

Books Like The Anarchist Cookbook

Jason Elam, Steve Yohn

America's Secret Jihad Stuart Wexler, 2016-06-14 The conventional narrative concerning religious terrorism inside the United States says that the first salvo occurred in 1993, with the first attack on the World Trade Center in New York City. This narrative has motivated more than a decade of wars, and re-prioritized America's domestic security and law enforcement agenda. But the conventional narrative is wrong. A different group of jihadists exists within US borders. This group has a long but hidden history, is outside the purview of public officials and has an agenda as apocalyptic as anything Al Qaeda has to offer. Radical sects of Christianity have inspired some of the most grotesque acts of violence in American history: the 1963 Birmingham Church bombing that killed four young girls; the Mississippi Burning murders of three civil rights workers in 1964; the assassination of Martin Luther King, Jr. in 1968, the Atlanta Child Murders in the late 1970s; and the Oklahoma City Bombing in 1995. *America's Secret Jihad* uses these crimes to tell a story that has not been told before. Expanding upon the author's ground-breaking work on the Martin Luther King, Jr. murder, and through the use of extensive documentation, never-before-released interviews, and a re-interpretation of major events, *America's Secret Jihad* paints a picture of Christian extremism and domestic terrorism as it has never before been portrayed.

Dissonance Rising Joshua Smith, 2023-03-18 **JOSIAH FLED FROM ONE CULT- NOW HE'S PURSUING ANOTHER** Josiah Knoll ran from a fringe sect called Divine Light-a world of abuse and the only reality he ever knew. He escaped with nothing but the homespun clothes on his back. Life on the outside is far from the hell they said it would be. But it certainly isn't heaven either-it's isolation of a different kind. In search of purpose and connection, he discovers both through a happenchance encounter. Nora-a captivating young woman with her own peculiar past-needs his help to save her friend, who's trapped inside The Seekers, a deadly cult. Just one problem-she has no idea where to find them. Together, he and Nora stumble to infiltrate extremist groups reminiscent of what he risked everything to flee. Breadcrumbs leading to Nora's friend put them on a dangerous collision course with some of society's most despicable characters and their own conscience-as they scramble to cover the trail of collateral damage in their wake. A breach of long-held moral values leads to rising dissonance as they pursue their crusade at any cost. And the clock is ticking. With limited options, Josiah must submit himself to the unrelenting control of The Seekers holding Nora's friend to save her. Disdain for pious duplicity and the merciless pursuits of this group will test Josiah's mental and physical fortitude beyond anything he could have imagined. Between him and this

cult, neither can bend far-one must break . . .

The Wrong Hands Ann Larabee, 2015-06-15 [A] valuable account ... The Wrong Hands brilliantly guides us through [the] challenges to American democracy. -Howard P. Segal, Times Higher Education Gun ownership rights are treated as sacred in America, but what happens when dissenters moved beyond firearm possession into the realm of high explosives? How should the state react? Ann Larabee's *The Wrong Hands*, a remarkable history of do-it-yourself weapons manuals from the late nineteenth century to the recent Boston Marathon bombing, traces how efforts to ferret out radicals willing to employ ever-more violent methods fueled the growth of the American security state. But over time, the government's increasingly forceful targeting of violent books and ideas-not the weapons themselves-threatened to undermine another core American right: free expression. In the 1886 Haymarket Square bombing, a new form of revolutionary violence that had already made its mark in Europe arrived in the United States. At the subsequent trial, the judge allowed into evidence Johann Most's infamous *The Science of Revolutionary Warfare*, which allegedly served as a cookbook for the accused. Most's work was the first of a long line of explosive manuals relied on by radicals. By the 1960s, small publishers were drawing from publicly available US military sources to produce works that catered to a growing popular interest in DIY weapons making. The most famous was *The Anarchist Cookbook* (1971), which soon achieved legendary status-and a lasting presence in the courts. Even novels, such as William Pierce's *The Turner Diaries*, have served as evidence in prosecutions of right-wing radicals. More recently, websites explaining how to make all manner of weapons, including suicide vests, have proliferated. The state's right to police such information has always hinged on whether the disseminators have legitimate First Amendment rights. Larabee ends with an analysis of the 1979 publication of instructions for making a nuclear weapon, which raises the ultimate question: should a society committed to free speech allow a manual for constructing such a weapon to disseminate freely? Both authoritative and eye-opening, *The Wrong Hands* will reshape our understanding of the history of radical violence and state repression in America.

