Differentiating for the Young Child Joan Franklin Smutny,S.E. von Fremd,2004-03-18 Differentiating for the Young Child is designed to help primary teachers cope with the increase of diverse knowledge sets and different learning styles. This book addresses early identification by using differentiation and offers strategies and methods for intellectual discovery and creative thinking. It tackles issues relating to undeserved students, emphasizes key discipline areas, and discusses differentiated technology use. Forms, charts, samples, and appendices are included throughout the book to help general education teachers apply the material to their classrooms. This book to inspire educators to move in new directions to meet the diverse needs of young students

A to Zoo Rebecca L. Thomas,2018-06-21 Whether used for thematic story times, program and curriculum planning, readers' advisory, or collection development, this updated edition of the well-known companion makes finding the right picture books for your library a breeze. Generations of savvy librarians and educators have relied on this detailed subject guide to children's picture books for all aspects of children's services, and this new edition does not disappoint. Covering more than 18,000 books published through 2017, it empowers users to identify current and classic titles on topics ranging from apples to zebras. Organized simply, with a subject guide that categorizes subjects by theme and topic and subject headings arranged alphabetically, this reference applies more than 1,200 intuitive (as opposed to formal catalog) subject terms to children's picture books, making it both a comprehensive and user-friendly resource that is accessible to parents and teachers as well as librarians. It can be used to identify titles to fill in gaps in library collections, to find books on particular topics for young readers, to help teachers locate titles to support lessons, or to design thematic programs and story times. Title and illustrator indexes, in addition to a bibliographic guide arranged alphabetically by author name, further

extend access to titles.

History in the Early Years Hilary Cooper, 2013-12-16 History in the Early Years is an innovative and accessible guide to helping young children explore the past through their environment, family history and story. This fully revised edition includes guidance on introducing children to the past at the Foundation Stage in school and pre-school settings. Throughout it shows how the requirements of the early years curriculum can be met in innovative ways, and is fully illustrated by case study examples of children's learning and also supported by recent research. The book will support both new and experienced early years practitioners in developing young children's sense of identity through history. It encourages practitioners to ensure that history is a significant dimension of early years education and will be essential reading for all teachers in the early and primary years.

How to Get Your Child to Love Reading Esmé Raji Codell, 2003-01-01 Offers advice and guidelines on how to expand a child's world through books and reading, introducing three thousand teacher-recommended book titles, craft ideas, projects, recipes, and reading club tips.

The Persona Book Katherine Grimes Lallier, Nancy Robinson Marino, 1997-05-15 Immerse your students in history by having them participate in events as a literary or historical figure. After describing the concept behind persona-based enrichment, the authors describe how to use it with the curriculum, and include five complete literature-based enrichment units with performance recommendations, a list of personas, and a variety of library/classroom activities and projects. Grades 4-7.

Books to Build On E.D. Hirsch, Jr., 2009-10-14 The invaluable grade-by-grade guide (kindergarten—sixth) is designed to help parents and teachers select some of the best books for children. Books to Build On recommends: • for kindergartners, lively collections of poetry and stories, such as The Children's Aesop, and imaginative alphabet books such as Bill Martin, Jr.'s Chicka Chicka Boom Boom and Lucy Micklewait's I Spy: An Alphabet in Art • for first graders, fine books on the fine arts, such as Ann Hayes's Meet the Orchestra, the hands-on guide My First Music Book, and the thought-provoking Come Look with Me series of art books for children • for second graders, books that open doors to world cultures and history, such as Leonard Everett Fisher's The Great Wall of China and Marcia Willaims's humorous Greek Myths for Young Children • for third graders, books that bring to life the wonders of ancient Rome, such as Living in Ancient Rome, and fascinating books about astronomy, such as Seymour Simon's Our Solar System • for fourth graders, engaging books on history, including Jean Fritz's Shh! We're Writing the Constitution, and many books on Africa, including the stunningly illustrated story of Sundiata: Lion King of Mali • for fifth graders, a version of Shakespeare's A Midsummer Night's Dream that retains much of the original language but condenses the play for reading or performance by young students, and Michael McCurdy's Escape from Slavery: The Boyhood of Frederick Douglass • for sixth graders, an eloquent retelling of the Iliad and the Odyssey, and the

well-written American history series, A History of US . . . and many, many more!

