## Michael Leahy

**Nothing Else Matters** S. D. Tooley, 2000 He's known by the code name, Sparrow. Authorities can only identify him by the tattoo on the back of his hand. Sparrow is a gun for hire and his next target is Reverend Everett Smith. His orders are to kill the Reverend on the River Queen Casino. But just before he pulls the trigger, someone beats him to it.--Jacket.

When Nothing Else Matters Michael Leahy, 2012-12-11 As one of the greatest, most celebrated athletes in history, Michael Jordan conquered professional basketball as no one before. Powered by a potent mix of charisma, near superhuman abilities and a ferocious drive to dominate the game, he achieved every award and accolade conceivable before retiring from the Chicago Bulls and taking an executive post with the Washington Wizards. But retirement didn't suit the man who was once king, and at the advanced age of thirty-eight Michael Jordan decided it was time to reclaim the court that was once his. **WHEN NOTHING ELSE MATTERS** is the definitive account of Jordan's equally spectacular and disastrous return to basketball. Having closely followed Jordan's final two seasons, Michael Leahy draws a fascinating portrait of an intensely complex man hampered by injuries and assaulted by younger players eager to usurp his throne. In this enthralling book Jordan emerges as an ambitious, at times deeply unattractive character with, unsurprisingly, a monstrous ego. **WHEN NOTHING ELSE MATTERS** is an absorbing portrait not only of one athlete's overriding ambition, but also of a society so in thrall to its sports stars that it is blind to all their faults.

**Nothing Personal?** Nick Gill,2016-02-23 In this groundbreaking new study, Nick Gill provides a conceptually innovative account of the ways in which indifference to the desperation and hardship faced by thousands of migrants fleeing persecution and exploitation comes about. Features original, unpublished empirical material from four Economic and Social Research Council (ESRC) funded projects Challenges the consensus that border controls are necessary or desirable in contemporary society Demonstrates how immigration decision makers are immersed in a suffocating web of institutionalized processes that greatly hinder their objectivity and limit their access to alternative perspectives Theoretically informed throughout, drawing on the work of a range of social theorists, including Max Weber, Zygmunt Bauman, Emmanuel Levinas, and Georg Simmel

Make Time Jake Knapp, John Zeratsky, 2018-09-25 From the New York Times bestselling authors of *Sprint* comes “a unique and engaging read about a proven habit framework [that] readers can apply to each day” (Insider, Best Books to Form New Habits). “If you want to achieve more (without going nuts), read this book.”—Charles Duhigg, author of *The Power of Habit* Nobody ever looked at an empty calendar and said, The best way to spend this time is by cramming it full of meetings! or got to work in the morning and thought, Today I'll spend hours on Facebook! Yet that's exactly what we do. Why? In a world where information refreshes endlessly and the workday feels like a race to react to other people's priorities faster, frazzled and distracted has become our default position. But what if the exhaustion of constant busyness wasn't mandatory? What if you could step off the hamster wheel and start taking control of your time and attention? That's what this book is about. As creators of Google Ventures' renowned design sprint, Jake and John have helped hundreds of teams solve important problems by changing how they work. Building on the success of these sprints and their experience designing ubiquitous tech products from Gmail to YouTube, they spent years experimenting with their own habits and routines, looking for ways to help people optimize their energy, focus, and time. Now they've packaged the most effective tactics into a four-step daily framework that anyone can use to systematically design their days. *Make Time* is not a one-size-fits-all formula. Instead, it offers a customizable menu of bite-size tips and strategies that can be tailored to individual habits and lifestyles. *Make Time* isn't about productivity, or checking off more to-dos. Nor does it propose unrealistic solutions like throwing out your smartphone or swearing off social media. Making time isn't about radically overhauling your lifestyle; it's about making small shifts in your environment to liberate yourself from constant busyness and distraction. A must-read for anyone who has ever thought, If only there were more hours in the day..., *Make Time* will help you stop passively reacting to the demands of the modern world and start intentionally making time for the things that matter.

**Ara** Mark O. Hubbard, 2024-08-01 *Ara: The Life and Legacy of a Notre Dame Legend* captures the personality, courage, and character of a great man who faced adversity on and off the field. Through his unprecedented access to Ara Parseghian's

personal files, author Mark O. Hubbard explores the coach's innovative philosophy, organization, strategy, tactics, and motivational techniques with details to satisfy even the most knowledgeable football aficionado. Hubbard chronicles Ara's childhood and Catholic upbringing, his success as a football player, and the development of his coaching credentials at Miami of Ohio and Northwestern before delving into his sensational career at the University of Notre Dame. From the moment Ara arrived on campus, the student body and the players were electrified, and Ara's first season concluded with a dramatic reversal of the Fighting Irish's fortunes as they competed for the national title. The Hall of Famer remains one of the most successful football coaches in Notre Dame history, amassing a career record of 95-17-4 and leading the Fighting Irish to undisputed national championships in 1966 and 1973. After retiring from coaching, Ara became a successful businessman and television commentator, but his finest hours were spent in humanitarian causes, raising millions of dollars for medical research after members of his family were stricken with multiple sclerosis and Niemann-Pick Type C. Peppered with historical context and humor, this lively biography of a Notre Dame legend will delight all sports fans, providing a chance to revisit college football's golden age.

*Other Souths* Pippa Holloway,2008 Other Souths collects fifteen innovative essays that place issues of race, class, gender, ethnicity, and sexuality at the center of the narrative of southern history. Using a range of methodologies and approaches, contributing historians provide a fresh perspective to key events and move long-overlooked episodes into prominence. Pippa Holloway edited the volume using a chronological and event-driven framework with which many students and teachers will be familiar. The book covers well-recognized topics in American history: wars, reform efforts, social movements, and political milestones. Cultural topics are considered as well, including the development of consumer capitalism, the history of rock and roll, and the history of sport. The focus and organization of the essays underscore the value of southern history to the larger national narrative. Other Souths reveals the history of what may strike some as a surprisingly dynamic and nuanced region--a region better understood by paying closer and more careful attention to its diversity.
