SelfEnemy; an autobiography Nkosikhona Kwazi Qhaloshe, 2022-09-29 This book is about my life and some of the things that I have been through, the good times and the bad times. To tell the story of one's life a single book of this length can only serve as a summary but it is a detailed summary. I am a private student of philosophy and so my writing is influenced by philosophy. In this book I strived to explain my understanding of my life, I wanted to talk about my struggles but my main objective was to bring the audience to what I believe to be a logical understanding of those struggles. Philosophy has taught me to focus on giving answers instead of complaining, and so in this conversation with myself I believe if I have asked and answered myself the questions that I needed to say out loud.

I have also put some philosophy into it because I believe I cannot write a good book without giving people some insight into what has transformed me. philosophy is very transformative. I have also given some parenting advice to parents of this democratic generation because I think the elimination of a certain amount of struggle has created some illusion of a comfort zone whereby people seem to be there in other people's lives but not fully there

Think and Grow Rich Napoleon Hill, 2018-03 THE MAN WHO THOUGHT HIS WAY INTO PARTNERSHIP WITH THOMAS A. EDISON TRULY, thoughts are things, and powerful things at that, when they are mixed with definiteness of purpose, persistence, and a BURNING DESIRE for their translation into riches, or other material objects. A little more than thirty years ago, Edwin C. Barnes discovered how true it is that men really do THINK AND GROW RICH. His discovery did not come about at one sitting. It came little by little, beginning with a BURNING DESIRE to become a business associate of the great Edison. Somewhere, as you read, the secret to which I refer will jump from the page and stand boldly before you, IF YOU ARE READY FOR IT! When it appears, you will recognize it. Whether you receive the sign in the first or the last chapter, stop for a moment when it presents itself, and turn down a glass, for that occasion will mark the most important turning-point of your life. Remember, too, as you go through the book, that it deals with facts and not with fiction, its purpose being to convey a great universal truth through which all who are READY may learn, not only WHAT TO DO, BUT ALSO HOW TO DO IT! and receive, as well, THE NEEDED STIMULUS TO MAKE A START. IN EVERY chapter of this book, mention has been made of the money-making secret which has made fortunes for more than five hundred exceedingly wealthy men whom I have carefully analyzed over a long period of years. The secret was brought to my attention by Andrew Carnegie, more than a quarter of a century ago. The canny, lovable old Scotsman carelessly tossed it into my mind, when I was but a boy. Then he sat back in his chair, with a merry twinkle in his eyes, and watched carefully to see if I had brains enough to understand the full significance of what he had said to me. When he saw that I had grasped the idea, he asked if I would be willing to spend twenty years or more, preparing myself to take it to the world, to men and women who, without the secret, might go through life as failures. I said I would, and with Mr. Carnegie's cooperation, I have kept my promise. This book contains the secret, after having been put to a practical test by thousands of people, in almost every walk of life. It was Mr. Carnegie's idea that the magic formula, which gave him a stupendous fortune, ought to be placed within reach of people who do not have time to investigate how men make money, and it was his hope that I might test and demonstrate the soundness of the formula through the experience of men and women in every calling.
