Desert Survival Skills David Alloway, 2010-06-25 An “authoritative, comprehensive, well written, and entertaining” guide to staying alive in the desert from a Texas Parks and Wildlife veteran (*Library Journal*). Remote desert locations, including the Chihuahuan Desert of northern Mexico, southern Texas, New Mexico, and Arizona, draw adventurers of all kinds, from

the highly skilled and well prepared to urban cowboys who couldn't lead themselves, much less a horse, to water. David Alloway's goal in this book is to help all of them survive when circumstances beyond their control strand them in the desert environment. In simple, friendly language, enlivened with humor and stories from his own extensive experience, Alloway—a naturalist and search-and-rescue veteran who's worked with the US Air Force on survival skills—here offers a practical, comprehensive handbook for both short-term and long-term survival in the Chihuahuan and other North American deserts.

Eco 7 Michael Robertson, 2012-11 Have you ever been confused when people talk about sustainable living? Do you want to know about the real Holy Land, the one that doesn't get shown on the news? Ever wondered what living in a communal village would really be like? In September of 2011, the author went to Israel to answer all these questions for himself. *Eco 7: Zionists, Green Freaks, and Hasidic Hippies* is the insightful and inspiring memoir of his five months on the Hava-ve-Adam Ecological farm in central Israel. Along the way, he does indeed meet Zionists, green freaks, and Hasidic hippies, and he learns from sometimes painful experience the fine art of vagabonding in a foreign country. Over time, he comes to understand the true meaning of not just permaculture but also family and community. Far from being a war-torn military state, this book shows an Israel that is alive and ever-changing, as well as a study in contrasts, through the eyes of one who

was there.

Author Jim Ballou introduces you to the essential skills and mind-set you will need to survive a complete, long-term shift in the way the world operates. He tells you what items you need to assemble now and what skills will be priceless later. You Can Survive! Jere Franklin, 2018-06-28 A plea appears in USA Today from a concerned young father: “Does anyone care anymore? Will someone please, please help me save my son?” —Edward Moats, Tarpon Springs, FL. A young boy leaves a message: “Hey! This is an 11-year-old kid named Jacob. One of my friends was driving by and found this book on the ground. They picked it up. It said You Can Survive! by Jere Franklin. They gave me the book. I have read this book over, and over, and over. It just speaks to me. There's a lot of problems going on in my family ... like ... my Dad is gone ... and other stuff [obvious emotional turmoil in Jacob's unsteady voice ending in a heavy sigh]. I just wanted to thank you for your book. It really means a lot to me.” If there was a plan whereby you could avoid most disasters, wouldn't you want to know about it? If you would, then you need to read this book. It includes chapters on the joys of country living, medical preparation for the end time, wilderness survival, log cabin building, a garden-to-kitchen cookbook, a financial plan, and inspirational stories of faith. In the near future, this information will be invaluable. “Any reader who applies himself diligently to this book will be rewarded and uplifted. A sincere and practical outline for survival and revival.” —Lincoln Steed, Editor, Liberty magazine.

Primal Nate Summers, Jon Young, 2019-09-19 TV survival shows and survival schools are more popular than ever; Paleo diets are proving to be more than just a passing trend; and free-range parenting is gaining steady momentum. So in an age when living in a modern society often equates to comfort and ease, why is it that we are so interested in these primal aspects of being human when they are no longer really necessary? Why are we still so fascinated with making fire or stone tools in this social media-driven digital age? Why are we urging our children to run back out into the wild? The answer to all of these questions—to why we seek out the natural world—stares us in the mirror every day: We long to fulfill our natural destiny as upright-walking hunter-gatherer-nomads. It's who we are. *Primal* explores the natural human desire—the primal desire—to fulfill our original design. From the telling of anecdotes and stories from author Nate Summer's twenty years as a survival specialist to conversations with world-renown survival and human nature specialists to digging into the rewilding and free-range parenting trends, Nate explores how humans have—and continue to—pursue “survival” situations to fulfill their deep, soulful longings.
