

The Language Of Emotions

David S. Viscott

The Language of Emotions Susanne Niemeier, René Dirven, 1997-04-03 Since the celebration of the 100th anniversary of Darwin's *The Language of the Emotions in Man and Animals* (1872), emotionology has become a respectable and even thriving research domain again. The domain of human emotions is most important for mankind, emotions being right in the center of our daily lives and interests. A key-role in the interdisciplinary scientific debate about emotions has now been accorded to the study of the language of emotions. The present volume offers a new approach to the study of the language of emotions insofar as it presents theories from very different perspectives. It encompasses studies by scholars from diverse disciplines such as linguistics, sociology, and psychology. The topics of the contributions also cover a range of special fields of interest in four major sections. In a first section, a discussion of theoretical issues in the analysis of emotions is presented. The conceptualization of emotions in specific cultures is analyzed in section 2. Section 3 takes a different inroad into the language of emotions by looking at developmental approaches giving evidence of the fact that the acquisition of the language of emotions is a social achievement that simultaneously determines our experience of these emotions. Section 4 is devoted to emotional language in action, that is, the contributions focus upon different types of texts and analyze how emotions are referred to and expressed in discourse.

The Language of Emotions Karla McLaren, 2010-06-01 Emotions—especially the dark and dishonored ones—hold a tremendous amount of energy. We've all seen what happens when we repress or blindly express them. With *The Language of Emotions*, empathic counselor Karla McLaren shows you how to meet your emotions and receive their life-saving wisdom to safely move toward resolution and equilibrium. Through experiential exercises covering a full spectrum of feelings from anger, fear, and shame to jealousy, grief, joy, and more, you will discover how to work with your own and others' emotions with fluency and expertise. Here is a much-needed resource filled with revolutionary teachings and breakthrough skills for cultivating a new and empowering relationship with your feeling states through *The Language of Emotions*.

The Language of Emotions Karla McLaren, 2010-06 Karla McLaren's unique, empathic view of emotions surprisingly revalues even the most 'negative' emotions and opens pathways to understanding the depths of the human soul.---Michael Meade, author of *The World Behind the World* and *The Water of Life* --

The Language of Emotions Workbook Karla McLaren, 2024-12-10 The only official workbook from beloved teacher

Karla McLaren Practical exercises to learn the messages in every feeling, deepen emotional intelligence, and live with self-compassion Understanding our emotions can be hard! Many of us have never been taught how to work with our emotions, other than trying to avoid them when they're unpleasant for us or others. Empathy researcher Karla McLaren teaches us a better way than repression. "All of your emotions are essential to your well-being. Each one brings you a specific kind of intelligence to guide your thoughts and actions," she writes. With *The Language of Emotions Workbook*, this innovative teacher offers practical tools and exercises to help you understand the wisdom in your emotions—so you can live with more ease. This engaging workbook distills the key points of McLaren's beloved book *The Language of Emotions* (translated into 11 languages worldwide) into short, accessible exercises. You'll learn:

- Empathic mindfulness practices to connect with yourself and your feelings, including *Getting Grounded and Focused*, *Defining Your Boundary*, *Conscious Complaining*, *Burning Contracts*, *Rejuvenation*, and more
- Insights and practices for each of the seventeen emotions—from anger to panic to joy
- Questions to ask yourself to understand the message behind each emotion

This essential treasury of insights and practices will help you deepen your emotional awareness and intelligence in every aspect of your life.

The Language of Emotions ... Niemeier-Dirven, René Dirven, 1997-01-01 Since the celebration of the 100th anniversary of Darwin's *The Language of the Emotions in Man and Animals* (1872), emotionology has become a respectable and even thriving research domain again. The domain of human emotions is most important for mankind, emotions being right in the center of our daily lives and interests. A key-role in the interdisciplinary scientific debate about emotions has now been accorded to the study of the language of emotions. The present volume offers a new approach to the study of the language of emotions insofar as it presents theories from very different perspectives. It encompasses studies by scholars from diverse disciplines such as linguistics, sociology, and psychology. The topics of the contributions also cover a range of special fields of interest in four major sections. In a first section, a discussion of theoretical issues in the analysis of emotions is presented. The conceptualization of emotions in specific cultures is analyzed in section 2. Section 3 takes a different inroad into the language of emotions by looking at developmental approaches giving evidence of the fact that the acquisition of the language of emotions is a social achievement that simultaneously determines our experience of these emotions. Section 4 is devoted to emotional language in action, that is, the contributions focus upon different types of texts and analyze how emotions are referred to and expressed in discourse.

