Reading The Sopranos David Lavery, 2006-02-24 Bada bing! What drama. The most important work of American popular culture in fifty years is how the New York Times describes The Sopranos. Critically-acclaimed, award-winning, and the most watched show on HBO, the mobster drama swirls around the middle-aged Mafioso, Tony Soprano (James Gandolfini). Having to negotiate two families, both at home and at work, is it any wonder he is suffering an epic midlife crisis involving Prozac and visits to a therapist? The series quickly became compulsory watching when it first screened back in 1999 and has since gone on to become an international hit and subject of intense discussion. Coinciding with the sixth and penultimate series, Reading The Sopranos offers a timely response to one of the most talked about shows on television. This book explores how The Sopranos has rewritten the rules of television drama and changed attitudes about television itself. Contributors present fresh perspectives on psychotherapy and dreams; racism and the Italian-American community; Carmela and post-feminism; The Sopranos as an HBO brand; racism; the full cast of 'gangsters Italianate' that people Sopranos' New Jersey; and much more. Reading The Sopranos also features a timeline, character list and complete episode guide, as well as editor David Lavery's up to date 'Intertextual Moments and Allusions on The Sopranos'.

Kabbalah and Postmodernism Sanford L. Drob, 2009 Kabbalah and Postmodernism: A Dialogue challenges certain long-held philosophical and theological beliefs, including the assumptions that the insights of mystical experience are unavailable to human reason and inexpressible in linguistic terms, that the God of traditional theology either does or does not exist, that «systematic theology» must provide a univocal account of God, man, and the world, that «truth» is «absolute» and not continually subject to radical revision, and that the truth of propositions in philosophy and theology excludes the truth of their opposites and contradictions. Readers of Kabbalah and Postmodernism will be exposed to a comprehensive mode of theological thought that incorporates the very doubts that would otherwise lead one to challenge the possibility of theology and religion, and which both preserves the riches of the Jewish tradition and extends beyond Judaism to a non-dogmatic universal philosophy and ethic.

Holding Center When 'I Don't Know What to Do!' Christopher Alan Anderson,2012-09-19 What to do?--Our task will be to define a center anew that can hold things together when everything is falling apart. We must know why the center is the center to hold ourselves together.

20th Century Poems Mr. Rohit Manglik,2023-04-23 Exploration of modernist and postmodern poetry (Eliot, Plath, Hughes).

Sailing to Byzantium Robert Silverberg,2013-05-14 Six science fiction novellas by the author hailed as “a master” by Robert Jordan—including two Nebula Award winners and two finalists. Robert Silverberg’s novellas open the door to new worlds: In “Born with the Dead,” a woman wills her body to be “rekindled” after death, allowing her to walk among the living, while her husband is left in the impossible position of accepting her death when he can still see her. In the Nebula Award-nominated story “Homefaring,” the time-traveling narrator finds himself trapped in the consciousness of a lobsterlike creature of the far future, leading him to reflect on what it means to be human. And in the collection’s Nebula Award-winning title story, the Earth of the fiftieth century is a place where time is elusive and fluid, and young citizens live as tourists in ancient cities. “When Silverberg is at the top of his form, no one is better,” says George R. R. Martin. Also including Nebula Award finalist “The Secret Sharer,” as well as “Thomas the Proclaimer” and “We Are for the Dark, this collection offers an engrossing exploration of the work of this Grand Master, hailed by the New York Times Book Review as “the John Updike of science fiction.” This ebook features an illustrated biography of Robert Silverberg including rare images and never-before-seen documents from the author’s personal collection.

Favorite Reflections Lisa Hayes-Minney,2019-11-09 When I accepted the reporter position at the newspaper, I thought I would work there for the rest of my life. In addition to covering news, local issues, and events, I wrote a weekly column, Reporter's Reflections, which allowed me to give comment and opinions on the news stories I had written. I was younger then, and I thought my schooling had provided me the knowledge I needed to manage the job. My first year taught me otherwise. This collection of reflections from my first year will provide some entertainment, but also a glimpse into what the life of a new reporter covering small-town life is like.

