PROFESSIONAL LEARNER'S DICTIONARY OF SPOKEN ENGLISH DASH, RAJENDRA KUMAR ,2015-12-01 Flipping through a dictionary pages will now be having a new meaning while reading through Professional Learner's Dictionary of Spoken English. Designed as the Encyclopaedia of Communicative English, the dictionary contains whole gamut of idioms, sayings and phrases which are used in conversations—in both formal and informal situations. The book has been conceptualised and conceived for the ESL (English As a Second Language) learners, for whom English is a foreign language, but who are eager to speak Real English like the native speakers of English. This book attempts to go beyond the traditional approaches of Spoken English, and takes a communicative approach. Besides making a user aware of the meaning of a term, this book educates skillfully how to speak effective English, what to speak and what not to speak, in order to communicate flawlessly. Conversational ability, fluency in speaking, situation-specific (such as welcome speech) and format-based speaking (such as participating in a group discussion) are some other features of the book that will help a learner pick up the language effortlessly with ease. The book will be of immense utility for the students of Engineering, Management, Communication and all those for whom expressing their thoughts in words is a barrier, and who want to learn English and succeed in Professional and Personal life.

Honor My Father Clint Nye,2019-07-31 Honor My Father is a true story of how college men came to the US Navy as reservists, instructed by the officers from Annapolis, and teamed together. It brings their many personal stories of interactions with my dad (Air Defense Commander), serving on two destroyers (USS Bancroft & USS Goodrich) with the naming of their actual crew members. My story honors these silent, humble heroes. Thirty Benson-class destroyers were built from 1938 to 1943 and were the most vulnerable in the sea, protecting the fleet. The officers and crews earned 174 Battle Star Citations, one Presidential Citation and two Navy Unit Commendations posthumously. The last section of my true story about Dad, Comedy of Adolescence; describes how as a new professor, working on his Ph.D. this writer entered his teenage years while the two of us moved from the city of Chicago to the small town of Athens, Ohio. After his war experiences, he

experienced nothing like the big guns going off in his ear until the hard pounding drums from my new rock and roll band!

Musicians and their Audiences Ioannis Tsioulakis,Elina Hytönen-Ng,2016-12-19 How do musicians play and talk to audiences? Why do audiences listen and what happens when they talk back? How do new (and old) technologies affect this interplay? This book presents a long overdue examination of the turbulent relationship between musicians and audiences. Focusing on a range of areas as diverse as Ireland, Greece, India, Malta, the US, and China, the contributors bring musicological, sociological, psychological, and anthropological approaches to the interaction between performers, fans, and the industry that mediates them. The four parts of the book each address a different stage of the relationship between musicians and audiences, showing its processual nature: from conceptualisation to performance, and through mediation to off-stage discourses. The musician/audience conceptual division is shown, throughout the book, to be as problematic as it is persistent.

I Could Never Be So Lucky Again James Doolittle,Carroll V. Glines,2009-12-16 After Pearl Harbor, he led America's flight to victory General Doolittle is a giant of the twentieth century. He did it all. As a stunt pilot, he thrilled the world with his aerial acrobatics. As a scientist, he pioneered the development of modern aviation technology. During World War II, he served his country as a fearless and innovative air warrior, organizing and leading the devastating raid against Japan immortalized in the film *Thirty Seconds Over Tokyo*. Now, for the first time, here is his life story — modest, revealing, and candid as only Doolittle himself can tell it.
