@StickyJesus Toni Birdsong, Tami Heim, 2012 @stickyJesus is a fusion of discipleship, faith sharing, marketing, and a Get Started 101 on Twitter, Facebook and blogging. @stickyJesus lays out the current day reality--the good, the bad, and the ugly--and challenges Christ followers to regain our God-given dominion on earth, which includes the Internet. With knowledge, skills, and Holy Spirit guidance, we encourage believers to dig in and learn how to navigate this online world together--and give Christ a voice in the online world. The book also includes personal testimonies. Most are from everyday people impacting others' lives and culture online for Christ. These are real people and ministries (about a dozen) making a difference because they walk, talk and connect differently online. They are living out their faith before others unashamed. The authors' desire is that this project will equip and empower Christ followers and get them excited about sharing their faith

online.

Black Contract Charlotte Byrd, 2018-08-07 They can take everything from me, but they can't take her. Mr. Black is coming back. With a vengeance. "I need you to sign a contract." "What kind of contract?" "A contract that will make you mine." This time she's going to do everything I say. She's going to hate it and then she's going to beg for more. This is the game we play. It's our game. But what happens when others find out? Will we lose everything? Praise for Charlotte Byrd "This series thrilled me from the first page and had me completely engrossed. The pacing and plot was excellent. It had the perfect amount of twists and turns, luring me into the fantasy of this amazing book. The story was well-crafted, starting off with characters I fell in love with. I instantaneously bonded with the heroine and of course Mr. Black. YUM. It's sexy, it's sassy, it's steamy. It's everything. I loved every second of it and was so thrilled to have had such a treat." - Khardine Gray, bestselling romance author Her words make me ache and yearn for more. - *Dancer in the Dark* The story is dark and enticing, taking me deeper into a world from which I never want to emerge. - *Lover of Alpha* Addictive and damaged, their love burns slowly but deeply. - *Heroes and Alphas* "Their chemistry sizzles right from the beginning. He's the gorgeous and dangerous stranger we all need in our life. - *Making Words Up* Her words made me fall in love. It slayed me! - *Sizzling Books* Left my head spinning! I never wanted it to end! - *Heartbreakers and Heroes*

Chris Ware Jean Braithwaite, 2016-12-05 Virtuoso Chris Ware (b. 1967) has achieved some noteworthy firsts for comics. The Guardian First Book Award for Jimmy Corrigan: The Smartest Kid on Earth was the first major UK literary prize awarded for a graphic novel. In 2002 Ware was the first cartoonist included in the Whitney Biennial. Like Art Spiegelman or Alison Bechdel, Ware thus stands out as an important crossover artist who has made the wider public aware of comics as literature. His regular New Yorker covers give him a central place in our national cultural conversation. Since the earliest issues of ACME Novelty Library in the 1990s, cartoonist peers have acclaimed Ware's distinctive, meticulous visual style and technical innovations to the medium. Ware also remains a literary author of the highest caliber, spending many years to create thematically complex graphic masterworks such as *Building Stories* and the ongoing *Rusty Brown*. Editor Jean Braithwaite compiles interviews displaying both Ware's erudition and his quirky self-deprecation. They span Ware's career from 1993 to 2015, creating a time-lapse portrait of the artist as he matures. Several of the earliest talks are reprinted from zines now extremely difficult to locate. Braithwaite has selected the best broadcasts and podcasts featuring the interview-shy Ware for this volume, including new transcriptions. An interview with Marnie Ware from 2000 makes for a delightful change of pace, as she offers a generous, supremely lucid attitude toward her husband and his work. Candidly and humorously, she considers married life with a cartoonist in the house. Brand-new interviews with both Chris and Marnie Ware conclude the volume.

Buns Alice Clayton, 2017-05-23 Clara Morgan, who rebrands struggling hotels for a living, takes on the Bryant Mountain House as a client and finds its obstinate owner, Archie Bryant, as irresistible as the hotel's famous hot cross buns.

Spectre Savannah North, 2004-11 Newly published children's author, Lena Whitney, lives in the middle class world of small town USA. Wife, and mother of one, Lena is comfortable in her established and predictable existence. It's only when unexpected change comes to call, in the form of a mysterious doctor, that she discovers things aren't always what they seem. As Lena struggles to break out of her every day world, she tries to not slip into a darker, unknown world. Will she be able to deal with her inner demons, as well as the outer demons she will have to face? Her 'soul' searching could cost her more than just her lifestyle. The cost could be her life.