Exhortation to the Monks by Hyperechios ,2024-07-23 Hyperechios's Exhortation to the Monks for the first time in English translation Hyperechios is a little-known monk of the fourth to fifth centuries, who is thought to have lived in Roman Palestine, possibly coastal Sinai. He wrote the Exhortation to the Monks, 160 short sayings, much like the apophthegmata, or sayings of the desert fathers and mothers, but also structurally very different—most of the sayings are two lines of poetry that offer instruction. The Exhortation, and early Christian monastic writings in general, teach that a spiritual life requires a life of training and practice, individually and as a neighbor and friend within one’s community. This volume studies Hyperechios’s Exhortation to better understand the moral and spiritual values in a fourth to fifth-century Christian monastic

community, while reflecting also on how these are contemporary with the modern day. Drawing on modern works by scholars and placing the Exhortation in conversation with contemporary writers on the spiritual life, Tim Vivian begins with an introduction about Hyperechios, his location, the text, then a lengthy reflection on spiritual matters. He follows this with an English-language translation of the Exhortation and the Greek text, both accompanied by footnotes that offer biblical and patristic cross-references. Exhortation to the Monks by Hyperechios will be of interest to scholars and general readers of early Christianity, early monasticism, and Christian spirituality, both ancient and contemporary.

Modernism, Postcolonialism, and Globalism Richard Begam, Michael Valdez Moses, 2019 As England withdrew from its empire after World War II, how did writers living outside the United Kingdom respond to the history of colonialism and the aesthetics of modernism within a global context? In fourteen original essays, edited by Richard Begam and Michael Valdez Moses, a distinguished group of scholars considers these questions in relation to novelists, playwrights, and poets living in English-speaking countries around the world. *Modernism, Postcolonialism, and Globalism* not only examines how modernism and postcolonialism evolved over several generations, but also situates the writers analyzed in terms of canonical realignments inspired by the New Modernist Studies and an array of emerging methodologies and approaches. While this volume highlights social and political questions connected with the end of empire, it also considers the aesthetics of postcolonialism, detailing how writers drew upon, responded to and, sometimes reacted against, the formal innovations of modernism. Many of the essays consider the influence modernist artists and movements exercised on postcolonial writers, from W. B. Yeats, Joseph Conrad, Franz Kafka, Marcel Proust, James Joyce, T. S. Eliot, and Virginia Woolf to Impressionism, Expressionism, Surrealism, and Abstractionism. *Modernism, Postcolonialism, and Globalism* is organized around six geographic locales and includes essays on Africa (Chinua Achebe, Ngugi wa Thiong'o, Nadine Gordimer, J. M. Coetzee), Asia (Salman Rushdie, Arundhati Roy), the Caribbean (Jean Rhys, Derek Walcott, V. S. Naipaul), Ireland (Samuel Beckett, Seamus Heaney), Australia/New Zealand (David Malouf, Keri Hulme) and Canada (Michael Ondaatje). Examining how Anglophone writers engaged with the literary, intellectual, and cultural heritage of modernism, this volume offers a vital and distinctive intervention in ongoing discussions of modern and contemporary literature.

Vertigo Comics Isabelle Licari-Guillaume, 2022-08-30 This book explores the so-called British Invasion of DC Comics' Vertigo imprint, which played an important role in redefining the mainstream comics industry in the US during the early 1990s. Focusing on British creators within Vertigo, this study traces the evolution of the line from its creation in 1993 to its demise in 2019. Through an approach grounded in cultural history, the book disentangles the imprint's complex roots, showing how editors channelled the potential of its British writers at a time of deep-seated economic and cultural change within the comics industry, and promoted a sense of cohesion across titles that defied categories. The author also delves into lesser-known aspects of the Invasion, exploring less-canonical periods and creators that are often eclipsed by Vertigo's early

star writers. An innovative contribution on a key element of comic book history, this volume will appeal both to researchers of Vertigo scholarship and to fans of the imprint. It will also be an essential read for those interested in transatlantic collaborations and exchanges in the entertainment industry, processes of cultural legitimation and cultural hierarchies, and to anyone working on the representation of national and social identities.

In the Middle of a Journey Richard S. Gilbert, 2013-04-17 The role of religious education/faith development among Unitarian Universalists marks the uniqueness of this religious movement. Without dependence on dogma or creed, it is essential that a religious community be free to develop its own distinctive identity. The centrality of religious education was evident in the very beginnings of this liberal denomination. Rev. Richard Gilbert collects many of the most influential statements of religious education philosophy in the anthology *In the Middle of a Journey*. From William Ellery Channings eloquent Sunday School Address to the writings of stalwarts Sophia Lyon Fahs and Angus H. MacLean, these carefully selected essays trace the evolution of faith development from a Christian catechism to a broadly based faith-based quest for values, meanings and convictions. In an age that tends to belittle the past, it is refreshing to realize that if we are to chart where we are going, it is wise to know where we have been. The Unitarian Universalist movement has been in some interesting places, and eagerly seeks an adventurous future.

