**The Quote Verifier** Ralph Keyes,2007-04-01 Our language is full of hundreds of quotations that are often cited but seldom confirmed. Ralph Keyes's The Quote Verifier considers not only classic misquotes such as Nice guys finish last, and Play it again, Sam, but more surprising ones such as Ain't I a woman? and Golf is a good walk spoiled, as well as the origins of popular sayings such as The opera ain't over till the fat lady sings, No one washes a rented car, and Make my day. Keyes's in-depth research routinely confounds widespread assumptions about who said what, where, and when. Organized in easy-to-access dictionary form, The Quote Verifier also contains special sections highlighting commonly misquoted people and genres, such as Yogi Berra and Oscar Wilde, famous last words, and misremembered movie lines. An invaluable resource for not just those with a professional need to quote accurately, but anyone at all who is interested in the roots of words and phrases, The Quote Verifier is not only a fascinating piece of literary sleuthing, but also a great read.

**Manifesto of Christian Holiness** J. R. Shepard,2021-08-23 This Manifesto is about spiritual warfare; it is about being Christian in the midst of an anti-Christian world. It is about exposing not only the sins of those around you but exposing your own sins, too. It is about recognizing one's real enemy, the devil, and not treating others you don't agree with as enemies.

IN INDIA: "JUSTICE DELAYED IS JUSTICE DENIED" MERELY PROVERBIAL Prahalad Rao, 2024-07-10 In India, the quote "Justice Delayed is Justice Denied" is frequently cited in legal proceedings, orders, and judgments. However, its impact has been minimal, leading to a rising backlog of cases, especially criminal ones. This issue has been discussed at governance and judicial levels, yet the situation continues to worsen. The author's conscience is compelled to address this proverb due to the severe mental toll on accused individuals in prolonged criminal trials. These delays, spanning years, leave the accused mentally imprisoned and living in torment. The judiciary, known for its sharp discernment, appears inconsistent in criminal

cases. Accused individuals endure financial, physical, and mental torture without fault, often for over twenty-five years. If trials concluded within a reasonable five-year period, many could have been exonerated much sooner. Even the cruelest animal shows mercy, yet the current system subjects the accused to prolonged suffering unjustly.

**The Journey Continues: from Groaning to Dancing** Richard Jones, 2022-01-24 It is a pure pleasure for me to be writing again. Fourteen years of being involved in teaching and school administration have claimed most of my hours and focus. My desire to write turned into thoughts of “someday...” or “next year I’m gonna...”. With departure from the business of the classroom, I once again have the freedom to commit myself to putting pen to paper (or I should say, “fingers to keyboard”). William Faulkner wrote, “It is the writer’s privilege to help man endure by lifting his heart.” That is my desire, and I appreciate your allowing me to be a small part of the “heart-lifting” process in your life. Since my last project, I have had several requests to write a sequel, a second prayer devotional. A discussion with my late father ended with a commitment to do so. It is with pleasure that I honor that commitment. Much of what I write is never seen by anyone but the Lord and me, but written words can live on as long as there are readers to see them. Michael Straczynski called it “immortality by proxy.”

*Dorie* Florence Cope Bush, 2013-07-30 Before the Great Smoky Mountains became a national park, the region was a lush wilderness dotted with isolated farms. Into this land of unspoiled beauty, Dorie Woodruff Cope was born in 1899. In this evocative memoir, Dorie’s daughter, Florence Cope Bush, traces a life at once extraordinary and yet typical of the many Appalachian farm families forced to leave their simple mountain homes for the cities; abandoning traditional ways for those born of progress. Dorie’s story begins with her childhood on an isolated mountain farm, where we see first hand how her parents combined back-breaking labor with intense personal pride to produce everything their family needed—from food and clothing to tools and toys—from the land. Lumber companies began to invade the mountains, and Dorie’s family took advantage of the financial opportunities offered by the lumber industry, not realizing that in giving up their lands they were also letting go of a way of life. Along with their machinery, the lumber companies brought in many young men, one of whom, Fred Cope, became Dorie’s husband. After the lumber companies stripped the mountains of their timber, outsiders set the area aside as a national park, requiring Dorie, now married with a family of her own, to move outside of her beloved mountains. Through Dorie’s eyes, we see how the mountain farmers were forced to abandon their beloved rural life-style and customs and assimilate into cities like Knoxville, Tennessee. Her experiences were shared by hundreds of Appalachians during the early twentieth century. However, Dorie’s perseverance, strength of character, and deep love of the Smokies make this a unique and moving narrative.

