The Dorothy Day Book Dorothy Day, 1982 Quotations by various authors, reprinted from the On pilgrimage column of The Catholic worker, edited by Dorothy Day.

30-Day Journey with Dorothy Day Coleman Fannin, 2019-08-06 Enrich each day with wisdom from our greatest spiritual thinkers. Through brief daily readings and reflections, the 30-Day Journey series invites readers to be inspired and transformed. By devoting a moment to meaningful reflection and spiritual growth, readers will find deeper understanding of themselves and the world, one day at a time. Remembered for her radical activism and dedicated life of service, Dorothy Day embodied the power of truly loving your neighbor. Whether you already admire Day or are encountering her for the first time, this journey provides the perfect way to engage the thought of one of the twentieth century's most extraordinary women.

Dorothy Day: The World Will Be Saved by Beauty Kate Hennessy, 2017-01-24 Looks at the life and work of the provocative Catholic social reformer from the personal point of view of someone who knew her well, her granddaughter.

15 Days of Prayer With Dorothy Day Michael Boover, 2013-12-25 Dorothy Day connected radical faith with doing radical deeds. Beginning from her discovery of God in the Word when she was eight years old, Michael Boover shares Dorothy's reflections about her pilgrimage to the daily discipline of readiness and openness to God in her life, especially to God in her neighbor. He shares her words on why and how she prays, on her preference for frequent confession, on her intentional choice of suffering and poverty, and on her desire to imitate the saints and to make sanctity the norm of everyone's life. In these 15 days, we see how Dorothy's discipline gave her true freedom. In particular, it allowed her to give priority to Love - to take the most direct route to God by loving her neighbor. She recognized "the paucity of her own best spiritual efforts and took refuge in the fact that God would do for believers what they could not fully do for themselves." Boover's practical exercises emulate Day's own temperament. They push you to live with more integrity and deeper love, and they show a deep compassion for the difficulty of the challenge.

Social Ethics in the Making Gary Dorrien, 2011-04-06 In the early 1880s, proponents of what came to be called "the social gospel" founded what is now known as social ethics. This ambitious and magisterial book describes the tradition of social ethics: one that began with the distinctly modern idea that Christianity has a social-ethical mission to transform the

structures of society in the direction of social justice. Charts the story of social ethics - the idea that Christianity has a social-ethical mission to transform society - from its roots in the nineteenth century through to the present day Discusses and analyzes how different traditions of social ethics evolved in the realms of the academy, church, and general public Looks at the wide variety of individuals who have been prominent exponents of social ethics from academics and self-styled “public intellectuals” through to pastors and activists Set to become the definitive reference guide to the history and development of social ethics Recipient of a CHOICE Outstanding Academic Title for 2009 award

The Mystery and the World Maria Clara Bingemer,2017-02-23 In The Mystery and the World, Maria Clara Bingemer explores how the place of religion in society has dramatically shifted since the Enlightenment. The modern era is characterised by a major change in humanity's fundamental desires that means that reason has taken the place of faith. Human beings, in their ongoing search for a scientific understanding of the world, have drifted away from seeking any essence of transcendence in their lives. Bingemer examines this transition and how, especially inthe postmodern era, it has led to technology and superficial happiness becoming all-important as opposed to the more sacred sense of contentment that governed us for centuries prior to the Enlightenment. In her discussion, however, Bingemer demonstrates that we as humans have not lost our innate desire to believe in a higher power and that, even in our world of instant satisfaction, we still need to fill the void left by religion. Through well-researched analysis of the modern era and discussion of some of the mystics of more recent times, she reveals to readers how our religious belief, whilst changed, is not dead and is still an important aspect

of our existence.

Great Women of Faith Sue Stanton, 2003

Dorothy Day and the Catholic Worker Movement William J. Thorn, Phillip M. Runkel, Susan Mountin, 2001

Beginning Well Gordon T. Smith, 2001-08-17 Gordon T. Smith contends that a chief cause of spiritual immaturity in the evangelical church is an inadequate theology of conversion. Surveying Scripture, spiritual autobiographies and a broad range of theologies of conversion, he seeks to foster in the Christian community a dynamic language of conversion that leads to spiritual transformation and mature Christian living.

I'm a Nobody Gregory M. Hasty, 2022-02-14 Did you ever want religion and faith to be explained straightforwardly without confusion or perplexing concepts? I'm A Nobody is written by someone like you. It takes everyday common sense and blends it with insight and lays out rational thoughts for believers and non-believers alike. You'll experience how to increase optimism and how to avoid the debilitating effects of worry and anxiety. Readers will explore the depths of what is considered our comfort zone and ways to break free into the areas more fulfilling. Discover how to find the elusive attribute of patience and then to recognize spiritual pride when it appears unwanted and unannounced. This reading is for anyone who has always wondered about how to speak to God and whether He hears what you're saying and explains how to become personal friends with the Lord. We then explore how to eliminate doubt and ways to become more generous. We'll travel along on an imaginary voyage that ventures into heaven to see the promised land, followed by the birth of angels and how they came into being assuming an active role in God's world. We'll gain insight about when Satan arrived and his tactics used on humanity to bring evil and sin into our world. After reading we'll be able to recognize his strategy and formulate a battle plan for protection. What's considered an idol and do we absent-mindedly worship random gods that lead us into lapses of wrongdoing? Contained inside are the types and severity of sins, what constitutes a miracle and what the Bible says about foolishness. The importance of corporate worship is highlighted along with what matters today, a chapter on Our Lives Matter. I'm A Nobody is for everyone, because God sees us all the same. No one is a nobody to God.

