She possesses an incredible gift—the ability to communicate with loved ones who have passed, convey messages of love and healing, and impart a greater understanding of our interconnectedness. Though her abilities are exceptional, they are not unique, and that is the message at the core of this book. Understanding the secret language of the universe is a gift available to all. As we learn to ask for and recognize signs from the other side, we will start to find meaning where before there was only confusion, we will see light in the darkness. We may decide to change paths, push toward love, pursue joy, and engage with life in a whole new way. In *Signs*, Jackson is able to bring the mystical into the everyday. She relates stories of people who have experienced these uncanny revelations and instances of unexplained synchronicity, as well as those drawn from her own experience. There's the producer whose lost child appears to her as a deer that approaches her unhesitatingly at a highway rest stop; the name tag of an ER nurse that lets a terrified wife know that her husband will be okay; the Elvis Presley song that arrives at the exact time of her own father's passing; and many others. Forever Connected Bill Winn, 2018-10-07 *Forever Connected* is a highly personal, emotionally intense story of eternal love and commitment. It is written for those grieving the loss of someone they loved deeply. The fundamental premise of the book is that you can heal from that loss by keeping your relationship with your beloved actively alive in your heart and mind. It directly opposes the notion that healing ultimately requires moving on from your loved one and moving them into memory. This book is written from the unique perspective of someone who is neither religious nor an atheist. An alternative title could have been, *A pathway to God for the non-religious*. It describes Bill's personal journey of building belief in Marnie's living soul by building belief in a living God who is the source and substance of that soul. *Forever Connected* describes a relationship of profound love and intensity that challenged the boundaries and limits of society every step along the way and continues to do so even in death.

Proof of Spiritual Phenomena Mona Sobhani, 2022-08-23 • Shares data and meta-analysis from a large volume of extremely sophisticated experiments that provide proof for the existence of psi phenomena • Explores evidence of past lives, intuitive knowing, and other spiritual phenomena • Reveals the author's own inexplicable experiences as well as her conversations with scientific colleagues, high-level experts, and government officials Fully indoctrinated into the cult of science, neuroscientist Mona Sobhani, Ph.D., aggressively defended the dogma of scientific beliefs--until a series of life-altering events caused her to reconsider spirituality and psi concepts and launched her into a two-year investigation into the ineffable mysteries of our world. Sharing the extensive research she discovered on past lives, karma, and the complex interactions of mind and matter, the author details her transformation from diehard materialist to open-minded spiritual seeker. She reveals her conversations about spirituality and anomalous occurrences with scientific colleagues as well as high-level experts and government officials who shared data on extremely sophisticated experiments that provided proof for the existence of psi phenomena. She discovered that psi research has been conducted on a grand scale for more than a century--by hundreds of scientists with hundreds of thousands of participants--and that there exists substantial evidence for the reality of psi. She examines meta-analysis of these experiments, such as that of the Ganzfeld tests, which showed odds against chance of 12 billion to 1--throwing our current scientific materialist paradigm into question. Providing a deep dive into the literature of psychology, quantum physics, neuroscience, philosophy, and esoteric texts, Sobhani also explores the relationship between psi phenomena, the transcendence of space and time, and spirituality. Culminating with the author's serious reckoning with one of the foundational principles of neuroscience--scientific materialism--this illuminating book shows that the mysteries of human experience go far beyond what the present scientific paradigm can comprehend.

Angels on Earth Laura Schroff, Alex Tresniowski, 2017-10-10 From the #1 New York Times bestselling authors of *An Invisible Thread* comes a heartwarming book about the huge impact that small acts of kindness from strangers can have on the world around us. One day in 1986, Laura Schroff, a busy ad sales executive, passed a small boy panhandling on the street. She stopped and offered to take him to McDonald's for lunch. Twenty years later, at Laura's fiftieth birthday party, Maurice Mayzik gave a toast, thanking Laura for that small act of kindness, which ended up changing the course of his life. In that toast, Maurice said that when Laura stopped on that busy street corner all those years ago, God had sent him an angel. Laura knows better than anyone that angels--divine and otherwise--are all around us. After *An Invisible Thread* was published and became an international bestseller, people began telling Laura their own stories about how chance encounters with strangers have changed their lives. From a woman who saved a life simply by buying someone a book, to a financier who gave a stranger the greatest gift of all, to a teacher who chose a hug over discipline and changed a lost boy's future, *Angels on Earth* is a touching and heartfelt collection of stories about how one seemingly small act of kindness can make a profound difference.--Google Books viewed Sept. 23, 2021.