Summary of Karla McLaren's The Language of Emotions Everest Media, 2022-04-22T22:59:00Z Please note: This is a companion version & not the original book. Sample Book Insights: #1 Emotions are a source of great resourcefulness. If you can learn to focus and work with the information inside each of your emotion states, you can become intimately connected to the source of your intelligence and heal your most profound wounds. #2 Empathy is a powerful tool that can help us understand others, but it can also be a double-edged sword. While empathes are very sensitive and intuitive, they can also get

right to the center of any issue, but in a culture that can't figure out what emotions are, empathes are difficult to understand. #3 I missed the important early stage of turning off my preverbal empathic skills in order to develop the verbal skills of emotional subterfuge. As a result, I could not listen to the dangerous ideas surrounding emotions and accept them. I had to find my own way. #4 Empathic skills allow us to see the world as alive with knowledge and meaning. They help us listen to the meaning underneath words, understand living things and nature, and connect with the world around us.

The Language of Emotions Maïa Ponsonnet, 2014-12-15 The Language of Emotions: The case of Dalabon (Australia) is the first extensive study of the linguistic encoding of emotions in an Australian language, and further, in an endangered, non-European language. Based on first-hand data collected using innovative methods, the monograph describes and analyzes how Dalabon speakers express emotions (using interjections, prosody, evaluative morphology) and the words they use to describe and discuss emotions. Like many languages, Dalabon makes broad use of body-part words in descriptions of emotions. The volume analyzes the figurative functions of these body-part words, as well as their non-figurative functions. Correlations between linguistic features and cultural patterns are systematically questioned. Beyond Australianists and linguists working on emotions, the book will be of interest to anthropological linguists, cognitive linguists, or linguists working on discourse and communication for instance. It is accessible also to non-linguists with an interest in language, in particular anthropologists and psychologists.

The Language of Emotions Salman Akhtar, Harold P. Blum, 2005 This book is about affect-its origins, development, and uses-and how it is viewed in a clinical setting. The authors track and further develop the recent major changes in the understanding of affect. From its roots in childhood development to its cross-cultural aspects, affect remains clinically relevant in issues such as aggression and forgiveness.

The Language of Emotions Zina Galaka, PH D, 2021-09-10 This represents a work that discusses how emotions talk to the individual and guide the individual in developing a healthy relationship with oneself and with others. It's a basic interpretation of what each emotion signifies and how it presents itself.

Language and Emotion. Volume 1 Gesine Lenore Schiewer, Jeanette Altarriba, Bee Chin Ng, 2022-11-07 The Handbook consists of four major sections. Each section is introduced by a main article: Theories of Emotion – General Aspects Perspectives in Communication Theory, Semiotics, and Linguistics Perspectives on Language and Emotion in Cultural Studies Interdisciplinary and Applied Perspectives The first section presents interdisciplinary emotion theories relevant for the field of language and communication research, including the history of emotion research. The second section focuses on the full range of emotion-related aspects in linguistics, semiotics, and communication theories. The next section focuses on cultural studies and language and emotion; emotions in arts and literature, as well as research on emotion in literary studies; and media and emotion. The final section covers different domains, social practices, and applications, such as society, policy,

diplomacy, economics and business communication, religion and emotional language, the domain of affective computing in human-machine interaction, and language and emotion research for language education. Overall, this Handbook represents a comprehensive overview in a rich, diverse compendium never before published in this particular domain.

The Language of Emotion Cathleen Lynne Smith Allen, 1972

The Language of Emotions Karla McLaren, 2010-07-30 Emotions - especially the dark and dishonored ones - hold a tremendous amount of energy. We've all seen what happens when we repress or blindly express them. With *The Language of Emotions*, empathic counselor Karla McLaren shows you how to meet your emotions and receive their life-saving wisdom to safely move toward resolution and equilibrium. Through experiential exercises covering a full spectrum of feelings from anger, fear, and shame to jealousy, grief, joy, and more, you will discover how to work with your own and others' emotions with fluency and expertise. Here is a much-needed resource filled with revolutionary teachings and breakthrough skills for cultivating a new and empowering relationship with your feeling states through *The Language of Emotions*.

