

Medico De Cuerpos Y Almas Frases

Argentina. Congreso de la Nación. Cámara de Diputados de la Nación

Las diez Perlas de la empatía Rodrigo Chaires Gutiérrez, 2025-04-04 Estar en un hospital nunca es fácil. Para pacientes, familiares y profesionales de la salud, la experiencia puede ser abrumadora. Pero hay un elemento clave que puede transformar el miedo y la incertidumbre en alivio y confianza: la empatía. Rodrigo Chaires nos recuerda que la medicina va más allá de diagnósticos y tratamientos: se trata de personas. Las diez perlas de la empatía son principios esenciales que todo profesional de la salud debería conocer y aplicar para mejorar el trato a los pacientes y sus familias. Desde el reconocimiento de que ningún paciente está en el hospital por gusto hasta la necesidad de escucharlos siempre, estas perlas nos muestran que el simple hecho de recordar que cada paciente es alguien más allá de su enfermedad y que sus necesidades son lo más importante para ellos, puede marcar una diferencia enorme en su proceso de recuperación. La conexión humana es el puente que une la ciencia con el bienestar emocional. En un entorno donde la inmediatez y los procedimientos técnicos dominan, Rodrigo nos invita a detenernos y reflexionar sobre la importancia de la honestidad, la comunicación y la sensibilidad en el ejercicio médico. Porque ser empático es una herramienta poderosa que permite mejorar la experiencia del paciente, fortalecer los vínculos con sus familiares y dignificar la labor de quienes cuidan de la salud. En un sistema que muchas veces se percibe como frío e impersonal, este libro es un llamado urgente a humanizar la medicina. Porque pequeños gestos pueden marcar grandes diferencias. Porque detrás de cada paciente hay una historia. Y porque ser empático no solo mejora la vida del otro, también nos transforma a nosotros mismos.

Cuerpos y almas Maxence Van der Meersch, 1946

Médico de cuerpos y almas Taylor Caldwell, 1999-03-24 En su espíritu habitaba la profunda sabiduría médica alejandrina. En sus manos tenía el poder de preservar la vida y vencer la muerte. Lucano había adquirido sus conocimientos en el poderosos y espléndido Imperio babilónico, cuna de la ciencia, y en la magnífica Biblioteca de Alejandría, donde miles de volúmenes atesoraban secretos arcanos que contenían el poder de sanar las enfermedades del cuerpo y el alma. Durante el largo viaje que lo llevaría desde Roma hasta Tierra Santa, Lucano se convirtió al cristianismo y utilizó su arte y su devoción para aliviar la desesperación de aquellos que encontró en su camino, humillados bajo el yugo imperial romano. Médico de cuerpos y almas narra el periplo del gran sanador Lucano, más conocido como san Lucas, el tercer evangelista. Una novela donde los valores sublimes de un hombre entran en colisión con la crueldad de una sociedad en plena decadencia.

Acta herediana ,2002

Medico de cuerpos y almas Taylor Caldwell,1991-01

Retorno de cuerpos, recorrido de almas Anne Marie Losonczy, Valérie Robin Azevedo,2021-04-01 En América Latina como en España, luego de largos períodos de conflictos armados o dictaduras, las iniciativas para la apertura de las fosas comunes se han multiplicado en los últimos años. Asimismo, y más allá de la dimensión judicial de la pericia forense, el objetivo de estas exhumaciones ha evolucionado con los años. Este libro indaga sobre un triple objetivo que ha venido cobrando cada vez mayor fuerza en estos procesos: restaurar la dignidad del difunto, apaciguar a los familiares y permitir la reconciliación nacional. Los rastros de los individuos asesinados constituyen, de hecho, soportes materiales y simbólicos de las memorias colectivas de la violencia política, ¿pero cómo se ha organizado la atención medicolegal de los cuerpos y los objetos desenterrados, así como el marco religioso, simbólico y narrativo relacionado con su cuidado? Retorno de cuerpos, recorrido de almas arroja luces sobre la forma en que los ritos funerarios y el imaginario acerca de la muerte violenta se recomponen en este contexto singular. Las contribuciones reunidas aquí, basadas en investigaciones de campo realizadas en Argentina, Colombia, España, Guatemala y Perú, estudian las exhumaciones y los entierros ulteriores del posconflicto en su triple dimensión antropológica: sociopolítica, cultural y simbólica, a menudo tratadas por separado. Retorno de cuerpos, recorrido de almas muestra así su articulación y pone de manifiesto los desafíos contemporáneos de una ritualidad funeraria emblemática de sociedades marcadas por la violencia, aunque hasta ahora han sido poco estudiados.
