Integrating Literacy Naturally Kim Pinkerton, Amelia Hewitt, 2020-09-01 Integrating Literacy Naturally is a guide for nurturing a love of literacy in both teachers and young children. More than a hundred children's book titles and other resources serve as springboards for cultivating that love and meeting individual literacy needs in developmentally appropriate ways. And, educator spotlight stories show how theories move to practice. Pinkerton and Hewitt draw on their love of literacy and over four decades of combined experience to help readers navigate individualized instruction, purposeful play, literacy integration, classroom libraries, and a reimagined workshop approach. Examples for how to do all of this with children's texts are presented throughout the book. Eight guiding principles provide an easy path to becoming an intentional, authentic teacher who focuses on the individual needs of children and avoids one-sized literacy instruction. The principles grew from heart to heart conversations the authors had about joyful reading and writing experiences being reduced to worksheets and rote memorization in many classrooms. This book moves teachers far away from drill the skill literacy. Use it as a guide on your path to making literacy learning both playful and intentional in the early childhood classroom.

The Last Bookseller Gary Goodman, 2021-12-07 A wry, unvarnished chronicle of a career in the rare book trade—now in paperback When Gary Goodman wandered into a run-down, used-book shop that was going out of business in East St. Paul in 1982, he had no idea the visit would change his life. He walked in as a psychiatric counselor and walked out as the store's new owner. In *The Last Bookseller* Goodman describes his sometimes desperate, sometimes hilarious career as a used and rare book dealer in Minnesota—the early struggles, the travels to estate sales and book fairs, the remarkable finds, and the bibliophiles, forgers, book thieves, and book hoarders he met along the way. Here we meet the infamous St. Paul Book Bandit, Stephen Blumberg, who stole 24,000 rare books worth more than fifty million dollars; John Jenkins, the Texas rare book dealer who (probably) was murdered while standing in the middle of the Colorado River; and the eccentric Melvin McCosh, who filled his dilapidated Lake Minnetonka mansion with half a million books. In 1990, with a couple of partners, Goodman opened St. Croix Antiquarian Books in Stillwater, one of the Twin Cities region's most venerable bookshops until it closed in 2017. This store became so successful and inspired so many other booksellers to move to town that Richard Booth, founder of the “book town” movement in Hay-on-Wye in Wales, declared Stillwater the First Book Town in North America.

The internet changed the book business forever, and Goodman details how, after 2000, the internet made stores like his obsolete. In the 1990s, the Twin Cities had nearly fifty secondhand bookshops; today, there are fewer than ten. As both a memoir and a history of booksellers and book scouts, criminals and collectors, *The Last Bookseller* offers an ultimately poignant account of the used and rare book business during its final Golden Age.

Publisher and Bookseller, 1951 Vols. for 1871-76, 1913-14 include an extra number, The Christmas bookseller, separately paged and not included in the consecutive numbering of the regular series.

Creating the Sustainable Public Library Gary L. Shaffer, 2018-03-15 Transform any public library into a truly sustainable organization—not just environmentally sustainable, but economically and socially sustainable as well—by following the directions and practices described in this book. Sustainability in the context of ensuring the long-term success of a public library involves more than green initiatives and conserving resources: sustainability for libraries also describes efforts to

increase their institutions' relevance to their communities as well as to make their programs socially equitable and economically feasible—a substantial challenge. This book is a powerful tool that public librarians, library directors, and library managers can use to create a Triple Bottom Line (TBL) sustainable library, to lead sustainability initiatives in their community, and to identify and adjust their current practices that are considered sustainable to improve performance. The chapters focus on the elements of library sustainability separately, first addressing economic and environmental sustainability before examining the aspects of internal (workforce) and external (community-facing) social sustainability. The author presents numerous case studies throughout the book that enable readers to better understand how the sustainability principles described play out in the real world.

Snap out of It Ellen Teitelman Wohl,2022-06-21 In *Snap Out of It: An Unexpected Caregivers Way to Self-Care, Stability, and Survival*, author Ellen Teitelman Wohl shares her honest, emotional?—?sometimes funny?—?memoir of the continuing struggle to keep life whole while her husband Jack’s health falls apart, over and over again: bipolar disorder, coronary artery disease, lung cancer, diabetes, and normal pressure hydrocephalus, among other medical conditions. While Jack has a remarkable team of doctors treating him, Ellen only has herself to rely on. As the unexpected caregiver, she deals with anxiety, frustration, and exhaustion day after day. She thinks something is wrong with her, but she eventually learns that caregiver burnout is real. Her inner-strength and resilience emerge through the personal discovery of “snap out of it” relief routines, self-care concepts, and ideas. The “snaps,” interspersed throughout the narrative, share light-hearted stories, personal experiences, and techniques that form the basis of her mental getaways that include cooking, gardening, reading, exercising, laughing, and more. Ellen finally discovers support groups and guidance, which she shares in this memoir. Her curated resource guide leads you to websites, apps, and support groups dedicated to caregivers.

We Are All Armenian Aram Mrjoian,2023-03-14 A collection of essays about Armenian identity and belonging in the diaspora. In the century since the Armenian Genocide, Armenian survivors and their descendants have written of a vast range of experiences using storytelling and activism, two important aspects of Armenian culture. Wrestling with questions of home and self, diasporan Armenian writers bear the burden of repeatedly telling their history, as it remains widely erased and obfuscated. Telling this history requires a tangled balance of contextualizing the past and reporting on the present, of respecting a culture even while feeling lost within it. *We Are All Armenian* brings together established and emerging Armenian authors to reflect on the complications of Armenian ethnic identity today. These personal essays elevate diasporic voices that have been historically silenced inside and outside of their communities, including queer, multiracial, and multiethnic writers. The eighteen contributors to this contemporary anthology explore issues of displacement, assimilation, inheritance, and broader definitions of home. Through engaging creative nonfiction, many of them question what it is to be Armenian enough inside an often unacknowledged community.
