Bereolaesque Enitan O. Bereola, 2009-04 WARNING: ETIQUETTE IS BACK ... THIS TIME IT'S SEXY! The old-fashioned, repressed, bland man has been banished to the Himalayas and a new breed is taking center stage. He is a man of style, sophistication, and security, just as strong and confident as his predecessor, but far more diverse in his interests, his tastes, and, most importantly, his self-image. He may be seen at an NBA game one night and an art gallery opening the next. Bereolaesque is that much needed fusion between being a gentleman and being sexy. This savoir-faire man's guide walks every man through the stages of ordinary to excellence in just two hundred pages. Perfect for that coffee table discussion, Bereolaesque lends quality information to everyday people and celebrities alike. Beyond the book's mysteriously eye capturing cover are innovative and appealing ways to maneuver through life's crazes, while keeping cool and maintaining manners. In the midst of a world plagued with economic turmoil, tasteless politics and dark behavior, the gentleman is refreshing and necessary. Bereolaesque is for every man and every woman who believe that chivalry is NOT dead, and individuals who are willing to learn exactly how far something as simple as being a gentleman and proper etiquette can get you in life. Not to mention, ladies are always quite pleased to meet a real gentleman...

*A House Divided* Mark Feldmeir ,2020-09-08 In our current culture of conflict, Americans need a better way of relating to one another and responding to controversial issues; a way that transcends political partisanship and emphasizes universal care, mutual concern, and the flourishing of the common good. In *A House Divided*, Feldmeir suggests that the solution to our political entrenchment is a shared commitment to practicing a politics of compassion; the motivating, unifying ideals of the gospel that insist that we work together for the benefit of the common good. Feldmeir explores eight of the most divisive

issues our day; climate change, immigration, medical aid in dying, Islamic extremism, racism, health care, homosexuality, and preventing suicide; through the lens of a Christian ethic of love, seeking to identify those shared values that affirm our commonality and inspire a more creative and collaborative approach to finding practical solutions and healing our divisions. Each chapter includes a study guide for small group conversations.

Beyond Wealth Alexander Green,2011-05-03 It's not all about the money; the key to true riches Leo Tolstoy said, Nobody knows where the human race is going. The highest wisdom, then, is to know where you are going. Yet many today chase the false rabbits of success: status, luxury, reputation and material possessions. In the quest to have it all, our lives often lack real meaning and purpose. Beyond Wealth is the antidote. New York Times bestselling author Alexander Green takes things right down to brass tacks: We are here for a short time. Knowledge is limitless. Therefore, the most critical knowledge is not any particular skill but rather wisdom about how to live. Fortunately, men and women have had several thousand years to think about what it means to live the good life. And the answers found here, from Plato and Aristotle to Mahatma Gandhi and Stephen Hawking, will both surprise and delight you. Beyond Wealth provides insightful commentary on the most important aspects of our lives: love, work, honor, trust, freedom, death, fear, truth, beauty and other timeless issues. The book is both a thought provoking read and the ideal gift, guaranteed to ennoble, uplift and inspire.

**Whatever** Mike J. Aronson,2021-09-27 Whatever is a book about you. Whatever will help you in your daily life. Whatever will also help you to help others. If Jerry Seinfeld can write a show about nothing and Cosmo Kramer can write a coffee-table book that turns into a coffee table, I can write a book about Whatever. We all have “stuff” we all need to learn how to deal with. We need to adapt in helping others with their stuff also. Many times, people don’t need physical help. They are just looking for someone to talk to and maybe get another perspective of the situation or someone whom they just needed to vent to. Be a good listener. It’s not always about you. When you help someone, chances are, you are helping yourself. At times, people just need some help. The littlest things can make such a big difference—a smile, a laugh, or even just opening the car door for someone. This book is over twenty years and a lifetime of observations, situations, and experiences I have had, and many you have had. The key element of Whatever is to help yourself first and then for you to pass it on to others. We are just a world of people helping people, and sometimes we need a little help. I hope you enjoy reading Whatever and have some laughs and smiles along the way. I know you have seen some of the writings and pictures before. Maybe now you will be able to look at your life differently. Whatever will help you do that and also for you to help someone else. Remember what they tell you on an airplane: “Secure your own oxygen first before helping others.” Enjoy your time.