**Urban Ghana and Privacy in the Digital Age** Elad Ben Elul, 2022-04-20 This book explores privacy practices and the

role of digital technologies in the lives of urban Ghanaians, considering how they use language, materiality, and culture to maintain sharp boundaries between the private and public. Focusing on the harbour town of Tema, it offers rich ethnographic portraits that cover topics such as nightlife, domestic architecture, religion, and social media. The volume demonstrates how transformations across Africa such as Pentecostal reformation, neoliberal reforms, and rapid digitisation all raise the need for privacy among middle-class urbanites who use brand new (and very traditional) strategies to uphold an image of their economic or religious state. Overall the book highlights how digital technologies intertwine with local cultures and histories, and how digital anthropology enhances our understanding of the offline as much as the online. It makes a valuable contribution to discourse about the right for privacy and surveillance in the digital age, and will be of interest to scholars from anthropology and African studies.

The Edge Michael Heppell, 2012-09-27 The very best didn't get there by accident. The best have a different way of thinking and acting in their daily lives. And it's not enough to just to succeed - they also have an uncontrollable desire - the desire to get better. The good news for the rest of us is that success leaves tracks. Michael Heppell has spent his life studying successful people, attempting to distil what it is that the very best do that others don't. He's interviewed entrepreneurs, personalities and leaders from politics to education. He's studied the daily habits of the elite and during this time he's uncovered what they do that gives them 'The Edge'. By identifying and distilling this knowledge you'll discover how you can use this same insight. It's time to find your Edge.

**The Face of Death** Cody McFadyen, 2007-05-29 In *Shadow Man*, Cody McFadyen took the suspense thriller where other writers have feared to tread. He introduced readers to a heroine every bit as dark and edgy as the serial killers she hunts: Special Agent Smoky Barrett. Now, in his latest novel, McFadyen brings Agent Barrett back to track down a killer who breaks all the rules. "I want to talk to Smoky Barrett or I'll kill myself." The girl is sixteen, at the scene of a grisly triple homicide, and has a gun to her head. She claims "The Stranger" killed her adoptive family, that he's been following her all her life, killing everyone she ever loved, and that no one believes her. No one has. Until now. Special Agent Smoky Barrett is head of the violent crimes unit in Los Angeles, the part of the FBI reserved for tracking down the worst of the worst. Her team has been handpicked from among the nation's elite law enforcement specialists and they are as obsessed and relentless as the psychos they hunt; they'll have to be to deal with this case. For another vicious double homicide reveals a killer embarked on a dark crusade of trauma and death: an "artist" who's molding sixteen-year-old Sarah into the perfect victim—and the ultimate weapon. But Smoky Barrett has another, more personal reason for catching The Stranger—an adopted daughter and a new life that are worth protecting at any cost. This time Smoky is going to have to put it all on the line. Because The Stranger is all too real, all too close, and all too relentless. And when he finally shows his face, if she's not ready to confront her worst fear, Smoky won't have time to do anything but die.

They can be the key to our success or the reason for our downfall. So, how do we harness that power? How do we learn to use our words to their greatest potential? **The Scholarly Hijinx of Tiger and Lily** \*put Michael's name first, 2022-02-03 Though they might look like ordinary goldfish, Tiger and Lily aren't your average classroom pets. In fact, their personalities are almost too big for their fishbowl! Tiger, the loud one, and Lily, the smart one, spend their days in Mrs. Melody Hook's fourth grade class at Samuel Langhorne Clemens Middle School. While the kindly Mrs. Hook is the only one who can understand them, that doesn't stop them from talking, teasing, fighting and learning along with the rest of the class, including Patty Rose, who is a bit of an airhead, and Tommy, who has so much energy he can barely sit still. Between the noisy goldfish and her curious, lively students, Mrs. Hook has her hands full! And that's not all she has to handle: when Tiger and Lily hear a mysterious noise in the supply closet one night, they begin to suspect that they're not alone when the students and teachers leave after the bell rings. Will the fourth grade class come together and realize what's going on before it's too late?
