

Yakub The Father Of Mankind

Elijah Muhammad

Yakub Elijah Muhammad, 2004-07-01

Our Saviour Has Arrived Elijah Muhammad, 1974 This title addresses the creation of God, the New World, and what's referred to as the metaphysical side of Elijah Muhammad's teaching. It eloquently delves into the subject of form and spirit in the simplest terms. The relationship of Jesus, Joseph and Mary is given a critical analysis as it relates to blacks in America.

Islamic Impostors Poray Sr Casimier, 2004-07 From the obscure beginnings of a 1930s ghetto in Detroit to international acclaim, Black Muslims have evoked fright, mystery, and hostility. The Nation of Islam received little attention from the black Christian church, despite its blatantly blasphemous teachings. In weekly radio broadcasts, Elijah Muhammad taught that his doctrine was superior to the Bible and Quran, his mentor was the Messiah/God spoken of in Scripture, and Jesus died in front of a Jewish storefront and remains buried in Jerusalem. From the early 1980s, Louis Farrakhan has taught Elijahs doctrine with one major difference: he stands in the pulpits of Christian churches, mesmerizing the biblically illiterate! *Islamic Impostors* carefully details the irreconcilable differences between Christians, Black Muslims, and Islam, while providing a biblical critique to aid the Christian church.

The Science Of Time Elijah Muhammad, 2008 This title looks at a comparative aspect of how many religions have a timetable to expected events of the future and that although they seem to be addressing different references, they have striking similar and overlapping commonality. How time is told by the different worlds, and the relevance to an upcoming appearance of a Mighty One at the end of a given time. It explores the calendar of the Christians (B.C. & A.D), Othodox Muslim world (A.H.) as well as the universal clock which uses the sun, moon and stars as reference points.

Elijah Muhammad and Islam Herbert Berg, 2009-03 Elijah Muhammad is arguably the most significant figure in the history of Islam in the United States. Successor to W. D. Fard, the founder of the Nation of Islam, and a mentor to Malcolm X, Elijah Muhammad led the Nation of Islam for over forty years. In *Elijah Muhammad and Islam*, Herbert Berg focuses on Elijah Muhammad's religiosity, which is frequently brought into question as the authenticity of the Nation of Islam as truly Islamic remains hotly debated. To better comprehend this powerful and controversial figure, Berg contextualizes Elijah Muhammad and his religious approach within the larger Islamic tradition, exploring his use of the Qur'an, his interpretation of Islam, and his relationships with other Muslims. Above all, Berg seeks to understand—not define or label—Muhammad as a

Muslim. To do otherwise, he argues, is to misunderstand and distort the man, his teachings, his movement, and his legacy.

The Rendezvous Sarah Isaias, 2017-01-19 Embarking on a dangerous quest for the physical and metaphysical origins of the world's great religious traditions, this modern love story follows a Muslim poet and a Jewish physician in the global search for a poem they believe to be the key to humanity's redemption. After traveling the world and facing off against shadowy conspirators and violent extremists, they discover a truth that is powerfully simple yet never more urgent.

The Modern Review Ramananda Chatterjee, 1914 Includes section Reviews and notices of books.

The Promised Land Mary Antin, 2013-09-02 This 1912 classic of the Jewish-American immigrant experience, whose author arrived in Boston from Russia as a child in the 1890s, offers a moving narrative of Old and New World cultures.

The Nuwaubian Nation Susan Palmer, 2016-12-05 The Nuwaubian Nation takes the reader on a journey into an African-American spiritual movement. The United Nuwaubian Nation has changed shape since its inception in the 1970s, transforming from a Black Hebrew mystery school into a Muslim utopian community in Brooklyn, N.Y.; from an Egyptian theme park into an Amerindian reserve in rural Georgia. This book follows the extraordinary career of Dwight York, who in his teens started out in a New York street gang, but converted to Islam in prison. Emerging as a Black messiah, York proceeded to break the Paleman's spell of Kingu and to guide his people through a series of racial/religious identities that demanded dramatic changes in costume, gender roles and lifestyle. Dr. York's Blackosophy is analyzed as a new expression of that ancient mystical worldview, Gnosticism. Referring to theories in the sociology of deviance and media studies, the author tracks the escalating hostilities against the group that climaxed in a Waco-style FBI raid on the Nuwaubian compound in 2002. In the ensuing legal process we witness Dr. York's dramatic reversals of fortune; he is now serving a 135-year sentence as his Black Panther lawyer prepares to take his case to the Supreme Court. This book presents fresh and important insights into racist spirituality and the social control of unconventional religions in America.

