**Sybille Ebert-Schifferer**

**The Man Who Killed Caravaggio** Jerome D. Oremland M. D., Jerome D. Oremland, 2011-07-27

**Historical Dictionary of Baroque Art and Architecture** Lilian H. Zirpolo, 2018-03-13 The baroque period deals with the art created roughly between the end of the 16th and the early years of the 18th centuries. The masters of the era include Caravaggio, Gianlorenzo Bernini, Rembrandt, Vermeer, Diego Velazquez, and Nicolas Poussin. The Historical Dictionary of Baroque Art and Architecture, Second Edition covers the most salient works of baroque artists, the most common themes depicted, historical events and key figures responsible for shaping the artistic vocabulary of the era, and definitions of terms pertaining to the topic at hand. This second edition of Historical Dictionary of Baroque Art and Architecture contains a chronology, an introduction, and an extensive bibliography. The dictionary section has over 600 cross-referenced entries on famous artists, sculptors, architects, patrons, and other historical figures, and events. This book is an excellent resource for students, researchers, and anyone wanting to know more about Baroque art.

**Caravaggio** Sybille Ebert-Schifferer, 2012-06-05 The young Michelangelo Merisi da Caravaggio (1571-1610) created a major stir in late-sixteenth-century Rome with the groundbreaking naturalism and highly charged emotionalism of his paintings. One might think, given the vast number of books that have been written about him, that everything that could possibly be said about the artist has been said. However, the author of this book argues, it is important to take a fresh look at the often repeated and widely accepted narratives about the artist's life and work. Sybille Ebert-Schifferer subjects the available sources to a critical reevaluation, uncovering evidence that the efforts of Caravaggio's contemporaries to disparage his character and his artwork often sprang from their own cultural biases or a desire to promote the artistic achievements of his rivals. Contrary to repeated claims in the literature, the painter lacked neither education nor piety, but was an extremely accomplished technician who developed a successful marketing strategy. He enjoyed great respect and earned high fees from his prestigious clients while he also inspired a large circle of imitators. Even his brushes with the law conformed to the behavioral norms of the aristocratic Romans he sought to emulate. The beautiful reproductions of Caravaggio's paintings in this volume make clear why he captivated the imagination of his contemporaries, a reaction that echoes today in the ongoing popularity of his work and the fierce debate that it continues to provoke among art historians.

**Caravaggio** Michelangelo Merisi da Caravaggio, 2006 This volume considers Caravaggio's revolutionary realism from a

range of perspectives, presenting new avenues for research by a plurality of leading scholars. First, it advances our understanding of Caravaggio's relationship with the new science of observation championed by Galileo. Second, it examines afresh the theoretical nature and artistic means of Caravaggio's seemingly direct realism. Third, it extends the horizons of research on Caravaggio's complex intellectual and social milieu between high and low cultures. Genevieve Warwick is Senior Lecturer in the Art History department at the University of Glasgow.

**Caravaggio in Film and Literature** Laura Rorato, 2017-07-05 Although fictional responses to Caravaggio date back to the painter's lifetime (1571-1610), it was during the second half of the twentieth century that interest in him took off outside the world of art history. In this new monograph, the first book-length study of Caravaggio's recent impact, Rorato provides a panoramic overview of his appropriation by popular culture. The extent of the Caravaggio myth, and its self-perpetuating nature, are brought out by a series of case studies involving authors and directors from numerous countries (Italy, Great Britain, America, Canada, France and Norway) and literary and filmic texts from a number of genres - from straightforward tellings of his life to crime fiction, homoerotic film and postcolonial literature.

**Caravaggio & His Followers in Rome** David Franklin, Sebastian Schütze, 2011 The Italian artist Caravaggio (1571-1610) had a profound impact on a wide range of baroque painters of Italian, French, Dutch, Flemish, and Spanish origin who resided in Rome either during his lifetime or immediately afterward. This captivating book illustrates the notion of Caravaggism, showcasing 65 works by Peter Paul Rubens and other important artists of the period who drew inspiration from Caravaggio. Also depicted are Caravaggio canvases that fully exhibit his distinctive style, along with ones that had a particularly discernible impact on other practitioners. Caravaggio's influence was greatest in Rome, where his works were seen by the largest and most international group of artists, and was at its peak in the early decades of the 17th century both before and after his untimely death at the age of 39. Not since Michelangelo or Raphael has one European artist affected so many of his contemporaries and over such broad geographic territory. Essays by an array of major Caravaggio scholars illuminate the underlying principles of the exhibit, reveal how Caravaggio altered the presentation and interpretation of many traditional subjects and inspired unusual new ones, and explore the artist's legacy and how he irrevocably changed the course of painting.--Publisher's description.

La Vergine contesa Autori Vari, 2022-03-15T12:12:00+01:00 Il 12 settembre 1612, interpretando il decreto di Paolo V Sanctissimus Dominus Noster, la Monarchia Cattolica introdusse la pratica del giuramento di fedeltà all'Immacolata Concezione per tutti i ministri del sovrano, che fu poi esteso a università, municipalità, ordini cavallereschi e confraternite, in tutti i suoi domini. Questa decisione, indipendente dalla volontà della Chiesa di Roma, si tradusse in un intenso dibattito politico e alimentò controversie teologiche già esistenti riguardo alle posizioni immacoliste. La difesa della causa dell'Immacolata Concezione rientrò nel discorso politico della Monarchia Cattolica, tanto attraverso la pubblicistica come tramite la produzione artistica e letteraria, convertendosi, per i territori appartenenti alla Corona asburgica, in un elemento di promozione dell'unità, tale da esaltare fortemente la coesione tra di essi pur appartenendo a un sistema policentrico.