Research Anthology on Fandoms, Online Social Communities, and Pop Culture Management Association, Information Resources, 2022-01-28 The internet has grown to become one of the largest communication hubs in history. With its ability to share content and create community bonds, it has seen many fandoms and online social communities develop within the past decades. While there are some detriments to these communities, there are also many benefits and potential uses for the betterment of society. The *Research Anthology on Fandoms, Online Social Communities, and Pop Culture* explores the ways in which the internet has presented itself as a platform for communities to gather. This essential reference source discusses the engagement of these communities, social media use, and the uses of these communities for education. Covering topics such as digital communities, transmedia language learning, and digital humanities, this book is a vital tool for educators of K-12 and higher education, digital folklorists, sociologists, communications researchers, online administrators, community leaders, and academicians.

Disciplinary Literacy Connections to Popular Culture in K-12 Settings Haas, Leslie, Tussey, Jill, 2020-11-13 Literacy and popular culture are intrinsically linked as forms of communication, entertainment, and education. Students are motivated to engage with popular culture through a myriad of mediums for a variety of purposes. Utilizing popular culture to bridge literacy concepts across content areas in K-12 settings offers a level playing field across student groups and grade levels. As concepts around traditional literacy education evolve and become more culturally responsive, the connections between popular culture and disciplinary literacy must be explored. *Disciplinary Literacy Connections to Popular Culture in K-12 Settings* is an essential publication that explores a conceptual framework around pedagogical connections to popular culture. While highlighting a broad range of topics including academic creativity, interdisciplinary storytelling, and skill development, this book is ideally designed for educators, curriculum developers, instructional designers, administrative officials, policymakers, researchers, academicians, and students.

Discovering World Geography with Books Kids Love Nancy A. Chicola, Eleanor B. Common Core Curriculum: World History, Grades 3-5 Great Minds, 2014-03-10 Comprehensive Common Core curriculum for World History, Grades 3-5 The Alexandria Plan is Common Core's curriculum tool for the teaching of United States and World History. It is a strategic framework for identifying and using high quality informational texts and narrative nonfiction to meet the expectations of the Common Core State Standards (CCSS) for English Language Arts (ELA) while also sharing essential historical knowledge drawn from the very best state history and civics standards from around the country. The curriculum is presented in this four volume series: Common Core Curriculum: United States History, Grades K-2; Common Core Curriculum: World History, Grades K-2; Common Core Curriculum: United States History, Grades 3-5; and Common Core Curriculum: World History, Grades 3-5. Features of each book include: Learning Expectations, which articulate the key ideas, events, facts, and figures to be understood by students in a particular grade span. Suggested anchor texts for each topic. In depth text studies, comprised of text-dependent questions, student responses, and assessments based on a featured anchor text. Select additional resources. Concise Era Summaries that orient both teachers and students to the historical background. The curriculum helps teachers pose questions about texts covering a wide range of topics. This volume, Common Core Curriculum: World History, Grades 3-5, introduces upper elementary students to 18 key eras in world history,

from the discovery of fire to modern globalization, through stories that they will treasure forever.

Life Sciences Amy Bain, Janet Richer, Janet Weckman, 2001-05-15 Everything you need to create exciting thematic science units can be found in these handy guides. Developed for educators who want to take an integrated approach, these teaching kits contain resource lists, reading selections, and activities that can be easily pulled together for units on virtually any science topic. Arranged by subject, each book lists key scientific concepts for primary, intermediate, and upper level learners and links them to specific chapters where resources for teaching those concepts appear. Chapters identify and describe comprehensive teaching resources (nonfiction) and related fiction reading selections, then detail hands-on science and extension activities that help students learn the scientific method and build learning across the curriculum. A final section helps you locate helpful experiment books and appropriate journals, Web sites, agencies, and related organizations.