*The Sinik's Sneezes* Geoff Schultz, 2022-12-27 How do you form your opinions about various issues? Do you let others tell you how you ought to think or what your opinions ought to be? Or do you make an effort to learn as much as you can about an issue and make your own decisions about what seems to make the most sense to you? This book attempts to provide you with some sides of issues that are not usually presented in the schools or the media. For example: A publication of Planned Parenthood stated, "An abortion kills the life of a baby after it has begun." America is named in honor of a pickle peddler. "Two percent of the world's population - Americans - use 60 percent of the world's illicit drugs." Abigail Adams wrote in 1776, "If particular care and attention is not made to the Ladies we are determined to foment a Rebellion, and will not hold ourselves bound by any Laws in which we have no voice, or Representation." A 17 year psychological study came to the conclusion, "Crime is a moral problem." Margaret Sanger wrote: "[The poor and handicapped are] sinister forces of the hordes of irresponsibility and imbecility . . . [those less privileged in society are] a dead weight of human waste." Barry Goldwater pointed out, "A government that is big enough to give you all you want is big enough to take it all away." Benjamin Franklin wrote, "They that can give up essential liberty to purchase a little temporary safety, deserve neither liberty nor safety." Thomas Jefferson claimed that blacks would never be ready to be assimilated into a European type civilization. President Roosevelt said, "To educate a man in mind and not in morals is to educate a menace to society." "In the United States on May 20, 1895, income tax was declared unconstitutional." Charles Darwin stated, "I have tried lately to read Shakespeare, and found it so intolerably dull that it nauseated me." C. S. Lewis declared, "If you want a religion to make you feel really comfortable, I certainly don't recommend Christianity." Robert Heinlein said, "An armed society is a polite society." Hawaiian lava flows known to have happened around 1800 were dated by the potassium-argon method at up to 3 billion years old. "[t]he Gun Control Act of 1968 was passed not to control guns, but to control blacks." Albert Einstein said, "Science without religion is lame." "The Barbie doll is a scale model of a woman who tapes 39-23-33." "[T]he National Association of Police Organization's report on averages of criminals' sentences: For burglary, 5.4 days. For auto theft, 3.8 days. For murder, 2.3 years." A young man received a university football scholarship yet couldn't multiply 9 times 6. Nikita Khrushchev said, "Politicians are the same all over. They promise to build a bridge where there is no river." Mao Tse-Tung

wrote, "Every Communist must grasp the truth, 'Political power grows out of the barrel of a gun'." The Wall Street Journal reported that of the reported AIDS cases, homosexuals and intravenous drug users accounted for 83%. Thomas Jefferson stated, "I think we have more machinery of government than is necessary." Jesse L. Jackson said, "Your children need your presence more than your presents." John Marshall, Chief Justice wrote, "The power to tax involves the power to destroy." Mark Twain said, "All you need in this life is ignorance and confidence; then success is sure." An ancient philosophy said, "Children today are tyrants. They contradict their parents, gobble their food and tyrannize their teachers." "Although intellect and genetic characteristics may influence behavior, crime is a function of individual choice." "In 1658, the Virginia Legislature passed a law to expel all lawyers." An early white explorer said, "[Indians] have always been kinder to me than the whites." Louis Pasteur proved that the very basis of evolution is wrong. Charley Reese stated, "Gun control is not about guns or crime. It is about an elite that fears and despises the common people." The above and more are inside The Sinik's Sneezes.

**THE ME CHANGE....AND THE MODERN MANNERS ADVANTAGE** Anthony Beringen,2012-02-15 Lured by the promise of a brand new life, some people move to a quaint hamlet by the sea. Others are attracted by the peace and quiet of open green fields, fresh air, blue skies, and the wholesome lifestyle promised by a rural life in the countryside. THE ME CHANGE is about a relocation of a completely different kind. It's about a clever adjustment to your 'inner' thought processes to focus more clearly on what you can do better to cope with what's happening in the chaotic, aggressive and digitally-enhanced world around you on the 'outside'. Modern manners represent the precision tools contained within your ME CHANGE toolbox. They are the skills, habits, and overall social finesse that give you the lasting confidence to interact intelligently and in a much more effective way. They are simple yet proven strategies to reshape your personal brand as they help you transition from being merely 'socially functional' to a higher state of being 'socially effective'. Do something great for yourself today and make a ME CHANGE. Reduce stress, change gears, and embrace a new direction to improve the overall quality and happiness of your life. There is a new modern manners advantage in town, and it has nothing to do with which fork you use!

**The Burning Reality** Khan Raheem Raza,2013-05-30 THE REALITY of humankind has been known and shared among every being existing in this world. However, the BURNING reality was somehow undiscovered, hidden, or lost within the people living in the generation today. And now in this twenty-first century, it is to be revealed through one mans brain, feelings, assumption, and reflections to what reality engraved in every heart is about. Components of The Burning Reality has been found in the vast majority of devastating norms, cultures, rituals, and philosophies that are not thoroughly followed within the modern society where human in eyes of humans is not a human. A number of the greatest people, whom are living or have lived among us, once went on to know what reality of humankind is about. Philosophy then took its steps, and interpretation came necessary. What it showed was just about success but never was anything told about what it means for a human or the humanity. Never had it even been known to us with examples or real-life stories. But now, its available and would further be expanding in your heart after you get to know The Burning Reality. And now for, the first time after ages, all parts of reality came together in hope to see repentance from all who gets to know it. When we are to recall the most honorable and wise teachers, then we usually name them as Plato, Socrates, Aristotle, or Galileo. However, we forget what other great teachers have said. These include Seneca, Epictetus, Buddha, Aurelius, and Ovid, who also imparted special wisdom. And so for people reading this book, I bring them alive once again. This book features two poems relating to the concepts that mattered, six short dramatised experiences, and interviews of a few men and women specialised in different position, and a vast majority of revealed reality based in the concepts of love, life, relationship, money, and success through definite interpretation of philosophy and implied use of psychology. The book itself pulls back the buried reality where the need of money, the importance of good relationship, the need of love, the approach to success, and the way of living a wise life have been drowned by all humans. The book would also guide you on how to repent your life by understanding and applying to what is told in it. The Burning Reality tells you the type of human you and others around you are. The Burning Reality shows you how you and others around you are behaving. The Burning Reality announces you what the world is feeling about you because this book has somehow been living in you. THE BURNING REALITY, YOUVE NEVER KNOWN, IS HELD IN YOUR COLD HANDS
