This collection complements Anderson's previous collection, *Serving Older Teens*, by focusing on the needs of tweens and young teens, ages 11-14. This is the age range when many young people stop using the library and lose interest in reading. Mental Illness in Young Adult Literature Kia Jane Richmond, 2018-12-07 This book explores how mental illness is portrayed in 21st-century young adult fiction and how selected works can help teachers, librarians, and mental health professionals to more effectively address the needs of students combating mental illness. *Mental Illness in Young Adult Literature: Exploring Real Struggles through Fictional Characters* highlights American young adult literature published since the year 2000 that features characters grappling with mental illness. Chapters focus on mental disorders identified by the most recent Diagnostic and Statistical Manual of Mental Disorders (DSM-5), including anxiety, depression, bipolar disorder, schizophrenia, ADHD, and OCD. Each chapter begins with a description of a mental illness that includes its prevalence, demographic trends, symptoms, related disorders, and treatment options before examining a selection of young adult texts in depth. Analysis of the texts explores how a mental illness manifests for a particular character, how that character perceives him- or herself and is perceived by others, and what treatment or support he or she receives. The connections between mental illness and race, ethnicity, gender, sexuality, and identity are examined, and relevant research from education, psychology, and adolescent health is thoroughly integrated. Each chapter also provides a list of additional readings. An appendix offers strategies for integrating young adult literature into health curricula and other programs.

Crash Course in Young Adult Services Sarah Flowers, 2017-10-10 Learn how to improve teen services in public libraries by better understanding teen development and having positive interactions with teens to provide appropriate and interesting collections and services. A library can be a tremendous resource for teens—one that helps them to learn about themselves and the world they live in. But teenagers are intrinsically different from children and from adults, and these critical developmental differences affect the ways they interact with others, both in the world at large and in the library. Serving teens effectively in the library requires a basic understanding of who teens are and the developmental tasks they face—factors that affect all aspects of library service, from the specific programs and services we offer to the ways that staff provide assistance to the teen who is seeking help at a library service desk. This book enables library workers to better understand adolescent development, which allows them to provide a positive library experience for teens. Readers will learn how to supply excellent library services with and for teens, including in the areas of collection development, readers' advisory, reference and homework help, programming, and advocacy. The book identifies the best ways to have positive interactions with teens in the library based on their mental development and details best practices for teen services. The concluding section discusses advocating for teens, with emphasis on their right to privacy and equal access to materials and services.

Humor in Young Adult Literature Walter Hogan, 2005 Celebrates the accomplishments of YA authors acclaimed for producing high-quality comedies, who have not yet been treated in a book-length bio-critical study. Simultaneously, it reminds readers that no matter how funny an author of fiction may be, if he shows off his wit in ways that fail to play a natural role in advancing his narrative, he is not writing good fiction. To demonstrate this, humorous passages are presented to illustrate the contribution a sense of humor can make to a work of fiction. The book is arranged topically to facilitate a comparison of distinctive treatments by various authors of adolescent life events, such as sibling rivalry, bullies, and first dates.

'Snot Funny #14 Nancy E.
