Florence Louisa Charlesworth BARCLAY

Game Love Jessica Enevold, Esther MacCallum-Stewart, 2015-01-28 What does love have to do with gaming? As games have grown in complexity, they have increasingly included narratives that seek to engage players with love in a variety of ways. While media attention often focuses on violent emotions and behavior in gaming, love has always been central to the experience. We love to play games, we have titles that we love, and sometimes we love too much or love terrible games for their shortcomings. Love in gaming is rather like love in life--often complicated and frustrating but also exciting and gratifying. This collection of fresh essays explores the meaning and role of love in gaming, describing a number of ways--from coding to cosplay--in which love can be expressed in, for and around games. Investigating how gaming involves love is also key to understanding the growing importance of games and gamers as cultural markers.

The Rose Gate: A Retelling of Beauty and the Beast Hanna Sandvig, 2021-07-05 Once upon a time, a girl from our world found a gate to the Faerie realm... All Isobel wants is a quiet place to read, but apparently that's too much to ask. She only needs to make it through one last summer with her broken family before she can leave for university and get on with her life. At least she has her books and the solitude of the woods. But there are wolves in these woods. Caught out in the forest after dark, Isobel is pursued by a disturbingly intelligent pack of wolves. When the grizzly bear who rescues her turns out to be a cursed fae prince, she realizes her life isn't the only thing in danger. She could lose her heart. Trapped by the wolves at the prince's home in Faerie, Isobel tries to unravel the mystery behind the surly prince's scars. Because time is running out for the castle's inhabitants, and if Isobel can't find a way to break the spell and save the prince from the Unseelie Queen, she may lose everything she's come to love. If you love magic, adventure, and a clean romance, try *The Rose Gate*. This is a stand-alone story that kicks off the *Faerie Tale Romances* series.
