Barbara Leonora Tischler

They Never Said It Paul F. Boller Jr., John George, 1990-06-14 Abraham Lincoln never said, You cannot fool all the people all the time. Thomas Jefferson never said, That government is best which governs least. And Horace Greeley never said, Go west, young man. In *They Never Said It*, Paul F. Boller, Jr. and John George examine hundreds of misquotations, incorrect attributions, and blatant fabrications, outlining the origins of the quotes and revealing why we should consign them to the historical trashcan. Many of the misquotes are quite harmless. Some are inadvertent misquotes that have become popular (Shakespeare actually said, The best part of valor is discretion), others, the inventions of reporters embellishing a story (Franklin Roosevelt never opened a speech to a DAR group with the salutation, My fellow immigrants). But some of the quotes, such as Charles Darwin's supposed deathbed recantation of evolution, falsify the historical record with their blatant dishonesty. And other chillingly vicious ones, filled with virulent racial and religious prejudices, completely distort the views of the person supposedly quoted and spread distrust and hatred among the gullible. These include the forged remarks attributed to Benjamin Franklin that Jews should be excluded from America and the fabricated condemnation of Catholics attributed to Lincoln. An entertaining and thought-provoking book, *They Never Said It* covers a great deal of history and sets it right. Going beyond a mere catalog of popular misconceptions, Boller and George reveal how rightists and leftists, and atheists and evangelists all have at times twisted and even invented the words of eminent figures to promote their own ends. The ultimate debunking reference, it perfectly complements handbooks of quotations.

Drive is considered aggression today. I knew it then as purpose.” —Bette Davis When Donald Trump referred to Hillary Clinton as “such a nasty woman” during the last presidential debate in 2016, women everywhere felt a jolt of recognition—whatever their politics or feelings about Clinton. In response, they promptly turned his insult into an empowering slogan. This book celebrates the now-ironic phrase with a collection of quotations by and about strong women, both critical and positive. The words come from figures in ancient history like Cleopatra; founding mothers like Mary Wollstonecraft and Elizabeth Cady Stanton; feminist icons such as Gloria Steinem and Betty Friedan; politicians and government leaders; groundbreakers in arts and culture; celebrities; and the mothers, daughters, and sisters at home.

Common and Uncommon Quotes: A Theory and History of Epigraphs Jared A. Griffin, 2023-03-07 'Common and Uncommon Quotes: A Theory and History of Epigraphs' is a prolegomenon to the study of epigraphic paratextuality. Building on the work of Gerard Genette's paratextual studies, this volume contextualizes and traces the practice of epigraphy in Anglophone literary history, from the fifteenth to the early twentieth century. This study explores how epigraphs are used by author-functions as a hermeneutic for their text and to establish ethos with their audience, and how that paratextual relationship changed as publishing opportunities and literacy rates grew over four centuries. The first broad-reaching study of this kind, 'Common and Uncommon Quotes' seeks to understand how epigraphs work: through their privilege on the page, their appeal to conjured ideas of the past, and their calls to citizenship.

Don't Call Us Girls Barbara Leonora Tischler, 2024-11-30 In a collective voice calling for peace tracing back to pre-World War II, Don't Call Us Girls follows the protests of women and their allies from the White House to the Arc de Triomphe, heralding their impact on today's world. Don't Call Us Girls examines the importance of women's participation in the Civil Rights Movement in the United States, and the international anti-war movement. This collective voice for peace, and an end to nuclear proliferation, reached back to before the Second World War and then firmly embedded itself during the war years when women assumed such important roles in the workplace that Franklin D. Roosevelt called them the 'Arsenal of Democracy'. When the men returned from war, women were encouraged by forces as powerful as government agencies and eminent psychiatrists to return to their 'place' at home. And return home they did, only to realize that they could use the skills they practiced as housewives to begin organizing themselves into groups that would start a wave of protest action that

swept through the late 1950s, gathering up the Civil Rights Movement as it hurtled ever forward through the next two decades. In the 1960s and 1970s, no institution or convention was sacred—many aspects of women’s lives were fair game for criticism, protest, and change. In this no-holds-barred era, women debated everything from international nuclear policies, pay equity and child care for women, to reproductive rights and sexual politics. They protested in the streets, outside the White House, in Trafalgar Square, at the Arc de Triomphe, on university campuses, and just about anywhere else they would be heard. They were tired of the role society had cast for them and they would not rest until they saw the substantial change that seemed promising with the emergence of Second Wave Feminism in the 1970s. While we still live in a patriarchal society, we have these women to thank for many of the freedoms we now enjoy. If they have taught us anything, it is never to stop pushing back against the patriarchy and to rest only when we are truly equal. The final chapter of *Don’t Call Us Girls* reminds us that there is still a lot of work to do.

Tales of Forgotten Chicago Richard C Lindberg, 2020-07-24 Hidden gems from Chicago's past *Tales of Forgotten Chicago* contains twenty-one fascinating, little-known stories about a great city and its people. Richard C. Lindberg has dug deeply to reveal lost historical events and hidden gems from Chicago's past. Spanning the Civil War through the 1960s, the volume showcases forgotten crimes, punishments, and consequences: poisoned soup that nearly killed three hundred leading citizens, politicians, and business and religious leaders; a woman in showbiz and her street-thug husband whose checkered lives inspired a 1955 James Cagney movie; and the first police woman in Chicago, hired as a result of the senseless killing of a young factory girl in a racially tinged case of the 1880s. Also included are tales of industry and invention, such as America's first automobile race, the haunting of a wealthy Gilded Age manufacturer's mansion, and the identity of the telephone's rightful inventor. Chapters on the history of early city landmarks spotlight the fight to save Lakefront Park and how "Lucky" Charlie Weeghman's north side baseball park became Wrigley Field. Other chapters explore civic, cultural, and political happenings: the great Railroad Fairs of 1948 and 1949; Richard J. Daley's revival of the St. Patrick's Day parade; political disrupter Lar "America First" Daly; and the founding of the Special Olympics in Chicago by Anne Burke and others. Finally, some are just wonderful tales, such as a touching story about the sinking of Chicago's beloved Christmas tree ship. Engrossing and imaginative, this collection opens new windows into the past of the Windy City.