The Routledge Handbook of Language and Emotion Sonya Pritzker, Janina Fenigsen, James Wilce, 2019-12-06 The Routledge Handbook of Language and Emotion offers a variety of critical theoretical and methodological perspectives that interrogate the ways in which ideas about and experiences of emotion are shaped by linguistic encounters, and vice versa. Taking an interdisciplinary approach which incorporates disciplines such as linguistic anthropology, sociolinguistics, applied linguistics, psychology, communication studies, education, sociology, folklore, religious studies, and literature, this book: explores and illustrates the relationship between language and emotion in the five key areas of language socialisation; culture, translation and transformation; poetry, pragmatics and power; the affective body-self; and emotion communities; situates our present-day thinking about language and emotion by providing a historical and cultural overview of distinctions and moral values that have traditionally dominated Western thought relating to emotions and their management; provides a unique insight into the multiple ways in which language incites emotion, and vice versa, especially in the context of culture. With contributions from an international range of leading and emerging scholars in their fields, *The Routledge Handbook of Language and Emotion* is an indispensable resource for students and researchers who are interested in incorporating interdisciplinary perspectives on language and emotion into their work.

The Language of Feelings David Viscott, 1983 Argues that a clear understanding and free expression of one's feelings provide release from self-limiting defenses and emotional binds and access to fuller experience and satisfaction

Expressly Human Mark Changizi, Tim Barber, 2022-07-26 Good communication, conventional wisdom suggests, is calm, logical, rational. Emotions, we're told, just get in the way. But what if this is backwards? What if those emotional overtones are the main messages we're sending to one another, and all that logical language is just window dressing? Over billions of years of evolution, animals have become increasingly sophisticated and increasingly sentient. In the process, they evolved

emotions, which helped improve their odds of survival in complex situations. These emotions were, at first, purely internal. But at some point, social animals began expressing their emotions, in increasingly dramatic ways. These emotional expressions could accurately reflect internal emotions (smiling to express happiness)—or they could be quite different (smiling to cover up that you're actually furious, but can't tell your boss that). Why did once-stone-faced animals evolve to be so emotionally expressive—to be us? The answer, as evolutionary neurobiologist Mark Changizi and mathematician Tim Barber reveal, is that emotional expressions are our first and most important language—one that allows us, as social animals, to engage in highly sophisticated communications and negotiations. Expressly Human introduces an original theory that explains, from first principles, how the broad range of emotional expressions evolved, and provides a Rosetta Stone for human communication. It will revolutionize the way you see every social interaction, from deciding who gets the last slice of pizza to multimillion-dollar business negotiations, and change your definition of what makes us human.

The Language of Emotions Amadeu Rossi, 2025-01-09 The Language of Emotions Complete Guide to Emotional Management Emotions are the invisible foundation that shapes our choices, relationships, and perception of the world. This work transcends the mere concept of emotional intelligence to offer a deep dive into the art of understanding, regulating, and transforming feelings into tools for growth. With a practical and accessible approach, readers are guided to uncover the patterns governing their mind and body, learning to decipher the unique language that each emotion brings. Among insights into self-awareness and techniques like mindfulness, meditation, and conscious breathing, lies a powerful invitation to create inner balance amidst the demands of modern life. Through carefully crafted strategies, this guide not only teaches how to handle challenging emotions but also demonstrates how to cultivate joy, gratitude, and resilience. It reveals how to integrate body and mind to achieve lasting harmony, turning obstacles into opportunities and fostering healthier, more authentic relationships. Filled with practical wisdom and profound reflections, this book is a map for those seeking a fuller life, where every emotion, whether light or shadow, becomes an indispensable ally for self-development. An essential read for anyone who wishes to navigate the seas of existence with serenity and purpose.

Language and Emotion. Volume 3 Gesine Lenore Schiewer, Jeanette Altarriba, Bee Chin Ng, 2023-05-08 The Handbook consists of four major sections.
