Trriorities Rich Hatfield, 2010-11 Ask yourself; is there a better way to live? *TRIORITIES* challenges you to make the effort to mentally step out of the game for a moment, and to consider your life; where it has brought you, your priorities, and where it will probably take you if you stay the course. *TRIORITIES* will help you to consider if there might be a better way to live. *TRIORITIES* is about a life of focus, a life of balance, and a life that you endeavor to live well and enjoy along the way. Are you running from one task to the next but not enjoying any of it? Are you climbing ladders only to find the view from the top less than appealing? Then I challenge you to take a break from the treadmill of life to look at your life, your choices, your

track record, and ultimately your future. Ask yourself; am I who I want to be? Am I all that God intended for me to be? Have I tried to be too many things, and failed to master any of them? If that simple evaluation brings you to a point of realization that maybe there might be a better way to do things then just maybe this is a plan for you to consider. TRIORITIES involves simple logic that challenges you to take a three step process to evaluate life, develop a plan to become what you want to become, and then, implement that plan in your life. Consider the value of simplicity in setting priorities in a complex world. Consider simplicity from a standpoint of being focused on three areas of life that we truly need to properly invest ourselves in, and manage accordingly. The three priorities of the TRIORITIES lifestyle are God, Family and Work.

Monday Messages Rita Walkden,

Everybody Matters Bob Chapman, Raj Sisodia, 2015-10-06 "Bob Chapman, CEO of the \$1.7 billion manufacturing company Barry-Wehmiller, is on a mission to change the way businesses treat their employees." - Inc. Magazine Starting in 1997, Bob Chapman and Barry-Wehmiller have pioneered a dramatically different approach to leadership that creates off-the-charts morale, loyalty, creativity, and business performance. The company utterly rejects the idea that employees are simply functions, to be moved around, managed with carrots and sticks, or discarded at will. Instead, Barry-Wehmiller manifests the

reality that every single person matters, just like in a family. That's not a cliché on a mission statement; it's the bedrock of the company's success. During tough times a family pulls together, makes sacrifices together, and endures short-term pain together. If a parent loses his or her job, a family doesn't lay off one of the kids. That's the approach Barry-Wehmiller took when the Great Recession caused revenue to plunge for more than a year. Instead of mass layoffs, they found creative and caring ways to cut costs, such as asking team members to take a month of unpaid leave. As a result, Barry-Wehmiller emerged from the downturn with higher employee morale than ever before. It's natural to be skeptical when you first hear about this approach. Every time Barry-Wehmiller acquires a company that relied on traditional management practices, the new team members are skeptical too. But they soon learn what it's like to work at an exceptional workplace where the goal is for everyone to feel trusted and cared for—and where it's expected that they will justify that trust by caring for each other and putting the common good first. Chapman and coauthor Raj Sisodia show how any organization can reject the traumatic consequences of rolling layoffs, dehumanizing rules, and hypercompetitive cultures. Once you stop treating people like functions or costs, disengaged workers begin to share their gifts and talents toward a shared future. Uninspired workers stop feeling that their jobs have no meaning. Frustrated workers stop taking their bad days out on their spouses and kids. And everyone stops counting the minutes until it's time to go home. This book chronicles Chapman's journey to find his true calling, going behind the scenes as his team tackles real-world challenges with caring, empathy, and inspiration. It also provides clear steps to transform your own workplace, whether you lead two people or two hundred thousand. While the Barry-Wehmiller way isn't easy, it is simple. As the authors put it: Everyone wants to do better. Trust them. Leaders are everywhere. Find them. People achieve good things, big and small, every day. Celebrate them. Some people wish things were different. Listen to them. Everybody matters. Show them.

The Principle Centered Life Wil Watson, 2008 Footsteps in the Rearview is an anthology filled with the typical manifestations of life's issues centered around love and hate, seeking what you are fleeing, supplication to those who would deny, acceptance instead of rejection. The Power of Good News Hal Urban, 2021-05-11 "Full of wonderful stories of human resilience . . . and easy ways for you to boost not only your own mood but the mood of every person you meet. " —Ken Blanchard, #1 New York Times-bestselling coauthor of *The One Minute Manager®* The media's bias toward stories of conflict, violence, and division is bad for your health. Hal Urban shows how to find the positive and uplifting all around us. What we eat greatly impacts our physical health.

Hal Urban says that we can nourish our minds just like we nourish our bodies by choosing what information we consume. Urban explains why, due to neuroscience as much as economics, the media—left, right, and center—focuses mostly on negative stories. And he describes the psychological toll this takes on our mental health. But he’s not suggesting we ignore these stories, just that we vary our diets. We can find countless signs of progress and acts of kindness all around the world if we know where to look. And there are positive aspects in our own lives—family, friends, beauty, generosity, and progress—that we take for granted. Offering techniques he road tested as a teacher for thirty-six years, Urban helps readers become a conscious consumer of information, balancing sources like food groups. If, as the late Zig Ziglar put it, “you are what you are . . . because of what has gone into your mind,” then it’s in our best interest to choose positive, healthy, and uplifting input whenever possible. Urban shows how to do this with open eyes and an open heart. “Blending storytelling and research, humor and deep analysis, Hal Urban provides us an accessible and valuable treasure.” —Tal Ben-Shahar, PhD, cofounder of the Happiness Studies Academy
