Automobile Insurance Subrogation: In All 50 States Gary L. Wickert, 2012-01-01 Automobile Insurance Subrogation: In All 50 States is the most thorough, comprehensive, and ambitious anthology of subrogation-related legal information and insurance resources ever put to paper. It is the last and most anticipated of the subrogation trilogy, and a book which will serve as the "bible" for any insurance company writing personal lines or commercial auto policies. It is destined to become the standard work and reference for attorneys, insurance companies, and subrogation industry professionals. Every year there are more than 7 million auto accidents in the United States with a financial toll of more than \$300 billion. Nearly 3 million people are injured and 42,636 people are killed. In the overwhelming majority of these accidents there is at least one party at fault. For virtually every one of these accidents, a policy of automobile insurance provides some sort of claim payments or benefits. In the vast majority of those claims, one or more insurance policies and/or applicable state law grants

the insurer a right of subrogation against a negligent third party whose carelessness caused the accident. This book is the bible on subrogating those claims. This book covers the nuts and bolts of auto subrogation in all 50 states, covering every topic imaginable -- including PIP, Med Pay, UM/UIM, property claims, deductible reimbursement, no-fault subrogation and more. It surveys the laws of every state and provides descriptions of every type of auto coverage imaginable, as well as the statutory, case law, and regulatory authority governing every aspect of auto subrogation. If you have subrogation responsibility involving auto claims, you need this book. It universally covers issues which are indelibly interwoven into the business of auto insurance, including a complete treatment of the laws of all 50 states and the District of Columbia relating to:

- Basic and Statutory Subrogation Rights • Mandatory vs. Optional Insurance Coverage • No-Fault Laws, PIP, Mini-Torts, and Loss Transfer Laws • Tort Limitations • Medical Payments Coverage and Subrogation • Uninsured/Underinsured Motorist Coverage and Subrogation • Collision/Property Subrogation • Release of Tortfeasor by Insured • Accord and Satisfaction: Accepting Partial Payments from Tortfeasor • Made Whole Doctrine • Common Fund Doctrine • Economic Loss Doctrine • Deductible Recovery and Reimbursement • Collateral Source Rule • Contributory Negligence/Comparative Fault • Seat Belt Laws and Defenses • Rental Cars, Loaner Vehicles, and Test Drivers • Bailment/Parking Lot Liability • Negligent Entrustment • Facing Multiple Claims In Excess of Liability Policy Limits • Conflict of Laws/Interstate Subrogation • Recovery of Attorney's Fees and Costs • Statutes of Limitations

It is a complete treatment -- A to Z -- of virtually every issue which the insurance claims or subrogation professional will face in the area of automobile insurance. It is like no legal treatise ever written and promises to be the most used reference in any insurance company.

Caring For a Loved One with Aphasia After Stroke Jennifer L. Mozeiko, Deborah S. Yost, 2022-11-14 This voice-driven, narrative, non-fiction book relays the stories of seven courageous women whose lives have been greatly impacted by a loved one's stroke, resulting in loss of language ability to one degree or another. Aphasia leads to varying degrees of problems in speaking, understanding, reading, writing, gesturing, and using numbers. Aphasia can be extremely stressful for both the individual who had the stroke and for their family and friends. Speech is such a significant part of human interaction, and it's something that most people take for granted. It's hard to be able to communicate if you've been dependent upon verbal communication and yours is suddenly impaired. Fortunately, some recovery from aphasia is possible, and there are still ways to effectively communicate, even with aphasia. The stories contained in the book are intended to help others feel less alone as they navigate their loss and the confusing healthcare system. The stories are told from the advent of a stroke of their loved-ones and describe how these caretakers persevered to find quality medical services and to provide home care. *Caring For a Loved One with Aphasia After Stroke* is written for people who are going through a similar crisis, or for those in the medical and/or speech/language field who are interested to learn more about perseverance and hope that are

critical to aphasia.
