Two Calvin Brian Cramer, 2015-04-15 In this third Zero Calvin novel, Calvin and Tarpa move to Evionia to bring the Ariel system to its inhabitants. But Calvin's life is never so straightforward. Not only must he contend with the day-to-day challenge of being a business owner, but he also finds himself in the middle of a potential war between his new home city and their technophobic neighbors to the west. Meanwhile, Bobford3 assembles a new crew of three talented but eccentric scientists to help him with his latest idea, one that will prove to revolutionize the world if it does not end it first.

Crossing Game D.L. Narrol, 2024-09-06 Book 5 of Colin Limmerick's adventures The fifth book of D.L. Narrol's time travel series has the same steampunk 1912 time-travelers venture again via Dr. Dimitrikov's time machine. They've somehow adopted a misplaced cave lion, an ill-behaved Neanderthal and Olga, the assistant commander of the KGB from their future; The Soviet Union (1970). Captain Limmerick, tries to have his new companions assisted back to their time periods, but not all goes as planned. Dr. Dimitrikov discovered nuclear fuel when they had previously traveled to the U.S.S.R, in previous book Arctic Quest, but is inept on how to use it. They land in 1992, to discover the KGB has been over-run with corrupt pseudo-capitalism. The time machine's control panel is, by mistake, tampered with by the hostile Neanderthal, which leads the time travelers to Johannesburg, South Africa (1900), during the Anglo-Boer War. Captain Limmerick evaded this war twelve years prior, in his own time period; but, is compelled to involve himself because of his religious beliefs and his love and admiration for a victimized Zulu woman. Limmerick's distaste for war comes into play, where he changes history forever.

Beth Norvell Randall Parrish,2022-08-01 Randall Parrish's 'Beth Norvell: A Romance of the West' is a classic tale that plunges readers into the robust setting of frontier life, combining the ruggedness of the Western genre with the tenderness of romance. This narrative, penned with a pen steeped in the traditions of the time, occupies a vital space in the literary canon of American historical fiction. Its rich characterization and evocative landscapes are crafted with a style that reflects the aesthetics and values of the early 20th century, drawing the reader into a world where love and adventure coalesce against a backdrop of the untamed American West. DigiCat Publishing, in its mission to preserve humanity's narrative treasury, offers 'Beth Norvell' in a meticulously formatted edition that captures the essence of Parrish's story while embracing the convenience of contemporary reading experiences. With the transformation into both print and digital forms, this enduring story transcends its original epoch and becomes accessible to a new generation of readers. Randall Parrish, himself deeply rooted in the literary soil of his time, constructed 'Beth Norvell' with the potential to resonate with the dreams and challenges presented by the Western frontier. His works often reflect a preoccupation with history and the American experience, and in this novel, Parrish intertwines his passion for historical accuracy with the universal themes of love and struggle. It is likely that Parrish's own experiences and keen observations of human nature informed the vivid reality and profound emotional depth found within the pages of this work. Tailored for those who cherish the literary craft of yesteryears as well as enthusiasts of Western and romantic fiction, 'Beth Norvell' awaits its readers with a promise of escapism into a bygone era. Recommendable for the classroom and the comfort of one's own reading nook, this novel stands as an emblem of classic storytelling, a fine embodiment of DigiCat Publishing's dedication to celebrating the masterpieces of world literature. Let 'Beth Norvell' convey you to the days of heroic narratives, where endurance and love are the truest testaments to the human spirit.

95 Prostheses Frank G. Honeycutt,2018-01-18 Five hundred years after Luther's famous posting of his 95 Theses in 1517, the church again faces an important crossroads. Sunday worship attendance is shrinking at alarming rates. There are now more "Elvis believers" in the US than Episcopalians and almost limitless spiritual options exist for those who seek faith and trust in something, but are hesitant to commit to a particular path leading to truth. The word prosthesis, normally associated with surgery, is also an apt word to describe the church's need to forge a theological identity that fits our current context.

The church faces change and a transformed body, but not at the expense of the biblical richness and tradition that fueled the restlessness of the reformers. The essays gathered here, arranged around the seasons of the church year, address familiar challenges faced by all pastors and leaders in an era of transition, specifically in Christian formation and discipleship. Appropriate for group and personal reflection, 95 Prostheses employs humor and biblical accessibility with the skeptical outsider who may be considering Jesus and his church for the first time in mind.

The Correspondence of Sarah Morgan and Francis Warrington Dawson, with Selected Editorials Written by Sarah Morgan for the Charleston News and Courier Sarah Morgan Dawson, Francis Warrington Dawson, 2004 The private and public writings in this volume reveal the early relationship between renowned Civil War diarist Sarah Morgan (1842-1909) and her future husband, Francis Warrington Dawson (1840-1889). Gathered here is a selection of their letters along with various articles that Morgan wrote anonymously for the Charleston News and Courier, which Dawson owned and edited. In January 1873 Morgan met Frank Dawson, an English expatriate, Confederate veteran, and newspaperman. By then Morgan had left her native Louisiana and was living near Columbia, South Carolina, with her younger brother, James Morris Morgan. When Sarah Morgan and Frank Dawson met, he was mourning the recent death of his first wife. She, in turn, was still grieving over her family's many wartime losses. The couple's relationship came to encompass both the personal and the professional. To free Morgan from an unhappy dependence on her brother, Dawson urged her to write professionally for his paper. During 1873 Morgan wrote more than seventy pieces on such topics as French and Spanish politics, race relations, the insanity plea, funerals, and fashion gossip---editorials that caused a sensation in Charleston. Only after attaining financial independence through her secret newspaper career did Morgan marry Frank Dawson, in 1874. Morgan's commentary gives us a candid portrayal of the way one southern woman viewed her postwar world---even as she struggled to find her place in it.