The Hungry Earth Nicholas Kaufmann, 2021-10-05 Sakima, New York, a sleepy, idyllic city nestled in the Hudson Valley, a place where everyone knows each other, families look after the highly prized community garden, and the crime rate is so low that Dr. Laura Powell, the police department's medical examiner, spends most of her time tending to her own private medical practice. That changes drastically the day a local high school student is found dead, an apparent suicide. Called in to perform the autopsy, Laura uncovers a strange growth inside the body, composed of a mysterious substance she can't identify. Enlisting the aid of her scientist ex-boyfriend, Booker Coates, Laura launches an investigation that leads to a horrifying discovery. Something deadly has taken root in Sakima, an organism whose toxic influence spreads like a disease through the population, dangerously altering minds and dominating wills, a ruthless intelligence that demands obedience. As more and more townspeople fall under its control, forming violent mobs to seek out those who remain uninfected, Laura and

Booker must find a way to stop it before they become its next victims. But how can they stop something they don't understand? With *The Hungry Earth*, Nicholas Kaufmann, co-author of the bestselling horror novel *100 Fathoms Below* with Steven L. Kent, launches a chilling new series of science thrillers featuring Medical Examiner Laura Powell. ***** "Nicholas Kaufmann's *The Hungry Earth* is required reading for anyone who loves tightly plotted horror. It's a gleeful throwback to the best body horror of the '80s, updated with a modern premise. His best work to date. Devour it, before it devours you!" - Sarah Langan, bestselling author of *Good Neighbors*

Monday Night Jihad Jason Elam, Steve Yohn, 2010-09-30 He thought his deadliest enemy knelt across the line of scrimmage. He was wrong! After a tour of duty in Afghanistan, Riley Covington is living his dream as a professional linebacker when he comes face to face with a radical terrorist group on his own home turf. Drawn into the nightmare around him, Riley returns to his former life as a member of a special ops team that crosses oceans in an attempt to stop the escalating attacks. But time is running out, and it soon becomes apparent that the terrorists are on the verge of achieving their goal—to strike at the very heart of America. This softcover edition also includes a teaser chapter of the next Riley Covington thriller. Written by a member of the NFL; gives readers an insider look at the world of professional athletes and military intelligence. Examines the challenges of homeland security in large-venue events. Explores the tension between the desire for revenge and the constraints of the Christian faith, especially as it relates to Islam. Jason Elam has recently returned from Iraq, where he visited and supported the troops. You can read his journal at mondaynightjihad.blogspot.com

Book Bans Sally McGraw, 2025-08-01 Book bans are a topic that has taken the US by storm. Book bans have occurred since writing began and ideas made their way onto paper. Books that cover controversial subjects such as religion, gender and sexuality, and political themes are the most banned books by some schools, libraries, and governments. However, many of these books are also classics and are considered important in learning new ideas and perspectives. From 1984 to *The Hate U Give*, many popular books have been banned throughout history. Students, educators, and concerned citizens have fought to stop the censoring of these and many other titles so that their ideas and themes can be freely expressed. Learn about the long history of book bans, how they began, how they have continued, and how you can fight against them.

Homegrown Jeffrey Toobin, 2024-04-09 The definitive account of the 1995 Oklahoma City bombing and the enduring legacy of Timothy McVeigh, leading to the January 6 insurrection—from acclaimed journalist Jeffrey Toobin. Timothy McVeigh wanted to start a movement. Speaking to his lawyers days after the Oklahoma City bombing, the Gulf War veteran expressed no regrets: killing 168 people was his patriotic duty. He cited the Declaration of Independence from memory: "Whenever any Form of Government becomes destructive of these ends, it is the Right of the People to alter or to abolish it." He had obsessively followed the siege of Waco and seethed at the imposition of President Bill Clinton's assault weapons ban. A self-proclaimed white separatist, he abhorred immigration and wanted women to return to traditional roles. As he watched

the industrial decline of his native Buffalo, McVeigh longed for when America was great. New York Times bestselling author Jeffrey Toobin traces the dramatic history and profound legacy of Timothy McVeigh, who once declared, “I believe there is an army out there, ready to rise up, even though I never found it.” But that doesn’t mean his army wasn’t there. With news-breaking reportage, Toobin details how McVeigh’s principles and tactics have flourished in the decades since his death in 2001, reaching an apotheosis on January 6 when hundreds of rioters stormed the Capitol. Based on nearly a million previously unreleased tapes, photographs, and documents, including detailed communications between McVeigh and his lawyers, as well as interviews with such key figures as Bill Clinton, *Homegrown* reveals how the story of Timothy McVeigh and the Oklahoma City bombing is not only a powerful retelling of one of the great outrages of our time, but a warning for our future.

