The Collected Sicilian Folk and Fairy Tales of Giuseppe Pitré Jack Zipes, Joseph Russo, 2013-01-11 This two-volume set collects 300 of the most entertaining and important folk and fairy tales of Giuseppe Pitré, a nineteenth century Sicilian folklorist whose significance ranks alongside the Brothers Grimm. In stark contrast to the more literary ambitions of the Grimms' tales, Pitré's possess a charming, earthy quality that reflect the customs, beliefs, and superstitions of the common people more clearly than any other European folklore collection of the 19th century. Edited, translated, and with a critical introduction by world-renowned folk and fairy tale experts Jack Zipes and Joseph Russo, this is the first collection of Pitré's tales available in English. Carmelo Letterer's illustrations throughout the volume are as lively and vivid as the stories themselves, illuminating the remarkable imagination captured in the tales.

In the Mouth of the Wolf Katherine Corcoran, 2022-10-18 Shortlisted for the Juan E. Mendez Book Award for Human Rights in Latin America "Chilling and nuanced ... a murder mystery but also, more important, a portrait of a nation where no one knows what to believe, or whom to trust.--Mark Bowden, The New York Times Book Review Epic ... deeply reported and riveting.--NPR Online Former AP Mexico bureau chief Katherine Corcoran's pulsating investigation into the murder of a legendary woman journalist on the verge of exposing government corruption in Mexico. Regina Martínez was no stranger to retaliation. A journalist out of Mexico's Gulf Coast state of Veracruz, Regina's stories for the magazine Proceso laid out the corruption and abuse underlying Mexican politics. She was barred from press conferences, and copies of Proceso often disappeared before they made the newsstands. In 2012, shortly after Proceso published an article on corruption and two Veracruz politicians, and the magazine went missing once again, she was bludgeoned to death in her bathroom. The message was clear: No journalist in Mexico was safe. Katherine Corcoran, then leading the Associated Press coverage of Mexico, admired Regina Martínez's work. Troubled by the news of her death, Corcoran journeyed to Veracruz to find out what had happened. Regina hadn't even written the controversial article. But did she have something else that someone didn't want published? Once there, Katherine bonded with four of Regina's grief-stricken mentees, each desperate to prove who was to

blame for the death of their friend. Together they battled cover-ups, narco-officials, red tape, and threats to sift through the mess of lies-and discover what got Regina killed. A gripping look at reporters who dare to step on the deadly “third rail,” where the state and organized crime have become indistinguishable, *In the Mouth of the Wolf* confronts how silencing the free press threatens basic protections and rule of law across the globe.

In the Mouth of the Dragon John B. Haseman,2022-09-14 On his second tour in Vietnam, U.S. Army Captain John Haseman served 18 months as a combat advisor in the Mekong Delta's Kien Hoa Province. His detailed memoir gives one of the few accounts of a district-level advisor's experiences at the point of the spear. Often the only American going into combat with his South Vietnamese counterparts, Haseman highlights the importance of trust and confidence between advisors and their units and the courage of the men he fought with during the 1972 North Vietnamese summer offensive. Among the last advisors to leave the field, Haseman describes the challenges of supporting his counterparts with fewer and fewer resources, and the emotional conclusion of an advisory mission near the end of the Vietnam War.

Travel in the Mouth of the Wolf Paul Fattaruso, 2004-08-31 When a freak accident involving an infallible gambler, a truck full of chickens and a gas pump leaves an easygoing young man named Iple deaf, he decides to travel to Antarctica. Tagging along with a team of contrary, often childish scientists, he is the sole member of the expedition to keep his head as the days stretch and the nights become non-existent. While wandering the tundra Iple finds the frozen body of a runaway scientist whose ghost asks him to detour towards an enormous sheet of translucent ice. Below the sheet, with her four legs in the air, is Isabella, a dinosaur and the last DNA repository of a wealth of human and pre-human knowledge. What follows is a mesmerizing detour into our species' fear and wonder at the nature of prediction. Paul Fattaruso's vision is a statisticians wet dream and a mystics worst nightmare...or is it the other way around? Fattaruso, trained as a poet, spins a lyrical and highly visual modern day fable, a creation myth for the generation whose gods look more like dinosaurs than any monster before or since.

Out of the Mouth of Tenants Krista Callie,2015-07-06 Most of you may have lived in an apartment at one time or another or you may know someone who presently lives in an apartment. You may have heard stories about tenants and stories, or complaints they give to their landlords. My name is Krista Callie, author of this book, and I am a property manager for an apartment complex in the Midwest United States. During the years of my managing the apartment complex, I have had tenants from all walks of life come into my office and ask some of the most outlandish questions or make equally outlandish complaints. I chronicled these incidents I have come across and formed them into a book. If you live or have lived in apartment, you may see yourself in one of these situations. I assure you I am not making fun of these renters and the stories they feed me. We are all human and sometimes put ourselves in situations that we later laugh at ourselves for getting into in the first place.

From the Mouth of the Whale Sjón,2013-04-30 From the Mouth of the Whale is an Icelandic saga for the modern age. The year is 1635. Iceland is a world darkened by superstition, poverty, and cruelty. Men of science marvel over a unicorn's horn, poor folk worship the Virgin in secret, and both books and men are burned. Sjón introduces us to Jónas Pálmason, a poet and self-taught healer, banished to a barren island for heretical conduct, as he recalls his gift for curing female

maladies, his exorcism of a walking corpse on the remote Snjáfjöll coast, the frenzied massacre of innocent Basque whalers at the hands of local villagers, and the deaths of three of his children. Pálmason's story echoes across centuries and cultures, an epic tale that makes us see the world anew.