Message to the Blackman in America Elijah Muhammad, 1973-11-07 According to countless mainstream news organs, Elijah Muhammad, by far, was the most powerful black man in America. Known more for the students he produced, like Malcolm X, Louis Farrakhan and Muhammad Ali, this controversial man exposed the black man as well as the world to a teaching, till now, was only used behind closed doors of high degree Masons and Shriners. An easy and smart read. The book approaches the question of what and who is God. It compares the concept held by religions to nature and mathematics. It also explores the origin of the original man, mankind, devil, heaven and hell. Its title, Message To The Blackman, is directed to the American Blacks specifically, but addresses blacks universally as well.

THE JOURNAL OF THE ANTHROPOLOGICAL INSTITUTE OF GREAT BRITAIN AND IRELAND, 1874

Children of Ezekiel Michael Lieb, 1998 Discusses the relationship between the biblical prophet Ezekiel's vision of wheels in the air and the present day end-of-time concept as seen in various religious sects.

Dangers to the Faith Al Kresta,2013-05-28 A storm has been brewing in society and its treatment, views, and activities toward the Catholic Faith. Some are subtle, others are more brazen -- New Age thought, questionable spirituality, creedless Christianity, relativism, scientific skepticism, the triumph of technology, and even the self-styled spirituality of Oprah Winfrey. All these masquerade as truth, making it tough for the average Catholic to know how to resist, let alone respond. No one is more qualified to pull back the curtain on the challenges the Catholic Church faces today than Al Kresta, popular Catholic author, speaker, and radio show host. A revert to Catholicism, Kresta is well known for his rigorous examination of topics in art, religion, academia, and business. *Dangers to the Faith: Recognizing Catholicism's 21st Century Opponents* is the perfect springboard for discussing the new world in which the Catholic Church exists today. Learn how to better carry out the missionary mandate of the Church. The question isn't whether you will be a witness to Christ, but whether you will be an effective witness.

Don't Wake The Moon A G Nuttall,2024-06-03 In the quiet woods of a forgotten New England town, something ancient stirs. Something that was never meant to be found. When Leni returns to her late grandmother's house hoping for peace and healing, she instead finds herself at the center of a decades-old mystery. One night, she's contacted by the ghost of a young boy who vanished over thirty years ago. His desperate cry for help pulls her into a chilling web of secrets the town has tried to bury, and forget. But as Leni digs into the past, she uncovers a terrifying pattern: he wasn't the only child to disappear. The deeper she investigates, the more disturbing the truth becomes. Local legends, cryptic symbols, and whispered warnings all point to a dark force hiding beneath the town's surface. An evil that is very much awake. Strange visions plague her. Shadows move where they shouldn't. And something in the woods watches her every step. As the line between the living and the dead begins to blur, Leni realizes she's not just solving a cold case, she's awakening something that was never meant to rise. Haunted by dreams, hunted by secrets, and increasingly unsure of who to trust, Leni must face the darkness creeping into every corner of her world. Because this isn't just a ghost story. It's a battle between light and darkness. And if she fails, she won't be the only one to suffer. *Don't Wake The Moon* is a gripping supernatural horror novel that blends psychological suspense, folklore, and mystery. Perfect for fans of Stephen King, Jennifer McMahon, and Simone St. James, A G Nuttall delivers a haunting tale where the past never stays buried and some spirits refuse to rest.