Tor Ben Collier, 2024-04-16 A biography of Tor—a cultural and technological history of power, privacy, and global politics at the internet's core. Tor, one of the most important and misunderstood technologies of the digital age, is best known as the infrastructure underpinning the so-called Dark Web. But the real “dark web,” when it comes to Tor, is the hidden history brought to light in this book: where this complex and contested infrastructure came from, why it exists, and how it connects with global power in intricate and intimate ways. In *Tor: From the Dark Web to the Future of Privacy*, Ben Collier has written, in essence, a biography of Tor—a cultural and technological history of power, privacy, politics, and empire in the deepest reaches of the internet. The story of Tor begins in the 1990s with its creation by the US Navy’s Naval Research Lab, from a convergence of different cultural worlds. Drawing on in-depth interviews with designers, developers, activists, and users, along with twenty years of mailing lists, design documents, reporting, and legal papers, Collier traces Tor’s evolution from those early days to its current operation on the frontlines of global digital power—including the strange collaboration between US military scientists and a group of freewheeling hackers called the Cypherpunks. As Collier charts the rise and fall of three different cultures in Tor’s diverse community—the engineers, the maintainers, and the activists, each with a distinct understanding of and vision for Tor—he reckons with Tor’s complicated, changing relationship with contemporary US empire. Ultimately, the book reveals how different groups of users have repurposed Tor and built new technologies and worlds of their own around it, with profound implications for the future of the Internet.

The Anarchist Cookbook William Powell, 2018-02-05 The *Anarchist Cookbook* will shock, it will disturb, it will provoke. It places in historical perspective an era when Turn on, Burn down, Blow up are revolutionary slogans of the day. Says the author This book... is not written for the members of fringe political groups, such as the Weatherman, or The Minutemen. Those radical groups don't need this book. They already know everything that's in here. If the real people of America, the silent majority, are going to survive, they must educate themselves. That is the purpose of this book. In what the author considers a survival guide, there is explicit information on the uses and effects of drugs, ranging from pot to heroin to

peanuts. There i detailed advice concerning electronics, sabotage, and surveillance, with data on everything from bugs to scramblers. There is a comprehensive chapter on natural, non-lethal, and lethal weapons, running the gamut from cattle prods to sub-machine guns to bows and arrows.

Hello Herman John Buffalo Mailer,2010 THE STORY: Video games, violent movies, Marilyn Manson, the Internet, Prozac, or fame? What moves a teenager to cross the line and become a high-school shooter? More importantly, how do we stop it? Pulitzer Prize-winning journalist Lax Morales is l

The Riley Covington Collection: Monday Night Jihad / Blown Coverage / Blackout / Inside Threat Jason Elam,Steve Yohn,2017-06-06 This collection bundles all four titles from the thrilling Riley Covington series by Jason Elam and Steve Yohn into one volume for a great value! #1 Monday Night Jihad He thought his deadliest enemy knelt across the line of scrimmage. He was wrong! After a tour of duty in Afghanistan, Riley Covington is living his dream as a professional linebacker when he comes face to face with a radical terrorist group on his own home turf. Drawn into the nightmare around him, Riley returns to his former life as a member of a special ops team that crosses oceans in an attempt to stop the escalating attacks. But time is running out, and it soon becomes apparent that the terrorists are on the verge of achieving their goal—to strike at the very heart of America. This softcover edition also includes a teaser chapter of the next Riley Covington thriller. Written by a member of the NFL; gives readers an insider look at the world of professional athletes and military intelligence. Examines the challenges of homeland security in large-venue events. Explores the tension between the desire for revenge and the constraints of the Christian faith, especially as it relates to Islam. Jason Elam has recently returned from Iraq, where he visited and supported the troops. You can read his journal at mondaynightjihad.blogspot.com #2 Blown Coverage Linebacker Riley Covington returns to another season of mini-camp for the Colorado Mustangs just as a wave of terrorist attacks begin to occur across the country. Sleeper cells are being awakened—likely by the leader of the Cause, who has recently escaped from captivity and is coordinating attacks not only on America but also on Riley and his loved ones. As Jim Hicks, Scott Ross, and the rest of the Counterterrorism Division follow leads in Europe, Riley goes on the offensive to draw out his attackers. But can the Cause be stopped before they’re able to reach their ultimate goal? #3 Blackout Riley Covington is still reeling from his father’s brutal murder when he learns he’s been traded. Meanwhile, the counterterrorism division has detected a plot to detonate electromagnetic pulse bombs that could leave the U.S. without power, communications, and transportation—right down to dropping planes out of the sky. CTD scrambles to stop the attacks, but they run out of time. Amid the fallout, Riley, Scott, Skeeter, and CTD must regroup to make sure the second bomb doesn’t reach its destination. #4 Inside Threat After taking two football seasons off, Riley Covington is attempting to make a comeback in the league while trying to forget Khadi Faroughi, now on security detail for a prominent senator. But a new attack turns both of their lives upside down yet again. During a state funeral, terrorists overrun the National Cathedral and take senators, congressmen,