What I Like About You Marisa Kanter, 2020-04-07 "Heartwarming, endearing, and sure to leave you swooning... This story is as sweet as the cupcakes you'll be craving by the end!" —Rachael Lippincott, #1 New York Times bestselling author Can a love triangle have only two people in it? Online, it can...but in the real world, it's more complicated. In this debut novel that's perfect for fans of Jenny Han and Morgan Matson, Marisa Kanter hilariously and poignantly explores what happens when internet friends turn into IRL crushes. Is it still a love triangle if there are only two people in it? There are a million things that Halle Levitt likes about her online best friend, Nash. He's an incredibly talented graphic novelist. He loves books almost as much as she does. And she never has to deal with the awkwardness of seeing him in real life. They can talk about anything... Except who she really is. Because online, Halle isn't Halle—she's Kels, the enigmatically cool creator of One True Pastry, a YA book blog that pairs epic custom cupcakes with covers and reviews. Kels has everything Halle doesn't: friends, a growing platform, tons of confidence, and Nash. That is, until Halle arrives to spend senior year in Gramps's small town and finds herself face-to-face with real, human, not-behind-a-screen Nash. Nash, who is somehow everywhere she goes—in her classes, at the bakery, even at synagogue. Nash who has no idea she's actually Kels. If Halle tells him who she is, it will ruin the non-awkward magic of their digital friendship. Not telling him though, means it can never be anything more. Because while she starts to fall for Nash as Halle...he's in love with Kels.

Transformation Abby Wynne, 2022-06-07 Picking up at the exact moment where *Awakening* left off, *Transformation* brings you deeper into Marissa's (now completely upside-down) world. Will she find her feet while juggling college, shamanism, work, family and relationships, or has it all become too much after her terrifying experience? Only one thing is certain, she has a true friend in her cat, Tobermory, who has been looking after her, perhaps more attentively than she realizes. Filled with treasures and nuggets of wisdom these books will remind you that you too, like Marissa, have the capacity to find the magic within you, and in the world, so that you can live an extraordinary life.

The Story of Crass George Berger, 2009-11-04 Crass was the anarcho-punk face of a revolutionary movement founded by radical thinkers Penny Rimbaud and Steve Ignorant. When punk ruled the waves, Crass waived the rules and took it further, putting out their own records, films and magazines and setting up a series of situationist pranks that were dutifully covered by the world's press. Not just another iconoclastic band, Crass was a musical, social and political phenomenon. Commune-

dweller who were rarely photographed and remained contemptuous of conventional pop stardom, their members exhausted the possibilities of punk-led anarchy. They have at last collaborated on telling the whole Crass story, giving access to many never-before seen photos and interviews. The author has written for *Sounds*, *Melody Maker* and *Amnesty International* amongst others. His previous book was a biography of the Levellers: *State Education/No University*.

Unnecessary Drama Nina Kenwood, 2022-10-05 From the author of the much-loved *It Sounded Better In My Head* comes a deliciously entertaining new rom-com, set in a run-down student share house in Melbourne. Eighteen-year-old Brooke is the kind of friend who not only remembers everyone's birthdays, but also organises the group present, pays for it, and politely chases others for their share. She's the helper, the doer, the guarder-of-drinks, the minder-of-bags, the maker-of-spreadsheets. She's the responsible one who always follows the rules—and she plans to keep it that way during her first year of university. Her new share house is rules-lite. But 'no unnecessary drama' means no fights, tension, or romance between housemates. When one of her housemates turns out to be Jesse, her high-school nemesis, Brooke is nervously confident she can handle it. They'll simply silently endure living together and stay out of each other's way. But it turns out Jesse isn't so easy to ignore... Channelling the screwball comedy of *New Girl* with an enemies-to-lovers twist, *Unnecessary Drama* is a joyful story about leaving home, dealing with the unexpected complications of life, and somehow finding exactly what you need. Nina Kenwood is an award-winning author living in Melbourne. Her debut YA novel, *It Sounded Better in My Head*, won the Text Prize and was a finalist for the American Library Association's William C Morris Award, a CBCA notable book, as well as being shortlisted for the NSW Premier's Literary Awards, the Queensland Literary Awards, the Russell Prize for Humour Writing, the Indie Book Awards and the Australian Book Industry Awards. *It Sounded Better in My Head* has been published in six languages, and optioned for film.

