

Rush Revere In Order

Rush Limbaugh

Rush Revere and the First Patriots Rush Limbaugh, 2014-03-11 Substitute middle-school history teacher Rush Revere takes his students back in time to eighteenth-century Boston to experience the start of the American Revolution as it happens.

Rush Revere and the Presidency Rush Limbaugh, Kathryn Adams Limbaugh, 2016-11-22 Join Rush Revere on another action-packed journey! Rush and his friends head back in time to the early days of our independent nation to watch the early American presidents George Washington, John Adams, and Thomas Jefferson in action! Hey there, young readers! Rush Revere here. I can't wait to rush, rush, rush to history with our next adventure: a trip back in time to the first days of our country on its own two legs, free from British rule— What's that, Liberty? Liberty wants me to say on its own four legs. Anyway, as I was saying—free from British rule and creating a new government for the people, by the people. When one of the time-traveling crew from Manchester Middle School decides to run for student-body president, I take them back to meet our first three presidents and first ladies. So, join us as we head back to those amazing and important first years, when we got to make all the decisions. Turns out, it's pretty hard to lead a whole new country! We had to make new rules for America and set the path for the country we would grow up to be. And who better to be our first-ever leader than the general who won the war—George Washington! He was the father of our country and made some incredible decisions that still affect how we live our lives today! But even so, President Washington knew that he couldn't stay president forever or we might end up with a king, just like England. We'll watch as he makes his tough decision to step down to spend more time with Martha Washington and his adopted grandchildren, Nelly and Wash. Then we'll saddle up and ride into the presidency of John Adams, who followed in some very big footsteps with the help of his accomplished wife, Abigail. Then we'll rush, rush, rush to the year 1803, when Thomas Jefferson continues the mission of creating America by making a risky decision to buy a lot of land from the French in the Louisiana Purchase, which more than doubles our size! Using advice from the early presidents, first ladies, and a former U.S. congressman, the crew works to defeat an old nemesis. The question is— will it be enough? What are you waiting for? Bring your curiosity and let's giddyup!

Rush Revere and the Brave Pilgrims and Rush Revere and the First Patriots Rush Limbaugh, 2020-11-03 A compendium of the first two books in the New York Times bestselling Rush Revere series—the perfect gift for young history buffs—from

America's #1 radio talk-show host Rush Limbaugh. Meet Rush Limbaugh's really good pal Rush Revere! Okay, okay, my name's really Rusty—but my friends call me Rush Revere because I've always been the #1 fan of the coolest colonial dude ever, Paul Revere. Talk about a rock star—this guy wanted to protect young America so badly, he rode through those bumpy, cobblestone-y streets warning everyone that “the British are coming!” On a horse. Top of his lungs. Wind blowing, rain streaming... Well, you get the picture. But what if you could get the real picture—by actually going back in time and seeing with your own eyes how our great country came to be and meeting the very people who made it all happen? Hold on to your pointy triangle hats, because you can—with me as your tour guide across time. First, we'll join a shipload of brave families journeying on the Mayflower in 1620. Then we'll head to Boston in 1765 as cries for revolution are growing louder and louder. With plenty of fascinating facts and thrilling action, these books are perfect for exceptional young patriots just like you!

Rush Revere and the American Revolution Rush Limbaugh, Kathryn Adams Limbaugh, 2014-10-28 The American revolution has begun—and Rush Revere, Liberty the horse, and the time-traveling crew are ready to ride into the action! Join us on this incredible time-travel adventure! Liberty, my wisecracking horse, our old friends Cam, Tommy, Freedom, and I are off to meet some super-brave soldiers in the year 1775. Yep, that's right. We'll be visiting with the underdog heroes who fought for American independence, against all odds—and won! But not before eight very real years of danger and uncertainty. Be a part of Rush Revere's crew as we rush, rush, rush into a time when British rule had become a royal pain, and rebellion was in the air. We'll be on hand to see two lanterns hung in the Old North Church, prevent a British spy from capturing Paul Revere, and grapple with danger at the battles of Lexington, Concord, and Bunker Hill. The extra special part of this trip is that right here in the twenty-first century, Cam's dad is a soldier fighting in Afghanistan, and Cam has been pretty angry that he is away. Visiting with exceptional American heroes like Dr. Joseph Warren and George Washington, racing along after Paul Revere on his midnight ride, and seeing the Declaration of Independence signed make Cam see his own dad in a new and special way. But don't worry. Along with the danger, excitement, and patriotism, there will still be time to stop for a delicious spinach, oats, and alfalfa smoothie. No, wait—that one's for Liberty. The kids and I voted for strawberries. Now let's open the magic portal to the past!