and their entourages hostage, including Khadi. This new generation of The Cause is made up of homegrown terrorists—an inside threat to the security of the nation. They release most of the hostages, but Khadi and several others are kept behind as significant bargaining chips. The Cause pledges to behead one member of Congress each day throughout the month of Ramadan as a punishment for their own country's rejection of Islam. Despite the protests of Counter-Terrorism Division director Scott Ross, Riley races to CTD armed with a plan and a fierce determination to rescue Khadi at all costs.

Disinformation: The Interviews Richard Metzger, 2002-11-01 The best and most revealing interviews from the prococative TV series/DVD of the same name. Richard Metzger presents the most compelling interviews from the hit TV series Disinformation, revealing mind-blowing thoughts from modern culture's most radical thinkers: Paul Laffoley on how to build a working time machine and a house made of vegetables Douglas Rushkoff explains media viruses Lucifer Principle author Howard Bloom on the coming biological apocalypse Genesis P-Orridge on what it's like to be the leader of your own cult Joe Coleman's collection of weird stuff Robert Anton Wilson on The Illuminati and Aleister Crowley Kembra Pfahler on The Voluptuous Horror of Karen Black Duncan Laurie on the forbidden science of radionics Comic book author Grant Morrison (The Invisibles, JLA, X-Men) on sex magick Hollywood's interest in underground culture and the best alien abduction story you'll ever hear! Plus, many more modern revolutionaries (including philosopher Peter Russell, futurist Mark Pesce, and Apocalypse Culture's Adam Parfrey) expressing their thoughts, fears, enthusiasms, and predictions.

CI: Homeland Threat David DeBatto, Pete Nelson, 2009-05-30 In the fourth novel of this thrilling series, the Pentagon suspects that the brutal murder of the daughter of a revered Army general is tied to a string of deadly assassinations of U.S. military personnel. Counterintelligence Staff Sergeant David DeLuca and his CI team of specialists are brought in to investigate. Original.

The Dungeon Anarchist's Cookbook Matt Dinniman, 2025-08-12 Welcome to the Iron Tangle! Carl and his ex-girlfriend's cat, Princess Donut, have to team up with other contestants not just to survive, but to solve a deadly puzzle in this third, mind-twisting novel in the New York Times bestselling Dungeon Crawler Carl series—now with bonus material exclusive to this print edition. Earth has been transformed into the set of the galaxy's most watched game show: Dungeon Crawler World, a nightmarish, multilevel, video game-like dungeon filled with traps, monsters, and mind-bending puzzles. Carl and Donut have survived so far, but this fourth level is unlike anything they could imagine. The Iron Tangle: an impossibly complicated subway system tied together into a knot of trains of all kinds, from classic steam engines to sleek modern cars. Up is down. Down is up. Close is far. The cars are filled with monsters, the railway stations aren't always what they seem, and the exit is perpetually just a few stops away. The top ten list is populated, and Carl and Donut have made it. But that popularity comes with a price. They each now have a bounty on their head. They must work with other crawlers to solve the puzzle of the floor, but how can they do that when they don't know who to trust? The secret to unraveling it all may

be hidden in the pages of a seemingly useless book. Welcome, Crawlers. Welcome to the fourth floor of the dungeon. Includes part three of the exclusive bonus story “Backstage at the Pineapple Cabaret.”