Courageous World Changers Shirley Raye Redmond, 2020-01-07 WINNER OF CHRISTIANITY TODAY'S 2021 BOOK AWARD FOR CHILDREN & YOUTH Women of Fearless Faith Meet women who have used their God-given talents to live out their faith to the fullest. Coenobium Michael Casey, 2021-11-08 After sixty years of living in a Cistercian community, Michael Casey combines his down-to-earth observations about the joys and challenges of living in community with an appreciation of the deeper meanings of cenobitic life, taking into account the changes in both theory and practice that have occurred in his lifetime. He invites his readers, especially monks and nuns, to reflect on their own experiences of community as a means of seeing a path forward into the future. Many of the key components of monastic community have kept the same names for more than a millennium. In an age of paradigm shift, Michael Casey invites readers to examine these essential practices of community life and to ask how they might be envisioned in a way that speaks to our contemporaries.

Meditations on Fidelity Sally Jo Nelson Botzler, 2017-06-27 The meditations in this book guide the reader in reflecting on some of the most important questions we can ask ourselves as Christians. This small book also supports readers in improving their commitment to understanding themselves and those they love. These meditations could be used by Christian pastors and counselors as they assist parishioners in coming to terms with remorsefulness about their human flaws and in extending sincere expressions of forgiveness to themselves and toward others both in and outside their faith communities.

American Catholic Charles Morris, 2011-08-24 A cracking good story with a wonderful cast of rogues, ruffians and some remarkably holy and sensible people. --Los Angeles Times Book Review Before the potato famine ravaged Ireland in the 1840s, the Roman Catholic Church was barely a thread in the American cloth. Twenty years later, New York City was home to more Irish Catholics than Dublin. Today, the United States boasts some sixty million members of the Catholic Church, which has become one of this country's most influential cultural forces. In *American Catholic: The Saints and Sinners Who Built America's Most Powerful Church*, Charles R. Morris recounts the rich story of the rise of the Catholic Church in America, bringing to life the personalities that transformed an urban Irish subculture into a dominant presence nationwide. Here are the stories of rogues and ruffians, heroes and martyrs--from Dorothy Day, a convert from Greenwich Village Marxism who opened shelters for thousands, to Cardinal William O'Connell, who ran the Church in Boston from a Renaissance palazzo, complete with golf course. Morris also reveals the Church's continuing struggle to come to terms with secular, pluralist America and the theological, sexual, authority, and gender issues that keep tearing it apart. As comprehensive as it is provocative, *American Catholic* is a tour de force, a fascinating cultural history that will engage and inform both Catholics and non-Catholics alike. The best one-volume history of the last hundred years of American Catholicism

that it has ever been my pleasure to read. What's appealing in this remarkable book is its delicate sense of balance and its soundly grounded judgments. --Andrew Greeley

Laws of Heaven Michael Gallagher, 2018-01-26 In this remarkable book about religion and politics today, Commonweal writer Michael Gallagher asks the question, How does one adhere to an essentially simple faith in a complex society that lacks moral leadership not only in its government, but also in its religious institutions? Laws of Heaven answers by exploring the lives of twelve extraordinary men and women whose controversial beliefs have led them to challenge their church and government as well as to frequently place their lives on the line. Here you will meet some of contemporary America's bravest and most unusual citizens: Marietta Jaegar, whose young daughter was brutally murdered by a serial killer, and who has become a dedicated anti-death penalty and peace activist; Charlie Liteky, who, relinquishing the Medal of Honor and the pension that accompanies it, fasted regularly in order to protest U.S. support of the Contras in Nicaragua; Elizabeth McAlister, who, like her husband, Philip Berrigan, repeatedly took part in acts of civil disobedience to protest American reliance on nuclear weapons; William P. Ford, a Wall Street attorney whose life was turned upside down when his sister was killed in El Salvador. Laws of Heaven is a challenging and provocative contribution to our understanding of the world in which we live. The lives of its twelve subjects force us to confront our own values and to ask how far we would be willing to go for what we believe in.

Working Alternatives John C. Seitz, Dr. Christine Firer Hinze, 2020-07-07 Working Alternatives explores economic life from a humanistic and multidisciplinary perspective, with a particular eye on religions' implications in practices of work, management, supply, production, remuneration, and exchange. Its contributors draw upon historical, ethical, business, and theological conversations considering the sources of economic sustainability and justice. The essays in this book—from scholars of business, religious ethics, and history—offer readers practical understanding and analytical leverage over these pressing issues. Modern Catholic social teaching—a 125-year-old effort to apply Christian thinking about the implications of faith for social, political, and economic circumstances—provides the key springboard for these discussions. Contributors: Gerald J. Beyer, Alison Collis Greene, Kathleen Holscher, Michael Naughton, Michael Pirson, Nicholas Rademacher, Vincent Stanley, Sandra Sullivan-Dunbar, Kirsten Swinth, Sandra Waddock