*Groundwork* David Young Kim, 2022-10-18 An illuminating look at a fundamental yet understudied aspect of Italian Renaissance painting The Italian Renaissance picture is renowned for its depiction of the human figure, from the dramatic foreshortening of the body to create depth to the subtle blending of tones and colors to achieve greater naturalism. Yet these techniques rely on a powerful compositional element that often goes overlooked. *Groundwork* provides the first in-depth examination of the complex relationship between figure and ground in Renaissance painting. "Ground" can refer to the

preparation of a work's surface, the fictive floor or plane, or the background on which figuration occurs. In laying the material foundation, artists perform groundwork, opening the ground as a zone that can precede, penetrate, or fracture the figure. David Young Kim looks at the work of Gentile da Fabriano, Giovanni Bellini, Giovanni Battista Moroni, and Caravaggio, reconstructing each painter's methods to demonstrate the intricacies involved in laying ground layers whose translucency and polychromy permeate the surface. He charts significant transitions from gold ground painting in the Trecento to the darkened grounds in Baroque tenebrism, and offers close readings of period texts to shed new light on the significance of ground forms such as rock face, wall, and cave. This beautifully illustrated book reconceives the Renaissance picture, revealing the passion and mystery of groundwork and discovering figuration beyond the human figure.

Storia dell'arte nell'Italia meridionale Francesco Abbate, 1997

**La donna del Caravaggio** Riccardo Bassani, 2021-09-23T00:00:00+02:00 Una sera d'estate del 1605, nel cuore della Roma papalina, un uomo di legge viene aggredito alle spalle nel buio, e ferito gravemente con un colpo di spada. Interrogato, l'uomo dichiara di non avere dubbi: a colpirlo è stato Michelangelo Merisi da Caravaggio, il «pittor celebre» con cui qualche sera prima aveva avuto un violento alterco a proposito di una donna chiamata «Lena, che è donna di Michelangelo». Nella vicenda del Caravaggio, pur caratterizzata da continue turbolenze, l'episodio era fino ad oggi rimasto anomalo, sproporzionato, indecifrabile. Chi era Lena? Di cosa era stata incolpata? E perché Caravaggio si era schierato a sua difesa, con un comportamento così violento e scellerato? Per secoli una documentazione scarna e reticente aveva impedito di trovare risposte che andassero oltre le più fantasiose congetture. Finalmente, questo libro scioglie ad uno ad uno i nodi di quella trama oscura, attraverso un'indagine storica rigorosa, costruita su un potente apparato di documenti, in larga parte inediti e qui integralmente trascritti, che porta a una serie successiva di disvelamenti. Il primo passo è l'identificazione di Lena nella persona di Maddalena Antognetti, cortigiana di rango, al centro di una complessa rete di relazioni trasversali negli ambienti più in vista della Roma del tempo. Il secondo passo ci porta nel cuore del libro. Una volta identificata la «Lena, donna di Michelangelo», prende forma un lungo e appassionante flashback che ne racconta tutta la vita precedente, in una ricostruzione ispirata esplicitamente al metodo della «microstoria». Da figlia di una famiglia agiata di un mercante ben introdotto negli ambienti della curia papale, a adolescente orfana e diseredata, costretta con la madre e la sorella maggiore, Amabilia, a lasciare la casa paterna. Ed è proprio Amabilia a spingere Maddalena sulla strada della prostituzione. La vicenda delle due sorelle cortigiane si dipana da quel momento in un crescendo turbolento di affetti e gelosie, solidarietà e contrasti. Da oscura comprimaria, Maddalena Antognetti prende la scena e diventa protagonista di una ricostruzione storica di una città - e di un mondo - dominati dalla violenza e dalla sopraffazione del potere, rigorosamente maschile. È a questa Roma, colta e violenta, raffinata e corrotta, libertina e poliziesca, che Maddalena presta il suo sguardo femminile e scandaloso. Su questo scenario, ed è il terzo passo del libro, prende corpo un'altra certezza. È proprio Maddalena a far da modella al

Caravaggio, prestando il suo sembiante al volto della Vergine in un dipinto cruciale dell'artista, quella Madonna dei pellegrini che, esposta al pubblico qualche mese prima su un altare della chiesa di Sant'Agostino, aveva suscitato «estremo schiamazzo» tra i «popolani». Quel quadro non era stato il primo, né sarebbe stato l'ultimo. Nel giro di sette anni, furono almeno sette i grandi quadri di soggetto religioso nei quali Michelangelo ritrasse la cortigiana Maddalena nelle vesti impegnative di sante e di madonne. E in tutte e sette – come mostra la densa postfazione di Fiora Bellini, che fa da vero e proprio contrappunto artistico alla narrazione del libro – campeggia quel volto seducente, ritratto «dal naturale», che chiunque, a Roma, avrebbe facilmente potuto riconoscere. Su questa cifra di profonda, umana condivisione, si salda l'incontro tra Maddalena e Michelangelo, solidali nel difendere, ciascuno a suo modo, la propria identità, il proprio mestiere, la propria reputazione. Fino in fondo. A costo dello sfregio.