The Incredible Adventures of Rush Revere Rush Limbaugh, 2017-10-31 Explore the earliest days of the United States with this boxed set containing the #1 New York Times bestselling Time Travels with Exceptional Americans series from Rush Limbaugh! From the nationally syndicated radio host and #1 New York Times bestselling author Rush Limbaugh comes this special boxed set of five exciting Rush Revere titles, perfect for those who want to discover more about some of the most remarkable Americans in history! Starting with the arrival of the Mayflower in 1620, Rush Revere and the Brave Pilgrims, you can join these daring English settlers as they arrive in America and celebrate the first Thanksgiving. Follow that with

Rush Revere and the First Patriots and discover just how the talk of revolution and liberty spread from the bustling streets of 1760s Boston. Join the fight for freedom with Rush Revere and the American Revolution and be on hand for some of the most important battles of the war. Experience America's first days as a nation and meet James Madison as writes the Constitution in Rush Revere and the Star-Spangled Banner! And finally, learn about all the first three presidencies of the United States directly from the men themselves and get to see George Washington, John Adams, and Thomas Jefferson in action in Rush Revere and the Presidency!

Rush Revere and the Star-Spangled Banner Rush Limbaugh, Kathryn Adams Limbaugh, 2015-10-27 It's the dawn of an important new day in America. Young readers, grab the reins and join Rush Revere, Liberty the horse, and the whole time-traveling crew in this patriotic historical adventure that takes you on an exciting trip to the past to see our remarkable nation's most iconic symbols up close and personal! "Rush Revere here, along with my chatty horse, Liberty! Wait a minute...Liberty? Where did he go?" "Reporting for duty, Captain Revere!" "Liberty, where did you get that spinach smoothie?" *Slurp* Well, he certainly didn't get it from 1787—that's where we're rush, rush, rushing off to next with our enthusiastic young friends in the Time-Traveling Crew (but not before causing a major security incident at the National Archives in Washington, D.C.!) A funny case of mistaken identity and a wild chase through the busy streets of Philadelphia will lead us to the famously introverted Father of our Constitution, James Madison, and the heated secret debates over the Constitution and the Bill of Rights. Fast-forward a few years, and we'll help his brave wife, Dolley, risk her life to save an important portrait from the White House as the British set Washington afire! What greater symbol of our exceptional nation's hard-won freedoms than the Star-Spangled Banner, sewn by American icon Betsy Ross? Perhaps Francis Scott Key can explain what inspired him to pay tribute to our glorious flag by writing our beautiful national anthem. But watch out for the bombs bursting in air, because when we reach 1814, we'll be front and center at a major battle to defend our liberty. Jump back in the saddle with me, Rush Revere, and the Time-Traveling Crew, as my trusty horse, Liberty, takes us on another flying leap through American history into a past teeming with heroes and extraordinary citizens who have so much to teach us about patriotism. All you need to bring is your curiosity about the birth of our democracy—I've got plenty of tricornered hats for everyone!