Reading the World with Picture Books Nancy J. Polette, 2010-07-21 This valuable reference guide provides suggestions of picture books set in more than 70 countries in each continent of the world, along with standards-based activities. Reading the World with Picture Books presents an exhaustive collection of booktalk options with picture books that are set in the major countries of each continent. Hundreds of children's books with an international flavor are organized by continent and then by country, and suggested activities accompany the titles, encouraging students to interpret information related to historical or geographic concepts and use problem-solving skills. Activities range from those appropriate for beginners to experienced researchers/writers. All call for high-level thinking and most provide opportunities to respond in

creative ways. In addition, all of the activities are keyed to selected national standards in language arts and social studies. The picture books suggested are not only excellent choices to capture a booktalk audience's attention and educate young readers about world culture, but also to demonstrate how human beings have adapted to the various environments of the world.

Young at Art Susan Striker, 2011-04-01 From the creator of the bestselling Anti-Coloring Book series with more than 600,000 copies sold, a new parenting guide to encouraging creativity in preschool-age children *Young at Art* is the first and only comprehensive book for the general audience about the nature, value and impact of art on very young children. Directed towards parents and educators of one to five year olds, Susan Striker explains why children's art is not a frill, but the very foundation upon which all later fundamental skills are built. She drives home the idea that encouraging children's artistic growth will have beneficial effects on all other aspects of their emotional and intellectual development. At the core of this practical guide is the understanding that art is an important tool in teaching young children crucial concepts related to self-expression, reading and writing. As opposed to more structured exercises, such as coloring on dittos and underlining pictures in workbooks, Striker stresses that scribbling and free drawing experiments are the most important art activities a child can engage in; they better prepare children to read independently as they grow. *Young at Art* provides descriptions for age-appropriate art activities, tips for carrying them out safely, and helps parents recognize what a child's art work should look like at each stage of development. With *Young at Art*, parents will develop realistic expectations of their children's work, learn how to speak to their children about their art, and facilitate skills well beyond their creativity that will benefit children.

What Your First Grader Needs to Know (Revised and Updated) E.D. Hirsch, Jr., 2014-08-26 Give your child a smart start with the revised and updated *What Your First Grader Needs to Know* What will your child be expected to learn in the first grade? How can you help him or her at home? How can teachers foster active, successful learning in the classroom? This book answers these all-important questions and more, offering the specific shared knowledge that hundreds of parents and teachers across the nation have agreed upon for American first graders. Featuring a new Introduction, filled with opportunities for reading aloud and fostering discussion, this first-grade volume of the acclaimed Core Knowledge Series presents the sort of knowledge and skills that should be at the core of a challenging first-grade education. Inside you'll discover • Favorite poems—old and new, such as "The Owl and the Pussycat," "Wynken, Blynken, and Nod," and "Thirty Days Hath September" • Beloved stories—from many times and lands, including a selection of Aesop's fables, "Hansel and Gretel," "All Stories Are Anansi's," "The Tale of Peter Rabbit," and more • Familiar sayings and phrases—such as "Do unto others as you would have them do unto you" and "Practice makes perfect" • World and American history and geography—take a trip down the Nile with King Tut and learn about the early days of our country, including the story of Jamestown, the Pilgrims, and the American Revolution • Visual arts—fun activities plus reproductions of masterworks by Leonardo da Vinci, Vincent

van Gogh, Paul Cézanne, Georgia O’Keeffe, and others • Music—engaging introductions to great composers and music, including classical music, opera, and jazz, as well as a selection of favorite children’s songs • Math—a variety of activities to help your child learn to count, add and subtract, solve problems, recognize geometrical shapes and patterns, and learn about telling time • Science—interesting discussions of living things and their habitats, the human body, the states of matter, electricity, our solar system, and what’s inside the earth, plus stories of famous scientists such as Thomas Edison and Louis Pasteur