Forensic Investigation of Clandestine Laboratories Donnell R. Christian, Jr., 2022-06-20 Forensic Investigation of Clandestine Laboratories, Second Edition is fully updated to address all aspects of the forensic investigation of clandestine laboratories. While, the first edition focused on the domestic clandestine manufacture of contraband substances, this edition expands the scope to more fully address the clandestine manufacture of explosives that have become a threat that is global in nature. In clandestine laboratory operations, equipment is often simple, household chemical products are utilized, and the education of the operators basic. In fact, most of the time these elements individually are perfectly legal to sell and possess. However, the combination of all these elements is what becomes the scene of illicit activity and a criminal operation. In response to the increase in use of homemade explosive mixtures by terrorists, both domestically and internationally, the section clandestine manufacture of explosives is greatly enhanced. Topics are presented in a manner which, while detailed, will not compromise the tactics, techniques, or procedures utilized by law enforcement and military personnel in their ability to combat the clandestine manufacture of contraband substances and the battle against domestic and international terrorism. Key features: • Examines tell-tale signs to look for in recognizing a clandestine lab • Outlines how to safely process the site of a clandestine lab • Details how to analyze collected evidence in the examination laboratory • Provides guidelines as to what to derive from the physical evidence • Offers specific tactics to effectively present the opinions associated with evidence that has been collected during the investigation in a written report, military style briefing or to a jury in a legal proceeding. Forensic Investigation of Clandestine Laboratories, Second Edition guides the reader through the process of recognizing these illegal manufacturing operations. Then it examines the methods as to how to compile the volume of associated evidence into a package that can be presented in a court of law, or to military commanders for decisive action. It is an invaluable resource, that will prove useful to chemistry lab technicians, forensic investigators, fire and first responder professionals, military personnel, police investigative agencies and narcotics units, and lawyer trying cases involving clandestine labs.

Policing and CBRN Hazards Patrick Wengler, 2023-07-31 This book makes an important contribution to police scholarship by focusing on the critical need for law enforcement personnel to receive education on chemical/biological/radiological/nuclear (CBRN) hazards. Under the CBRN umbrella are chemical warfare agents, toxic industrial chemicals, biologically derived toxins, radiological particulate hazards, and other agents, any of which have the potential to inflict bodily harm, incapacitation, or death. Such weapons have been a part of human history for centuries, starting with biological warfare, later shifting over to chemical warfare, and in the last century, radiological and nuclear warfare. The greater availability and accessibility of such materials necessitates that first response and investigation is no

longer limited to the military but is required of police forces reacting to incidents in the community, whether acts of terrorism, traffic accidents, or standard industrial incidents. In this book it is argued that basic knowledge of CBRN is essential for police officers at all levels to assess and protect crime scenes, as well as to investigate cases involving CBRN materials. The author uses case studies and technical education to instruct police on how and when CBRN agents can be used maliciously, and the best methods for identifying, analysing, monitoring, and investigating related incidents. The text makes a clear case for integrating CBRN studies into police education so that first responders are enabled to assess incidents and share information with emergency management and other services to determine the most effective equipment and personnel to deploy. This book is essential for police educators and trainers in both universities and police academies, those administering or engaged in in-service police training, and scholars studying policing, criminal justice, and terrorism.

In the Heart Of Showbiz - Vol. 2 Warren Allen Smith, 2011-07-09 Collection of letters and other memorabilia from Arthur C. Clarke, Paul Kurtz and others that Warren Allen Smith has collected over the years.

Forensic Investigation of Clandestine Laboratories Jr., Donnell R. Christian, 2003-07-28 Clandestine lab operators are not the mad scientists whose genius keeps them pent up in the laboratory contemplating elaborate formulas and mixing exotic chemicals. In fact, their equipment is usually simple, their chemicals household products, and their education basic. Most of the time the elements at the scene are perfectly legal to sell and own

The America That Reagan Built J. David Woodard Ph.D., 2006-06-30 This is a whistle-stop survey of American politics from Ronald Reagan to George W. Bush, with visits to poll results, biennial elections, political crises, and policy questions of the past twenty-five years. It touches on numerous aspects of American political life as well as economics, art, literature, science, society, fads, and customs that changed with the culture of the country. The story is told in terms of the presidents who shaped and led the nation, the elections that brought and kept them in power, and the dozens of people who collectively played a part in helping mold the national experience from 1980 to 2005.

New York Magazine , 1992-01-06 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

As recognized, adventure as competently as experience practically lesson, amusement, as skillfully as treaty can be gotten by just checking out a book **Books Like The Anarchist Cookbook** with it is not directly done, you could admit even more

almost this life, vis--vis the world.

We come up with the money for you this proper as capably as simple mannerism to acquire those all. We come up with the money for Books Like The Anarchist Cookbook and numerous book collections from fictions to scientific research in any way. in the midst of them is this Books Like The Anarchist Cookbook that can be your partner.