Manjari: Based on Rumours; Close Enough to Reality Dr. Manishsingh Bhadauria,2024-06-25 On the very onset of married life; Manjari stands at cross road. Dead body of her dreams, desires and expectations lie at her feet. She has been asked by Raghu; her husband to surrender and be the part of his plan. Manjari gets shattered but she soon rises from her own ashes like; a phoenix. She flies high; takes control and chooses to be a rebel. She forces Raghu and his lover Alfina to agree to her conditions to fulfill their agenda. Manjari carves her own path to live and fulfill her own dreams. Raghu has no

other choice but to follow Manjari like an obedient child. He follows her and this forced companionship brings them together unexpectedly. Later, down the course Alfina is shown in her true colors; a big conspiracy surfaces having Godhara Massacre in the background.

White Man's Drum J. Gordon Mumford, 2004

An ABC of Queen Victoria's Empire Antoinette Burton, 2017-01-12 An ABC of Queen Victoria's Empire offers a provocative rewriting of Mrs. Ernest Ames' ABCs for Baby Patriots (1899). Whimsically illustrated for the nursery or primary school child, Ames' book demonstrates how deeply imperialism reached into popular culture during Victoria's reign. This book presents a rather darker view of Victoria's empire, beginning with the wars in Afghanistan and ending with Zam-Zammeh, the large-bore cannon that Kipling's hero sat astride at the opening of his 1901 novel, Kim. It signposts some of the key events, concepts, places and people that shaped the turbulent ground of empire across the long 19th century, providing a serious counterweight to the notion of imperial conquest as child's play. With each letter accompanied by a crisp yet historically nuanced account of its subject, this unique account is the perfect primer for students taking courses on global, imperial and British history.

Routledge Handbook on Early Islam Herbert Berg, 2017-08-10 The formative period of Islam remains highly contested. From the beginning of modern scholarship on this formative period, scholars have questioned traditional Muslim accounts on early Islam. The scholarly fixation is mirrored by sectarian groups and movements within Islam, most of which trace their origins to this period. Moreover, contemporary movements from Salafists to modernists continue to point to Islam's origins to justify their positions. This Handbook provides a definitive overview of early Islam and how this period was understood and deployed by later Muslims. It is split into four main parts, the first of which explores the debates and positions on the critical texts and figures of early Islam. The second part turns to the communities that identified their origins with the Qur'ān and Muḥammad. In addition to the development of Muslim identities and polities, of particular focus is the relationship with groups outside or movements inside of the umma (the collective community of Muslims). The third part looks beyond what happened from the 7th to the 9th centuries CE and explores what that period, the events, figures, and texts have meant for Muslims in the past and what they mean for Muslims today. Not all Muslims or scholars are willing to merely reinterpret early Islam and its sources, though; some are willing to jettison parts, or even all, of the edifice that has been constructed over almost a millennium and a half. The Handbook therefore concludes with discussions of re-imaginings and revisions of early Islam and its sources. Almost every major debate in the study of Islam and among Muslims looks to the formative period of Islam. The wide range of contributions from many of the leading academic experts on the subject therefore means that this book will be a valuable resource for all students and scholars of Islamic studies, as well as for anyone with an interest in early Islam.

Urban Apologetics Christopher W. Brooks, 2014-04-29 Much of the New Testament was written in urban settings, in which the Christian communities had to deal head-on with issues such as race, equality, justice, sexuality, money, and economics. But much of today's apologetics (engagement with the questions that people are asking about Christianity) come from suburban churches and academic studies. Urban believers—those who live and minister in America's inner cities—often face unique issues, not often addressed by the larger Christian community. These questions aren't neat or easy to answer but need to be addressed by applying biblical truth in the culture and challenges of urban life. Author Chris Brooks has ministered for years in the urban environment as well as received extensive theological training. In *Urban Apologetics*, he seeks to connect the riches of the Christian apologetic tradition with the issues facing cities—such as poverty, violence, and broken families. He brings an urban rhythm and sensitivity to the task of demonstrating the relevance of faith and the healing truth that Christ provides.
