Mango Constance L. Kirker, Mary Newman, 2024-08-12 From smoothies to folklore, a global history of the many incarnations of the mango. This beautifully illustrated book takes us on a tour through the rich world of mangoes, which inspire fervent devotion across the world. In South Asia, mangoes boast a history steeped in Hindu and Buddhist mythology, even earning a mention in the Kama Sutra. Beyond myth, the authors show us that mangoes hold literary significance as a potent metaphor. While mango-flavored smoothies grace Western grocery shelves, the true essence of sweet, juicy mangoes or tangy, unripe varieties is a rarity: supermarket offerings often prioritize shelf-life over taste. This book offers an accessible introduction to the world of true mango aficionados and the thousand varieties they cherish.

The Other Country Mrinal Pande, 2011-01-01 The Other Country brings together a wide-ranging selection of essays by Mrinal Pande; one of India's most respected journalists. Through chronicle; anecdote and hard-hitting reportage; Mrinal traces the many; ever-widening fault lines between Bharat and shining India; the small town and the metropolis. Mrinal describes the Great Language Divide between Hindi and English; traces its origin; the role globalization has had in its spread; and the effect of this divide on contemporary literature and media. She vividly describes the anti-outsider movement in Mumbai and analyses the role that inequitable development; and the lack of opportunities in villages and small towns; has played in it. Mrinal tells the story of Prabha Devi of Tehri; Uttarakhand; who picked up scissors and comb to become village barber in the face of opposition and thus came to represent the enormous change in attitudes and stances that are now sweeping Indian society everywhere. And through a hilarious profile of the Mineral Water Baba of Faridabad; who can heal any ailment with a sealed bottle of mineral water; she analyses one of the big issues facing India's villages and metropolises: its water-management systems.

Sindh Revisited Christopher Ondaatje, 1996 Sindh Revisited is the remarkable story of the author's fascination with the early life of Sir Richard Francis Burton (1821-1890). It is the story of an incredible journey, too - deep into the heart of British India, and the India and Sindh of today. Christopher Ondaatje's Sindh Revisited is the extraordinarily sensitive account of the author's quest to uncover the secrets of the seven years Richard Burton spent in India in the army of the East India Company from 1842 to 1849. If I wanted to fill the gap in my understanding of Richard Burton, I would have to do something that had never been done before: follow in his footsteps in India.... The journey covered thousands of miles - trekking across deserts where ancient tribes meet modern civilization in the valley of the mighty Indus River. What was it that Burton discovered in India? What was it that changed him from a rebellious, wayward youth into a man of courage, imagination, wisdom and personal power? Through this unique book and the journey it describes, we come nearer than ever before to understanding the mystery of Richard Burton and the devils that drove him.

In the Shadow of Partition Nalini Iyer,Debali Mookerjea-Leonard,2024-12-02 This book brings together conversations about the Partition and its haunting residues in the present as represented in literary, visual, oral, and material cultures of the subcontinent and beyond. The seventy-fifth anniversary of Partition confronts scholars with significantly new subjects for reflection. The question of historical memory has now largely transformed to one of its reproductions through mass politics and mass media and, perhaps, professional academic inquiry, while the very meaning or value of Independence is in crisis. This edited volume includes chapters on representations of partition experiences and the re-drawing of the subcontinent's political map. While the impact of the partition of the Punjab has been the focus of much scholarly studies in the past, and Bengal to a smaller extent, this collection extends the examination of the impact of this political event elsewhere in other communities in the subcontinent, and across other differentials. This book will be of interest to students, scholars and researchers of Indian history, Partition studies, literature, popular culture and performance, postcolonial studies, and South Asian studies. The chapters in this book were originally published as a special issue of South Asian Review.

Insights into Sufism Ruth J. Nicholls,Peter G. Riddell,2020-07-31 Sufism has long constituted one of the most powerful drawcards to people embracing Islam. This book considers a broad range of questions relating to Sufism, including its history, manifestations in various countries and communities, its expression in poetry, women and Sufism, and expressions among popular spirituality. In addition, the volume challenges the long-held view of Sufism as being necessarily peaceful, through a consideration in one paper of Sufis engaging in violent Jihad. The book works at the interface between the scholarly and the practical, using rigorous methodology to ensure that its findings are reliable, while also giving attention to how Sufi thinking impacts the daily lives of Sufis. This represents an original and important dimension of this study, given the significant role played by Sufis throughout Islamic history in enriching discussion of intellectual and charismatic questions, as well as informing popular practice among "Folk" Muslims.

Islamic Aesthetics Oliver Leaman,2004 Leaman criticizes the influence of Sufism on Islamic aesthetics and contends that it is generally misleading regarding both the nature of Islam and artistic expression.