The Skull Beneath The Skin Mark Huband, 2019-05-20 In *The Skull Beneath the Skin: Africa After the Cold War* award-winning journalist Mark Huband argues that foreign involvement in Africa has been the single most destructive element in the continent's history. He argues that the catastrophes that have erupted since the end of the Cold War are a legacy of that long foreign involvement, and that stab

Anthology of an Exiled African Dissident Mathew K. Jallow, 2020-05-14 Five junior military officers in the Gambia ousted the government of Sir Dawda Kairaba Jawara in 1994. After three decades of relative political stability under a democratically elected government, it was a stunning turn of events – and what followed was two decades of political turmoil, tribalism, massive corruption, disappearances, and forced exile. Mathew K. Jallow, a U.S. citizen who was sentenced to death in absentia for his role in demonstrating against the military dictatorship in his native Gambia, examines his homeland's history and how a global movement toppled the junta. Jallow captures the slow but steady erosion of human rights, economic plunder, and the collapse of state institutions under the junta's heavy-handed Machiavellian rule. He also shows how all too often, funds meant to help the continent end up in the bank accounts of politicians, bureaucrats, and the politically connected. With his insightful commentary, the author helps explain why Africa, the wealthiest continent on the planet, remains hopelessly poor. He also takes readers into the minds of Africans, showing a face of Africa that is still a mystery to much of the developed world.

Our Most Troubling Madness T.M. Luhrmann, Jocelyn Marrow, 2016-09-27 Schizophrenia has long puzzled researchers

in the fields of psychiatric medicine and anthropology. Why is it that the rates of developing schizophrenia—long the poster child for the biomedical model of psychiatric illness—are low in some countries and higher in others? And why do migrants to Western countries find that they are at higher risk for this disease after they arrive? T. M. Luhrmann and Jocelyn Marrow argue that the root causes of schizophrenia are not only biological, but also sociocultural. This book gives an intimate, personal account of those living with serious psychotic disorder in the United States, India, Africa, and Southeast Asia. It introduces the notion that social defeat—the physical or symbolic defeat of one person by another—is a core mechanism in the increased risk for psychotic illness. Furthermore, “care-as-usual” treatment as it occurs in the United States actually increases the likelihood of social defeat, while “care-as-usual” treatment in a country like India diminishes it.

Judges and Saviors, Deborah and Samson Hillel I. Millgram, 2018-03-09 This is a book about a book: it is an in-depth yet reader friendly analysis of the Book of Judges, one of the most dramatic books of the Bible. Against the commonly-held view that this remarkable work is no more than a collection of hero tales stemming from Israel’s earliest days in its land—its “Heroic Age,” so to speak—this study makes the case that the Book of Judges is a unified composition with a single focused message: that it is the values held by a people and not its politics that determine its fate. Further, Judges contends that there is a direct connection between the kind of values people internalize and the level of violence that racks their society, both inflicted from without and generated from within. And not least, that the presence of violence is a symptom that a society has abandoned the moral values of monotheism for the Machiavellian politics of a pagan worldview that worships power as the ultimate reality. The larger-than-life heroes and heroines—Ehud and Jael, Deborah and Gideon, Jephthah and Samson—who people the pages of Judges serve by their example to illustrate the way this thesis works out in the world.

Biblical Critical Theory Christopher Watkin, 2022-11-08 *With a foreword from Tim Keller* A bold vision for Christians who want to engage the world in a way that is biblically faithful and culturally sensitive. In *Biblical Critical Theory*, Christopher Watkin shows how the Bible and its unfolding story help us make sense of modern life and culture. Critical theories exist to critique what we think we know about reality and the social, political, and cultural structures in which we live. In doing so, they make visible the values and beliefs of a culture in order to scrutinize and change them. *Biblical Critical Theory* exposes and evaluates the often-hidden assumptions and concepts that shape late-modern society, examining them through the lens of the biblical story running from Genesis to Revelation, and asking urgent questions like: How does the Bible's storyline help us understand our society, our culture, and ourselves? How do specific doctrines help us engage thoughtfully in the philosophical, political, and social questions of our day? How can we analyze and critique culture and its alternative critical theories through Scripture? Informed by the biblical-theological structure of Saint Augustine's magisterial work *The City of God* (and with extensive diagrams and practical tools), *Biblical Critical Theory* shows how the patterns of the Bible's storyline can provide incisive, fresh, and nuanced ways of intervening in today's debates on everything from

science, the arts, and politics to dignity, multiculturalism, and equality. You'll learn the moves to make and the tools to use in analyzing and engaging with all sorts of cultural artifacts and events in a way that is both biblically faithful and culturally relevant. It is not enough for Christians to explain the Bible to the culture or cultures in which we live. We must also explain the culture in which we live within the framework and categories of the Bible, revealing how the whole of the Bible sheds light on the whole of life. If Christians want to speak with a fresh, engaging, and dynamic voice in the marketplace of ideas today, we need to mine the unique treasures of the distinctive biblical storyline.