A Face for Picasso Ariel Henley, 2021-11-02 A Schneider Family Book Award Honor Book for Teens Raw and unflinching . . . A must-read! --Marieke Nijkamp, #1 New York Times-bestselling author of *This Is Where It Ends* [It] cuts to the heart of our bogus ideas of beauty. --Scott Westerfeld, #1 New York Times-bestselling author of *Uglies* I am ugly. There's a mathematical equation to prove it. At only eight months old, identical twin sisters Ariel and Zan were diagnosed with Crouzon syndrome -- a rare condition where the bones in the head fuse prematurely. They were the first twins known to survive it. Growing up, Ariel and her sister endured numerous appearance-altering procedures. Surgeons would break the bones in their heads and faces to make room for their growing organs. While the physical aspect of their condition was painful, it was nothing compared to the emotional toll of navigating life with a facial disfigurement. Ariel explores beauty and identity in her young-adult memoir about resilience, sisterhood, and the strength it takes to put your life, and yourself, back together time and time again.

Bilingual Pre-teens Janet M. Fuller, 2012 This volume examines the connection between socio-economic class and

bilingual practices, a previously under-researched area, through looking at differences in bilingual settings that are classified as immigrant or elite and are thus linked to socio-economic class categories. Fuller chooses for this examination bilingual pre-teen children in Germany and the U.S. in order to demonstrate how local identities are embedded in a wider social world and how ideologies and identities both produce and reproduce each other. In so doing, she argues that while pre-teen children are clearly influenced by macro-level ideologies, they also have agency in how they choose to construct their identities with relation to hegemonic societal discourses, and have many other motivations and identities aside from social class membership which shape their linguistic practices.

The Game of Lives (The Mortality Doctrine, Book Three) James Dashner, 2015-11-17 From James Dashner, author of the #1 New York Times bestselling Maze Runner series, comes The Game of Lives, the final book in the Mortality Doctrine series, an edge-of-your-seat cyber-adventure trilogy that includes The Eye of Minds and The Rule of Thoughts. Michael used to live to game, but the games he was playing have become all too real. Only weeks ago, sinking into the Sleep was fun. The VirtNet combined the most cutting-edge technology and the most sophisticated gaming for a full mind-body experience. And it was Michael's passion. But now every time Michael sinks, he risks his life. The games are over. The VirtNet has become a world of deadly consequences, and Kaine grows stronger by the day. The Mortality Doctrine—Kaine's master plan—has nearly been realized, and little by little the line separating the virtual from the real is blurring. If Kaine succeeds, it will mean worldwide cyber domination. And it looks like Michael and his friends are the only ones who can put the monster back in the box—if Michael can figure out who his friends really are. And don't miss The Maze Runner movie and its sequel, Maze Runner: The Scorch Trials, from Twentieth Century Fox! Praise for the Mortality Doctrine Series: "Dashner takes full advantage of the Matrix-esque potential for asking 'what is real.'" —io9.com "Set in a world taken over by virtual reality gaming, the series perfectly capture[s] Dashner's hallmarks for inventiveness, teen dialogue and an ability to add twists and turns like no other author." —MTV.com "A brilliant, visceral, gamified mash-up of The Matrix and Inception, guaranteed to thrill even the non-gaming crowd." —Christian Science Monitor

Koko the Mighty Kieran Shea, 2015-08-25 With an outstanding Ultimate Sanction bounty still on her head, Koko Martstellar (ex-mercenary and saloon madam extraordinaire) and Jedidiah Flynn (former orbital sky-cop) have narrowly escaped death in paradise. Rescued during a storm, Koko and Flynn are taken in by what amounts to a self-sufficient outlander cult. To save Flynn's life, Koko barter[s] her warrior skills and assists the de-civ group in fending off their most imminent threat: a horde of genetic-mutant raiders. However, even with the group's foes bested and their idealist lifestyle somewhat enticing, being among the outlander de-civs doesn't sit well with Koko. In spite of the de-civ group's hospitality and Flynn's arguing that they have it pretty good, Koko suspects something is amiss. People within the outlander group's interlocking compounds keep disappearing with flimsy explanations—people like the girl who died on the cliff before Koko

and Flynn's rescue—and soon the group's leadership assesses Koko as a threat to their secret agenda. As the mystery unfolds, Koko's limits and loyalties—perhaps even her love for Flynn—will be tested. And as if that isn't enough, bounty agent Wire has managed to track down Koko and, after a little politicking, is preparing to lead an army of genetic-mutant raiders in a last-man-standing battle against the cult . . .
