Chakra Rituals Cristi Christensen, 2021-08-17 Cristi Christensen's Chakra Rituals is a book that makes the ancient science of Chakras accessible to spiritually conscious women, and offers a seven-week step-by-step program. Learn how to tap into the single most perfect system living inside of each of us—the seven Chakras. While Chakras have become trendy, sexy, cool, and very spiritual, few people today really know how to activate the Chakras' powerful energy for deep transformation. Cristi Christensen aims to change that, and Chakra Rituals offers readers a multi-dimensional, practical, and inspiring structured seven-week step-by-step program. Each week, readers are instructed how to activate a different Chakra,

and each weekday they are led through a dynamic, easy, and motivating practice (altar building; breathing; meditation; vinyasa yoga flow, mudra, writing contemplation, and embodiment) which distills the esoteric concepts and makes them tangible, living experiences. A self-discovery and self-help guide with striking full-color illustrations, Chakra Rituals employs the Chakras' potential to open the pathways to a full, enlightened "aliveness." Seasoned practitioners and newcomers alike are invited to flow with their emotions, claim their power, transform their lives, and align with the divine.

The Magical Empath Book I Lyra Adams, 2020-02-13 Empath, break the chains! Stop feeling overwhelmed and move toward mastery, magic and miracles. The Magical Empath brings together ancient, yet modern time-tested, methods for personal and spiritual transformation. This first in series book speaks to the hearts of empaths, starseeds, lightworkers, crystals, indigo and highly sensitive individuals. It is common to feel very alone with the person you are inside. You know ... the one you have been hiding or trying to tamp down. Yes, that one. The fact is, at this time in our world, there is an army of us. We are here for a reason. It is up to us to help usher in a world that is more transparent, feeling, and ultimately beautifully grounded in truths. The knowledge contained herein is for those serious about leveling up to create an intensely magical life experience for themselves that ultimately touches those around them. Empathic individuals have the capacity to affect or enact magic ... if they choose to. Many do not realize this about themselves yet. They are caught in a tight web of being different and not knowing how to live more free. Like any solid role playing game, we must possess the tools to wield our way through a maze of confusion and fears, seizing the right fortunate opportunities when they arise. While this game we are engaged in is completely an illusion, when we are playing it, the game feels very real. And that is what we do as empaths -- feel. The Magical Empath series is designed to show you the more eloquent moves to make on the chessboard of life. Empowerment through regulation and discernment, plus reaching a full understanding of who you are will propel you into your own magical destiny. In this book, you will master: How to get past the uncomfortable feelings, such as anxiety, and on to the big magic that exists for advanced empaths. How to consistently attract synchronicities into your life that blow your mind and confirm you are on the right track. How to be soft, yet a formidable force for good. How to live in a balanced way with increased sensitivity, creativity and joy. How to magically erect a filter that allows into your field the feelings of others you want to take on or examine. Likewise, you will learn how to not be affected by those emotions coming in that you do not

want. You will gain considerable knowledge about energy — the essence of all — including how to protect, manage it, attract it and receive more of the good energy you desire. And much more Whether you recently discovered you are an empath or have known for quite awhile, this book series will become an invaluable part of your library and something you will want to share with other empathic souls. If you feel ready to move ahead and level up in this game of life, let's get started! Magical empathic lives do come true!
