attitude, and/or participate in evil behavior. Through my own personal experiences, as well as those shared by close friends and family, I have come to realize how the sinful choices each of us makes contributes to our own demise and to the brokenness in our families, which leads to a spiritually and physically broken nation. Every Christian must choose to help reduce evil, bring justice to the innocent, and help turn people to Christ by using wisdom and understanding to make good choices. Dancing With The Devil teaches Christians why it is important to let the Lord open the eyes of our heart so we can understand how that living in disobedience to His Word jeopardizes our soul and creates a world of evil-evil that begins with the smallest intent of the heart and mind, ends with the most wicked action, and sets up our people and our nation for failure. While we will never eradicate all the evil in the world, we must believe that it exists and accurately define it. Then we can judge and punish it, taking warlike action against it when necessary, minimizing its affect on humanity. Those whose goal is eternity in heaven with Jesus must understand His character and His commands. To live a life that contradicts His character and commands is to dance with the devil and endorse evil. When we discover that we are caught in this bondage we must repent; to repent is to stop, then turn around, and return to Jesus with all our heart, letting Him redeem us. When we renew our minds to conform to Jesus and His statutes, and change our behavior then the Lord will hear our prayer and will heal our land.
