Buckminster Holds Court K. B. Williamson, 2012-03-01 Twenty-something Buckminster, or Buck as he is known to most, lives a pretty typical life in the house he shares with seven others near the University of Ottawa. Buck thinks his biggest challenge is grappling with the annoyances of living with several different personalities, but little does he know that danger, betrayal, and death lurks in the shadows. Life is about to become anything but typical for Buck. As the students approach the fateful week leading up to the G-8 and G-20 summits held in Ontario in June 2010, they are clueless that there has been an enormous political and social change within the Western and Canadian worlds in response to perceived societal threats. Even worse, one of Buck's roommates is fixated on becoming the best stalker and cross-terrain ghost in the world with one lofty goal to intimidate and scare a few unlucky souls. As the week progresses, Buck and his roommates soon realize that their insulated lives are about to be exposed in ways they never could have imagined. In this riveting thriller, it is up to the residents of 395 Nelson Street to escape from a dangerous web of deceit before it is too late.

Jack the Ripper--Case Solved, 1891 J.J. Hainsworth, 2015-10-29 Is there anything new to be read about Jack the Ripper, whose identity has been sought by countless Ripperologists for more than 120 years? This book answers an emphatic Yes!

Drawing on recently discovered sources, the author argues that the Ripper's identity was no mystery to the police in 1891. Police chief Sir Melville Macnaghten claimed to know the truth from private information, but his source has remained unknown for more than a century. Here, the identity of Sir Melville's informer is revealed, explaining why the Ripper was disguised as an insane surgeon for public consumption. A number of photos are included, some never before seen.

Ghost Moon Heather Graham, 2018-05-14 Plunge back into the Bone Island trilogy, a thrilling series of haunted suspense from New York Times bestselling author Heather Graham. Reclusive collector Cutter Merlin is seldom seen in Key West—lately, not at all. Officer Liam Beckett visits Merlin's curious house and discovers the gentleman in his study. In his death grip: a volume of occult lore and a reliquary. His eyes are wide with fright, his mouth a horrified rictus where spiders now dwell. Kelsey Donovan returns to the old house to catalog her estranged grandfather's collection of artifacts and antiquities, vowing to see his treasures divested properly. But she cannot ignore the sense that she's being watched, the reports of malevolent black figures, the pervasive smell of death. Is the Merlin house haunted, even cursed? Liam knows well that some ghost stories are true and he swears to protect Kelsey. But there are forces at work for whom one more life is a pittance to pay for their deepest desire...