Patient H.M. Luke Dittrich, 2016-08-09 "Oliver Sacks meets Stephen King"* in this propulsive, haunting journey into the life of the most studied human research subject of all time, the amnesic known as Patient H.M. For readers of *The Immortal Life of Henrietta Lacks* comes a story that has much to teach us about our relentless pursuit of knowledge. Winner of the PEN/E.O. Wilson Literary Science Writing Award • Los Angeles Times Book Prize Winner NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Washington Post • New York Post • NPR • The Economist • New York • Wired • Kirkus Reviews • BookPage In 1953, a twenty-seven-year-old factory worker named Henry Molaison—who suffered from severe epilepsy—received a radical new version of the then-common lobotomy, targeting the most mysterious structures in the brain. The operation failed to eliminate Henry's seizures, but it did have an unintended effect: Henry was left profoundly amnesic, unable to create long-term memories. Over the next sixty years, Patient H.M., as Henry was known, became the most studied individual in the history of neuroscience, a human guinea pig who would teach us much of what we know about memory today. Patient H.M. is, at times, a deeply personal journey. Dittrich's grandfather was the brilliant, morally complex surgeon who operated on Molaison—and thousands of other patients. The author's investigation into the dark roots of modern memory science ultimately forces him to confront unsettling secrets in his own family history, and to reveal the tragedy that fueled his grandfather's relentless experimentation—experimentation that would revolutionize our understanding of ourselves. Dittrich uses the case of Patient H.M. as a starting point for a kaleidoscopic journey, one that moves from the first recorded brain surgeries in ancient Egypt to the cutting-edge laboratories of MIT. He takes readers inside the old asylums and operating theaters where psychosurgeons, as they called themselves, conducted their human experiments, and behind the scenes of a bitter custody battle over the ownership of the most important brain in the world. Patient H.M. combines the best of biography, memoir, and science journalism to create a haunting, endlessly fascinating story, one that reveals the wondrous and devastating things that can happen when hubris, ambition, and human imperfection collide. "An exciting, artful blend of family and medical history."—The New York Times *Kirkus Reviews (starred review)

Prizing Children's Literature Kenneth Kidd, Joseph Thomas Jr., 2016-11-10 Children's book awards have mushroomed since the early twentieth-century and especially since the 1960s, when literary prizing became a favored strategy for both commercial promotion and canon-making. There are over 300 awards for English-language titles alone, but despite the profound impact of children's book awards, scholars have paid relatively little attention to them. This book is the first scholarly volume devoted to the analysis of Anglophone children's book awards in historical and cultural context. With attention to both political and aesthetic concerns, the book offers original and diverse scholarship on prizing practices and their consequences in Australia, Canada, and especially the United States. Contributors offer both case studies of particular awards and analysis of broader trends in literary evaluation and elevation, drawing on theoretical work on canonization and cultural capital. Sections interrogate the complex and often unconscious ideological work of prizing, the ongoing tension between formalist awards and so-called identity-based awards — all the more urgent in light of the We Need Diverse Books campaign — the ever-morphing forms and parameters of prizing, and scholarly practices of prizing. Among the many awards discussed are the Pura Belpré Medal, the Inky Awards, the Canada Governor General Literary Award, the Printz Award, the Best Animated Feature Oscar, the Phoenix Award, and the John Newbery Medal, giving due attention to prizes for fiction as well as for non-fiction, poetry, and film. This volume will interest scholars in literary and cultural studies, social history, book history, sociology, education, library and information science, and anyone concerned with children's literature.

Conduct Unbecoming Scott Baron, James Wise, Jr., 2016-03-18 Men and women who serve in the armed forces are subject to a different legal code than those they protect. Throughout American history, some have--through action or failure to act or by circumstances--found themselves facing prosecution by the United States military. One measure of a nation's sense of justice is how it treats those who surrender some of their rights to defend the rights of fellow citizens. Beginning with the first court-martial (predating the nation itself) and continuing to the recent wars in Iraq and Afghanistan and the War on Terror, this book examines the proceedings of 15 courts-martial that raised such important legal questions as: When does advocacy become treason? Who bears ultimate responsibility when troops act illegally? What are the limits in protesting injustice? The defendants include such familiar names as Paul Revere and William Calley. The authors examine such overlooked cases as the Somers Mutiny, the trial of the San Patricios and the Port Chicago Mutiny. These trials demonstrate that guaranteeing military justice--especially in the midst of armed conflict--is both a challenge and a necessity in a free society.

Get Out Now Mary Rice Hasson, Theresa Farnan, 2018-08-14 Should we stay or should we go? Millions of parents with children in public schools can't believe they're asking this question. But they are. And you should be asking it too. Almost overnight, America's public schools have become morally toxic. And they are especially poisonous for the hearts and minds of children from religious families of every faith—ordinary families who value traditional morality and plain old common sense. Parents' first duty is to their children—to their intellect, their character, their souls. The facts on the ground point to one conclusion: get out now.