Remembering Awake Julie Foster, MD, 2024-11-01 *Remembering Awake* will guide you to a safe frequency where you can experience the bliss of a vulnerable heart, with no protective prison walls keeping it from sharing its love and wisdom. This book will help you remember that all the energies of what you see as your reality are fragments of the same cosmic soul discovering a way to tune their unique note into the celestial harmony of creation's symphony. It is time for our soul to

awaken to its true potential and collectively create a more loving reality. This book is a guidebook on how to do that. It will help you understand how important and perfect your soul's journey through time has been. It will help your mind relax and melt into harmony with all the dimensions of our consciousness. Remembering Awake will help you open the prisons your limbic system has placed you in and dissolve some of the amnesia that keeps you from remembering that only one unconditionally loving soul is here "playing Earth." Through this profound awakening, you will set your mind and soul free to love all its encounters and feel a peace within that you never dreamed existed. Dr. Julie Foster's mind was trapped in slumber for the first fifty years of her life. In 2020, her hands "turned on," and she began to feel the energetic entanglements in her patients and humanity that are the root cause of our diseases. She learned that the prescriptions she wrote as a medical doctor were just bandages which quieted symptoms. This epiphany opened her mind and gave her the desire to find a way to help her patients cure, rather than conceal, their diseases. Through an open heart, she remembered we all have a God particle that creates our human suit and can be one with all energy in existence. She learned to surrender and let "God heal God" by connecting to the God particle in those who came to her for healing. We are the world teacher. Every fragment of our soul has wisdom to share. This book will help you awaken so you can feel blessed by the loving wisdom you have exchanged with others' souls through choosing to play Earth. Julie ends many blogs with, "I love you. We got this." By the end of the book, you will embody the cosmic vibration of those words and share it in your interactions with other amazing versions of your soul. It is time to discover the joy of remembering who you truly are by "loving open." Julie's loving stories on how we heal will guide you to this reality.

A Spiritual Journey to Unwavering Faith Dave Scelba, 2023-05-19 Almost everyone at some point in their lives questions their faith and/or belief in God. Even the most learned religious scholars, ordained and lay readers and faith-based teachers admit to having doubt at times. The author wrestled with faith and a belief in God for many years but feels blessed to have experienced a series of life-changing events that opened his eyes, heart, and mind. Today he has absolutely no doubt in the existence of God and that there is an afterlife. *A Spiritual Journey to Unwavering Faith* is a multi-denominational and multi-dimensional book written for every reader regardless of their religious backgrounds or spiritual beliefs. It details the writer's unique experiences, and the purpose in sharing his spiritual journey is to give those with doubt, a sense of comfort, peace, and hope. It also provides confirmation and inspiration to those who already have faith, and to hopefully strengthen their existing belief. The author's spiritual journey began about a year before the passing of his father-in-law and continued to grow and become stronger with the passing of his father and mother. Each died in the author's arms and as they took their last breaths, he asked them to please give him a sign or do whatever they could to confirm the existence of God and the afterlife. Literally moments after they each passed and many times since, each communicated with the author and provided profound signs that were personal connections known only between themselves. Initially the author viewed these After Death

Communication (ADC) signs as sheer coincidences, but after experiencing a series of unique, strange, unexplainable encounters the writer finally realized he was witnessing events that went beyond the obvious or what could be identified by using his five key senses. Once he accepted the possibly a higher power was at work, he allowed his eyes, heart, and mind to be opened to a whole new world or realm. He also discovered the incredible power of prayer. During his research and the discovery process the author read many books that included historical mythology, afterlife experiences, spiritual enlightenment, faith, the Old and New Testaments of several different Bible translations, excerpts of the Koran, Divine interventions, and devotionals written by lay persons from around the world. He especially enjoyed reading devotionals from people of all walks of life who told their stories through essays that connected to specific scripture. Their personal experiences relating to selected scripture were genuine, insightful and deeply moving. The author found it interesting how philosophies and life recommendations quoted in so many modern day spiritual and self-help books and materials are rooted in scripture. As the author connected his own personal events to specific scriptures, he realized everything he was searching for was already compiled in one comprehensive best-selling book of all time ... the Bible.

Crazier Things Have Happened Stacey Webber, 2023-04-28 Crazier Things Have Happened, is my memoir about my journey through the world of infertility and pregnancy loss, and how it shaped my life choices, and how I learned to live from love and not fear. I hope to inspire my readers to find their own true path, to follow their own inner compass and learn to tune into their intuition for guidance, how to tell by how you feel whether you are going with your own desires or against them. We all have inner guidance but it's up to each of us individually to silence our inner critic and amplify our inner champion, by focusing on the blessings, love and joy already present in our lives, and in doing so allow more to naturally flow into our everyday experiences. This is my story of a mother's enduring hope and eternal love, and in sharing my story I wish to inspire others to believe in not just what is probable in life, but to what is possible.
